## **Note 1 - Description of Plan**

The following brief description of the Atlas Hydraulics Inc. 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### **General**

The Plan is a defined contribution plan, which includes employees of Atlas Hydraulics Inc., and related employers, Pace Manufacturing, Inc. and Fleetwood Metal Industries, Inc., jointly referred to as the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2016 Fleetwood Metal Industries, Inc. was sold and is no longer a participating employer. The participant balances for the Fleetwood Metal Industries, Inc. employees were transferred to the Fleetwood Metal Industries Corporation Retirement Savings Plan on December 1, 2016.

### **Eligibility**

Employees are eligible to participate in the Plan and also share in the allocation of the employer safe harbor matching contribution if they have completed 90 days of service and are 18 years of age.

### **Entry Date**

Employees may enter the Plan on the first day of the plan quarter coinciding with or next following the date they satisfy the Plan's eligibility requirements.

### **Contributions**

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Effective January 1, 2010, the Plan adopted an amendment to become a safe harbor 401(k) plan. In order to maintain "safe harbor" status, the Plan Sponsor will make a safe harbor matching contribution equal to 100% of a participant's salary deferrals that do not exceed 3% of their compensation plus 50% of the participant's salary deferral between 3% and 5% of their compensation. For purposes of calculating the safe harbor matching contributions, deferrals and matching contributions will be computed and remitted for each payroll period.

### **Participant Accounts**

Each participant's account is credited with the participant's contribution and the Company's safe harbor matching contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **Investment Options**

Upon enrollment in the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

### **Vesting**

Participants are vested immediately in their contributions, plus actual earnings thereon. The safe harbor matching contribution is 100% vested for all participants.

### **Notes Receivable from Participants**

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the loan will be 15 years. A participant may have no more than one outstanding loan at any one time.

### **Payment of Benefits**

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Effective January 1, 2017 the plan was amended to allow any terminated participants with a balance between \$1,000 and \$5,000 to be automatically paid out upon termination if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 1/2 or for hardship as defined in the Plan document.

### **Death Benefits**

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

### **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

## **Note 2 - Significant Accounting Policies**

### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

### **Use of Estimates**

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan document.

### **Payments of Benefits**

Benefit payments to participants are recorded upon distribution.

### **Administrative Expenses**

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

### Subsequent Events

The Plan sponsor has evaluated subsequent events through October 10, 2017, the date which the financial statements were available to be issued.

### Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds (including money market mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the plan are deemed to be actively traded.

Common Collective Fund – Valued at carrying value based on the NAV of the observable market prices of the underlying assets within that account less liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

|                            | 2016                |                  |             |                     |

#### Transfers Between Levels

For the years ended December 31, 2016 and 2015, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

The following table sets forth the disclosure for the fair value measurement of investments in certain entities that calculate NAV per share as of December 31, 2016 and 2015:

|                         | Fair Value<br>December 31,<br>2016 | Fair Value<br>December 31,<br>2015 | Unfunded<br>Commitments | Redemption<br>Commitments | Redemption<br>Notice period |
|-------------------------|------------------------------------|------------------------------------|-------------------------|---------------------------|-----------------------------|
| Common collective funds |                                    |                                    |                         |                           |                             |
| Stable value fund       | \$ 81,088                          | \$ -                               | \$ -                    | Daily                     | Daily                       |

The stable value fund's objective is to protect principal while providing a higher rate of return than shorter maturity investments such as money market funds or certificates of deposit. To achieve this, the fund invests in a fixed-income security portfolio of fixed-income securities and a value guarantee (wrapper) provided by a third party.

#### Note 4 - Information Certified by the Plan Custodian

The Plan administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by EMJAY Corporation, a subsidiary of Great-West Life & Annuity Insurance Company.

The Plan custodian has certified its statement of accounts as of December 31, 2016 and 2015, and for the year ended December 31, 2016. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and detail of all transactions during the period, including investment earnings and interest income on notes receivable from participants.

#### **Note 5 - Tax Status**

The Plan uses a pre-approved plan document sponsored by EMJAY Retirement Plan Services, Inc., which received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. During the Plan year, the Plan had certain operational issue occur. In order to prevent the Plan from incurring a qualification defect, the Plan's sponsor will take the necessary corrective action in accordance with the acceptable correction methods of the Employee Plans Compliance Resolution System (EPCRS). The Plan sponsor is in the process of taking necessary corrective steps. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

#### **Note 6 - Related Party and Party-in-Interest Transactions**

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

#### **Note 7 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

#### **Note 8 - Plan Amendments**

Effective January 1, 2017 the plan was amended to remove Fleetwood Metal Industries as a participating employer and increase the mandatory distribution limit to \$5,000.

**Note 9 - Transfer to the Fleetwood Metal Industries Retirement Savings Plan**

In 2016, the Company sold its subsidiary Fleetwood Metal Industries. As a result of its sale, on December 1, 2016 the accounts of all Fleetwood Metal Industries employees were transferred out of the Plan to the Fleetwood Metal Industries Retirement Savings Plan.

**Note 10 - Reconciliation of Financial statements to Form 5500**
