INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
Dinsmore & Shohl LLP Cash Balance Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the Dinsmore & Shohl LLP Cash Balance Plan, which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2016, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

1. PLAN DESCRIPTION:

The following is a brief description of the Dinsmore & Shohl LLP Cash Balance Plan (the Plan) which was established on January 1, 2016. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a cash balance defined benefit plan providing retirement, disability, and death benefits to all eligible partners. The Plan sponsor is Dinsmore & Shohl LLP (the Firm) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan includes all Partners who are actively providing service to the Firm as of November 17, 2016. Thereafter, partners are eligible to participate in the Plan on January 1 or July 1 after the later of completing one year of service or the date he or she becomes a Partner.

The Plan is administered by the Firm's Fringe Benefits Committee (the Committee), which is a committee of the Board of Directors of the Firm. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Firm's Board of Directors.

Participant's accounts

Under the Plan provisions, amounts are credited by the Firm to the participants' Cash Balance Account in three subaccounts, the Basic Account, the Maximum Account and the Preservation Account. The Basic Account is equal to the sum of the Participant's Cash Balance Credits and Basic Earnings Credits. The Maximum Account is equal to the sum of the Participant's Cash Balance Credits and Maximum Earnings Credits. The Preservation Account is equal to the sum of the Participant's Cash Balance Credits. At any Annuity Starting Date, a Participant's Cash Balance Account shall not be greater than the Maximum Account. At any Annuity Starting Date, other than the one attributed to an in-service distribution, a Participant's Cash Balance Account shall not be less than the Preservation Account.

Participants' accounts are allocated Cash Balance Credits at the end of each plan year. The Cash Balance Credit for a plan year is equal to \$1,600 multiplied by the Partner Points in excess of 30, as adjusted in accordance with the plan document. In no event shall the Cash Balance Credit for a plan year be less than \$1,000 or greater than the maximum Cash Balance Credit as stated in the plan document.

Participants' accounts also receive earnings credits. Earnings credits are allocated to participants' accounts at the end of each day beginning April 1, 2017. The Basic Earnings Credit is based on the rate of return on the investment portfolio in which the fund assets are invested. The Basic Earnings is determined by applying the Rate of Return to the Basic Account as of the beginning of the day. The Maximum Earnings Credit shall be the amount determined by applying an 8% annual rate of return, compounded daily, to the Participants' Maximum Account as of the beginning of the day.

Vesting

Participants are 100% vested in their Cash Balance Account at all times.

Funding policy

The Plan's funding policy is for the Firm to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. A contribution of \$1,888,992 was made for the 2016 plan year.

The Firm's contribution for 2016 exceeded the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Pension benefits

Benefits are determined based on the participant's Cash Balance Account. Plan participants are eligible for their plan benefit after attainment of normal retirement age, or upon termination of employment. A spouse or other named beneficiary of an active or terminated Participant is eligible for a benefit upon the Participant's death prior to benefit commencement. Benefit payments are made in the form of a lump sum payment equity to the participant's Cash Balance Account, or its actuarial equivalent if payment is made in a form other than a lump sum payment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following is a brief description of the significant accounting policies of the Plan.

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Payment of benefits

Benefit payments are recorded when paid to participants.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Firm and are excluded from these financial statements.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS:

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the plan are accumulated based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances –

retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of January 1, 2016 were:

- (a) life expectancy of participants – IRS 2016 Static Mortality Table with separate tables for annuitants and non-annuitants, as prescribed by Treasury regulation section 1.430(h)(3)-1(b),
- (b) retirement age – normal retirement on the first of the month next following the month a participant attains age 62 and
- (c) interest crediting rate of 4%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2016. Had the valuations been performed as of December 31, 2016, there would be no material differences.

