Carpetland, Inc. 401k Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Carpetland, Inc. (the Company) 401k Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of the Company and FA Ohio, d/b/a Buddy's Flooring America, who have attained age 21 and have one year of service. Under this type of plan, participants may choose to reduce their compensation and have these amounts contributed to their account. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

The Plan Administrator is responsible for the oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Change in Trustee: Effective July 1, 2016, the Plan changed its trustee from the State Street Bank and Trust to Reliance Trust Company (Reliance). Effective December 1, 2016, the Plan changed its trustee from Reliance Trust Company to Fifth Third Bank (Fifth Third) and its record-keeper from ADP, Inc. (ADP) to Fifth Third. The transfer of Plan assets occurred on December 1, 2016. At that time, the Plan adopted a prototype plan sponsored by Fifth Third.

Contributions: Each year, participants may contribute up to 50 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct 100 percent of the investment of their contributions and the employer's contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

The Company's matching contribution equals 20 percent of the first 8 percent of participant compensation deferred. Matching contributions are determined each payroll period.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service as defined by the Plan. A participant is 100 percent vested after six years of credited service or attaining the early retirement age of 59½. A participant also becomes 100 percent vested if employment is terminated due to death or disability.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$500 up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 2 percent above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions. Interest rates on participant loans ranged from 5.25% to 5.50% at December 31, 2016 and 2015.

Carpetland, Inc. 401k Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: On termination of service due to death, disability, termination or retirement, a participant may elect a lump-sum amount equal to the value of the participant's vested interest in his or her account or elect to roll over the balance to an individual retirement account or another employer's tax qualified plan. In-service distributions are permitted once a participant has attained age 59½. Upon proof, to the satisfaction of the Plan Administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose.

Forfeitures: Forfeitures under the Plan are used to reinstate forfeited account balances of former participants, with the remaining amounts used to either pay administrative expenses or reduce any employer contribution. At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$685 and \$234, respectively. During 2016, employer contributions were not reduced from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP) in accordance with the Financial Accounting Standard Board (FASB) Accounting Standards Codification.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Any capital gains or losses are included in net appreciation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 corrective distributions to the applicable participants prior to March 15, 2017.

Payments of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent events: The Plan has evaluated subsequent events through October 6, 2017, the date the financial statements were available to be issued.

Note 3. Certified Information

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of and for the year ended December 31, 2016, was prepared or derived from information provided by the current trustee, Fifth Third Bank and the former trustees, State Street Bank and Trust Company and Reliance Trust Company, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the current and former trustees that the information provided to the Plan Administrator by the current and former trustees related to these plan assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the Plan's assets.

The trustees certified to the completeness and accuracy of \$156,800 of net appreciation in fair value of investments and \$221,207 of interest and dividends related to investments for the years ended December 31, 2016. The trustees also certified \$9,338 in interest income from notes receivable from participants for the year ended December 31, 2016.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 5. Party-in-Interest Transactions

From January 1, 2016 to June 30, 2016, certain Plan investments were shares of a collective trust fund managed by State Street, the former trustee of the Plan. These transaction qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments. Fees paid by the Plan for recordkeeping services amounted to \$1,100 for the year ended December 31, 2016. These transactions are exempt from the prohibited transaction rules under ERISA.

Note 6. Tax Status

Effective December 1, 2016, the Plan adopted a standardized form of a prototype plan sponsored by Fifth Third Bank. The prototype plan has received an opinion letter dated March 31, 2014, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 6. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax position taken by the Plan and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years prior to 2013.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 8. Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,313,059	\$ -	\$ -	\$ 6,313,059
Investments measured at NAV ^(a)				485,422
Total investment, at fair value				\$ 6,798,481
December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,565,004	\$ -	\$ -	\$ 5,565,004
Investments measured at NAV ^(a)				418,262
Total investment, at fair value				\$ 5,983,266

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 8. Fair Value Measurements (Continued)

Plan management evaluates the significance of transfers between levels upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended 2016 and 2015, there were no significant transfers in or out of Levels 1, 2 or 3.

The following table summarizes investments at fair value based on NAV per share as of December 31:

	2016 Fair Value	2015 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
