CoverMyMeds 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the CoverMyMeds 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a 401(k) profit sharing plan covering employees of CoverMyMeds, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may make voluntary elective 401(k) and Roth contributions of their eligible compensation, as defined, subject to the maximum permitted by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, the Plan allows for discretionary Company matching contributions. Matching contributions were equal to 100% of the participant's voluntary 401(k) and Roth contributions up to 4% of compensation, as defined. Contributions are subject to certain IRS limitations.

Participant accounts: A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary 401(k) and Roth contributions, rollover contributions, and Plan earnings or losses on those contributions, plus the Company's matching contribution and earnings or losses thereon. Plan earnings are allocated daily based on each participant's balance within each investment option. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting: Participants are immediately vested in their voluntary 401(k) and Roth contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant becomes 100 percent vested after three years of credited service.

Notes receivable from participants: The Plan allows participants to borrow money within certain limits from their individual accounts. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Upon termination of service, a participant may elect to receive distributions as a lump-sum distribution equal to his or her vested account balance. If the participant's vested account balance is less than \$5,000, the Plan Administrator may make an automatic rollover of the account balance to a qualified individual retirement account. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan Administrator under certain hardship conditions.

Forfeited accounts: Forfeitures of nonvested Company contributions are used to reduce employer contributions or administrative expense under the Plan, if any. No forfeitures were used during the year ended December 31, 2016. Unapplied forfeitures were \$18,307 and \$18,425 as of December 31, 2016 and 2015, respectively.

CoverMyMeds 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value as reported by Ascensus Trust Company at December 31, 2016 and 2015. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administration determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefit payments are recorded when paid.

Administrative expenses: Expenses of the Plan are paid by the Company or the Plan, at the discretion of the Company.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 10, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified by Ascensus Trust Company

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015 and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets are complete and accurate.

CoverMyMeds 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by Ascensus Trust Company (Continued)

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2016	2015
Mutual funds	\$ 8,079,045	\$ 3,654,989
Money market accounts	\$ 127,787	\$ 41,309
Notes receivable from participants	\$ 39,322	\$ 36,398

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2016:

Interest and dividends	\$ 133,773
Net appreciation in fair value of investments	\$ 477,368
Interest income on notes receivable from participants	\$ 1,408

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CoverMyMeds 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market accounts: Valued at cost which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,079,045	\$ -	\$ -	\$ 8,079,045
Money market accounts	127,787	-	-	127,787
Investments, at fair value	\$ 8,206,832	\$ -	\$ -	\$ 8,206,832

2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,654,989	\$ -	\$ -	\$ 3,654,989
Money market accounts	41,309	-	-	41,309
Investments, at fair value	\$ 3,696,298	\$ -	\$ -	\$ 3,696,298

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the year ended December 31, 2016, there were no transfers in or out of Levels 1, 2, or 3.

Note 5. Tax Status

Effective January 1, 2016, the Plan adopted a non-standardized form of a prototype plan sponsored by Ascensus, Inc. The prototype plan has obtained a favorable opinion letter dated March 31, 2014. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore is exempt from income taxes. No provision for income taxes has been included in the Plan's financial statements. Between July 1, 2015 and January 1, 2016, the Plan adopted a non-standardized form of a prototype plan sponsored by Ascensus, Inc., which obtained a favorable opinion letter also dated March 31, 2014. Prior to July 1, 2015, the Plan adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company, which obtained a favorable opinion letter also dated March 31, 2014.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Party-In-Interest Transactions

Ascensus Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The administrative fees paid to Ascensus Trust Company and its affiliates amounted to \$32,288 for the year ended December 31, 2016.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Prohibited Transactions

During the years ended December 31, 2015 and 2014, the plan sponsor failed to deposit a total of approximately \$633,000 of participant deferrals within the required time frame as prescribed by the United States Department of Labor (DOL). The DOL considers the late deposits to be prohibited non-exempt transactions. For the late deposits, the plan sponsor filed IRS Form 5330 and paid the applicable excise taxes from its assets and not from the assets of the Plan. The Plan remitted lost earnings on these late contributions in the amount of approximately \$600 during the year ended December 31, 2016.