A summary of the information relative to the actuarial present value of accumulated plan benefits as of January 1, 2016 is presented as follows:

	<u>January 1, 2016</u>
Accumulated plan benefits:	
Vested benefits – other participants	\$ <u>1,888,960</u>
Total actuarial present value of accumulated plan benefits	\$ <u>1,888,960</u>

Changes in the actuarial present value of accumulated plan benefits for the year ended December 31, 2016 are summarized below:

Actuarial present value of accumulated plan benefits, beginning of year, January 1, 2016	\$ -
Increase attributable to:	
Benefits accumulated	<u>1,888,960</u>
Actuarial present value of accumulated plan benefits as of end of year	\$ <u>1,888,960</u>

4. PLAN TERMINATION:

While the Firm has not expressed any intent to discontinue its contributions, it is free to do so at any time, subject to penalties set forth by ERISA. In the event such discontinuance results in the termination of the Plan, the Plan provides that the net assets of the Plan shall be allocated among the participants and beneficiaries of the Plan in order provided for by ERISA, and any amounts remaining after said allocation will be returned to the Firm. To the extent unfunded vested benefits exists, ERISA provides that such benefits are payable by the PBGC to participants, up to specified limitations, as described in ERISA.

The Firm intends to continue the Plan indefinitely for the benefit of the participants but reserves the right to terminate the Plan at any time by resolution of its Board of Directors. In the event the Plan is terminated, Plan assets are distributed to participants in accordance with the Plan agreement.

5. RISKS AND UNCERTAINTIES:

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

6. TAX STATUS OF THE PLAN:

The Plan has applied for a determination letter in April 2017 but has not yet received a response. The plan administrator believes that the Plan currently is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan Sponsor Elections

Yield curve election: The plan sponsor did not elect to use the full yield curve under IRC section 430(h)(2)(D)(ii).

Applicable month: The plan sponsor elected to base the segment rates on the rates published in the month containing the valuation date.

Economic Assumptions

First segment rate (years 0 to 4):	4.43%
Second segment rate (years 5 to 19):	5.91%
Third segment rate (years 20 and after):	6.65%
Effective interest rate (current year):	5.82%
First segment rate (years 0 to 4), without stabilization:	1.41%
Second segment rate (years 5 to 19), without stabilization:	3.96%
Third segment rate (years 20 and after), without stabilization:	4.97%
Effective interest rate, without stabilization (current year):	3.84%
Interest crediting rate:	4.00%

The interest rates listed above are compounded annually.

The cash balance interest crediting rate is equal to the rate of return on plan assets, subject to cumulative minimum and maximum interest crediting rates. Accordingly, the assets needed to provide future cash balance benefits are independent of interest rates and only dependent on the plan's asset allocation to the extent that the cumulative minimum or maximum interest rates affect the cash balance accounts. This plan provision is difficult to measure using traditional deterministic valuation procedures. To account for this plan provision, the interest crediting rate was selected from a reasonable range based on the plan's asset allocation that when combined with the segment interest rates produced a funding target that was as close as possible to the economic value of the cash balance accounts.

Dinsmore & Shohl LLP Cash Balance Plan

EIN / PN 31-0263070 / 004

Schedule SB, Part V - Statement of Actuarial Assumptions and Methods

Demographic Assumptions

Weighted average retirement age

The weighted average retirement age rounded to the nearest whole age is 62.

Retirement

100% of employees are assumed to retire at the later of age 62 or one year from the valuation date.

Withdrawal

None.

Disability

None.

Rationale for retirement age, withdrawal and disability assumptions

The economic value of the cash balance benefits is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed, and all participants are assumed to retire at the plan's Normal Retirement Age.

Mortality and mortality improvement

The mortality follows the IRS 2016 Static Mortality Table with separate tables for annuitants and non-annuitants, as prescribed by Treasury regulation section 1.430(h)(3)-1(b).

Decrement timing

Decrements are assumed to occur as of the beginning of the year.

Other Assumptions

Form of payment

All participants are assumed to elect a lump sum form of payment.

