1. PLAN DESCRIPTION:

The following description of the Wright Business Forms, Inc. (Company) Employees' Qualified Savings and Investment Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General Descriptions and Contributions

The Plan is a qualified savings and investment plan (defined contribution) under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended. The Plan became effective on April 1, 1986, and was amended and restated October 2015. The plan entry date is the first payroll period following the date the participant meets plan eligibility requirements. Contributions to the Plan consist of:

1) Participants may contribute a minimum of 1% of eligible compensation (as defined in the Plan), not to exceed statutory limitations. The plan allows Roth and pre-tax contributions.

2) Employer nondiscretionary matching contributions of 50% of each participant's eligible contributions with a maximum matching contribution of 3% of the participant's eligible compensation.

3) Discretionary non-elective contributions (profit sharing) up to 2% of eligible compensation by employer.

Eligible compensation is defined by the plan document and generally includes all wages paid, including elective deferrals and excludes taxable fringe benefits and severance pay.

Participants may also contribute amounts representing distributions from other qualified plans (Rollovers). The plan is subject to provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended.

B. Participant Accounts

All participant accounts are participant directed for investment purposes. Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

C. Eligibility and Vesting

An eligible employee is defined as “an employee who is not included in a unit of employees covered by a collective bargaining agreement with the employer pursuant to which retirement benefits were the subject of good faith bargaining.” An employee is eligible to participate in the Plan if he/she meets the following requirements:

1) is at least 21 years old, and
2) has been an employee for at least six consecutive months; amended September 2015 to 90 days

Employees who meet eligibility requirements are automatically enrolled in the plan with a 3% deferral to an age appropriate Target Retirement Fund. This deferral percentage increases by 1% annually until it reaches 6% for those enrolled automatically. A participant may opt-out of this automatic deferral.

All participants are 100% vested in employee elective deferrals and rollovers. Participants are also 100% vested upon death, disability or attainment of age 65. Participants eligible for the plan prior to October 1, 2013 are 100% vested in their matching contributions. Participants becoming eligible for the plan subsequent to September 30, 2013 are subject to the same vesting schedule as the profit sharing contributions. The vesting schedule is as follows:

Years of Service	Vested Percentage
less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

D. Notes Receivable from Participants

The Plan allows participants to borrow from their accounts for the purchase of a primary residence or upon demonstration of immediate and heavy financial need. The minimum loan amount is $1,000 and the maximum for all loans in aggregate is the lesser of $50,000 or 50% of the present value of the participant’s vested account balance. Loans to participants are treated as a transfer from the investment fund to the loan fund. Repayments are treated as a transfer from the loan fund to the investment fund. Loans are repayable through a payroll deduction over a period of 120 months if related to the purchase of a primary residence and 60 months for any other loan. Loans are secured by the vested interest in the participant’s account. The interest rate is set at the prime lending rate and fixed over the life of each of the respective loans. The interest rate on all participant loans range from 3.25% to 3.5% at December 31, 2016. At December 31, 2015 the interest rate on all loans was 3.25%.

E. Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant may receive either a lump-sum amount equal to the value of the participant’s vested interest or annual installments over life expectancy. Lump sum distributions will be made for vested interests of less than $5,000.

Distributions are allowed in the event of:

- Termination of employment
- Disability
- Death
- Retirement
- Age 59½

Distributions are recorded when paid.

F. Forfeitures

Forfeitures, if any, shall be first used to reduce Employer contributions; second, any remaining forfeitures shall be used to offset the Employer's Plan administration costs; and third, any remaining forfeitures shall be allocated to participants. At December 31, 2016 and 2015, forfeited nonvested amounts totaled $15,989 and $18,522, respectively. The timing of the use of forfeitures is at the discretion of the Plan administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Basis of Accounting

The Plan uses the accrual method of accounting with an adjustment to market value for listed securities.

B. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

E. Payment of Benefits

Benefits are recorded when paid.

F. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

G. Date of Management's Review

Subsequent events were evaluated through the date of the attached report, which is the date the financial statements were available to be issued.

3. ACCOUNTING PRINCIPLE CHANGE:

In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early. Accordingly, the amendments were retrospectively applied resulting in no adjustment or effect on the financial statements. Parts I and III are not applicable to this Plan.

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees:

	2016	2015
Mutual fund investments in registered investment companies, at fair value (participant directed)	$ 11,866,092	$ 11,783,459
Interest bearing cash	$ 681,946	$ 330,503
Notes receivable from participants	$ 178,696	$ 230,473
Investment income (loss)	$ 869,719	$(106,501)
Interest income participant notes receivable	$ 6,150	$ 6,572

5. FAIR VALUE MEASUREMENTS:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value	
	Total	(Level 1)
December 31, 2016

6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrators of $56,197 and $57,328 for the years ended December 31, 2016 and 2015, respectively, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

8. TAX STATUS:

The Internal Revenue Service has informed Fidelity Management Trust Company by advisory letter that the Fidelity Volume Submitter Plan (as amended) is designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
