INDEPENDENT AUDITORS' REPORT

October 10, 2017

Plan Administrator
US Manufacturing Corporation 401(k) Union Plan
28201 Van Dyke Ave
Warren, Michigan 48093

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the *US Manufacturing Corporation 401(k) Union Plan* (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on the 2016 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by Newport Trust Company, formerly known as Verisight Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2016 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and notes receivable from participants, and executes the related transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2016 financial statements.

Supplemental Schedule

The December 31, 2016 supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

2015 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, we understand that the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Verisight Trust Company, the trustee of the Plan. Their report, dated July 27, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *US Manufacturing Corporation 401(k) Union Plan* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of *US Manufacturing Corporation* (the “Company”) who are represented by UAW Local 155 and have completed 90 days (120 days prior to January 1, 2016) of service. Employees enter the Plan on the first day of the calendar quarter following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective March 1, 2017 the Company was sold to an unrelated third-party and the Company name was changed to Warren Manufacturing, LLC.

Contributions

Each year participants may contribute any amount up to the maximum amount allowed by law, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants, whose contributions are invested in a designated balanced fund until changed by the participant, make contributions in accordance with the following schedule:

Years of Service	Percentage
Less than three	3%
Three but less than four	4%
Four but less than five	5%
Five or more	6%

The Company makes safe harbor matching contributions equal to 100% of each participant’s contributions up to 1% of eligible compensation, plus 50% of each participant’s contributions between 1% and 6% of the participant’s compensation. The Company, at its discretion, may also make an additional profit sharing contribution to the Plan. Participants must be employed on the last day of the Plan year to receive profit sharing contributions. No such profit sharing contributions were made in 2016 or 2015. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value common collective trust. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions and an allocation of (a) the Company's profit sharing contribution (when made), (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses, if any. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company profit sharing contributions is based on years of continuous service. A participant vests 20% in each of the first five years of credited service, becoming 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The \$50,000 maximum is reduced by the excess of the highest outstanding loan balance during the one year period preceding the loan date over the outstanding loan balance on the date of the loan. No more than one loan may be outstanding at a time. Loans must be repaid within five years, unless the loan is used to purchase a primary residence, in which case the maximum term is 15 years. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 4.75%, which is equal to 1% over the prime rate at the time of loan origination. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. If the participant's account balance is \$5,000 or less, payment will be made in an immediate lump-sum without the participant's consent.

In-service withdrawals of vested balances may be elected by participants who have reached 59 ½ years of age. The Plan also permits withdrawals of active participants' vested balances, only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts

Forfeited nonvested accounts are first allocated to Plan expenses and then allocated among the accounts of participants in the same manner as Company profit sharing contributions. Forfeitures and related account balances were immaterial as of and for the years ended December 31, 2016 and 2015.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan agreement. Certain administrative expenses, including an allocation of salaries related to Plan administration, and audit and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial, record keeping, and investment advisory services are paid by the Plan. Participants are also charged directly for loan fees and fees related to certain distribution types.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds, and the stable value common collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of such investments.

US MANUFACTURING CORPORATION 401(K) UNION PLAN

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a deemed distribution is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become the obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Reclassifications

Certain amounts as reported in the 2015 financial statements have been reclassified to conform with the 2016 presentation.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2016, the most recent statement of net assets available for benefits presented herein, through October 10, 2017, the date these financial statements were available to be issued. No such significant events or transactions were identified other than the matter disclosed in Note 1.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Company ("Newport") as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, (2) the December 31, 2016, schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2016 and 2015. Newport has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2016 and 2015.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in markets that are not active;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust are classified as "other" and are not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12 month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

US MANUFACTURING CORPORATION 401(K) UNION PLAN

NOTES TO FINANCIAL STATEMENTS

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's Investment Committee believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31:

2016	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 6,618,729	\$ -	\$ -	\$ -	\$ 6,618,729
Stable value common collective trust	-	-	-	2,293,056	2,293,056
Total investments at fair value	<u>\$6,618,729</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,293,056</u>	<u>\$ 8,911,785</u>

2015	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 5,738,015	\$ -	\$ -	\$ -	\$ 5,738,015
Stable value common collective trust	-	-	-	1,624,466	1,624,466
Total investments at fair value	<u>\$5,738,015</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,624,466</u>	<u>\$ 7,362,481</u>

(1) Certain investments are measured at NAV per share (or its equivalent) on a market that is not active and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets between levels for the years ended December 31, 2016 and 2015.

US MANUFACTURING CORPORATION 401(K) UNION PLAN

NOTES TO FINANCIAL STATEMENTS

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	2016			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

Stable value common collective trust	\$ 2,293,056	\$ -	Daily	None
---	--------------	------	-------	------

Investment Type	2015			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

Stable value common collective trust	\$ 1,624,466	\$ -	Daily	None
---	--------------	------	-------	------

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Newport is the trustee and Retirement Funding Advisors, Inc. is the investment advisor of the Plan and, therefore, related transactions qualify as party-in-interest. Fees paid by the Plan for the custodial, record keeping, and investment advisory services amounted to \$36,870 and \$32,557 for 2016 and 2015, respectively. Fees paid by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

5. TAX STATUS

The Company's Board of Directors adopted the Newport Retirement Services, Inc. Defined Contribution Volume Submitter Plan and Trust document. The prototype plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTES TO FINANCIAL STATEMENTS

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits reported in these financial statements to the amounts reported on Schedule H of the Form 5500 at December 31, 2015:

Net assets available for benefits reported in these financial statements	\$ 7,962,967
Contributions receivable not shown on Form 5500	<u>(43,670)</u>
Net assets available for benefits reported on Schedule H of Form 5500	<u>\$ 7,919,297</u>

The following is a reconciliation of the net increase in assets in these financial statements to the amounts reported on Schedule H of Form 5500 for the years ended December 31:

	2016	2015
Net increase in assets reported in these financial statements	\$ 1,540,729	\$ 1,174,260