Maximum earnings

The maximum compensation limit under IRC section 401(a)(17) is \$265,000 for 2016.

Maximum benefit

The maximum benefit payable under IRC section 415 is \$210,000 for 2016.

Expenses

No expenses are assumed to be paid from the trust.

Schedule SB, Part V - Statement of Actuarial Assumptions and Methods

Actuarial Methods

Valuation date

The valuation date is January 1, 2016.

Actuarial value of assets

The actuarial value of assets is equal to the market value of assets.

Minimum funding method

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Line 15 - Reconciliation of differences between valuation results and amounts used to calculate AFTAP

Reconciliation of differences between valuation results and amounts used to calculate AFTAP

The plan's adjusted funding target for 2016 is zero. Therefore, the adjusted funding target attainment percentage (AFTAP) is 100.00%, in accordance with IRS regulation 1-436-1(j)(1)(iv), which provides that if the adjusted funding target for the plan year is zero, then the AFTAP for the plan year is 100%.

Schedule SB, Part V - Summary of Plan Provisions

Effective Date

January 1, 2016.

Plan Year

January 1 to December 31.

Eligibility

A Partner who is actively providing service to the Firm on November 17, 2016 is eligible to participate as of the Effective Date. Thereafter, a Partner is eligible to participate on the January 1 or July 1 coincident with or next following the later of the first anniversary of his or her initial employment, or the date he or she becomes a Partner.

Cash Balance Account

For each Participant's Cash Balance Account, there shall be three subaccounts, known as the Basic Account, the Maximum Account, and the Preservation Account.

Basic Account

The sum of the Participant's Cash Balance Credits and Basic Earnings Credits.

Maximum Account

The sum of the Participant's Cash Balance Credits and Maximum Earnings Credits.

Preservation Account

The sum of the Participant's Cash Balance Credits.

At any Annuity Starting Date, a Participant's Cash Balance Account shall not be greater than the Maximum Account. At any Annuity Starting Date other than one attributed to an in-service distribution, a Participant's Cash Balance Account shall not be less than the Preservation Account.

Cash Balance Credits

For each Plan Year, a Cash Balance Credit shall be credited on December 31st to the Cash Balance Account of each Participant who has completed a Year of Benefit Service during such Plan Year. The Cash Balance Credit for a Plan Year shall be equal to \$1,600 multiplied by the Partner Points, as adjusted below. In no event will the Cash Balance Credit for a Plan Year be less than \$1,000 or greater than the maximum Cash Balance Credit as stated in the plan document.

The Cash Balance Credit for those listed on the following schedules shall be restricted by the criteria below.

- (i) Those listed on Schedule A shall be credited 50% of the formula credit.
- (ii) Those listed on Schedule B shall be credited 150% of the formula credit.
- (iii) Those listed on Schedule C shall be credited a flat \$1,000.

Schedule SB, Part V - Summary of Plan Provisions

Earnings Credits

Earnings on a Participant's Cash Balance Account are credited at the end of each day as described below.

Basic Earnings Credit

The Basic Earnings Credit is based on the rate of return on the investment portfolio in which the fund assets are invested and shall be determined as follows:

For each day during the 2017 Plan Year ending before April 1 (or if such day is not a day of business, the next succeeding business day), the Participant's Basic Earnings Credit shall equal zero.

For each day during the 2017 Plan Year on or after April 1 (or if such day is not a day of business, the next succeeding business day), a Participant's Basic Earning Credit shall be determined by applying the Rate of Return to the Basic Account as of the beginning of the day.

For any Plan Year commencing on or after January 1, 2018, the Basic Earning Credit shall be determined by applying the Rate of Return to the Basic Account as of the beginning of the day.

Maximum Earnings Credit

The Maximum Earnings Credit shall be the amount determined by applying a 8% annual rate of return, compounded daily, to the Participant's Maximum Account as of the beginning of the day.

Year of Benefit Service

A Participant is credited with a Year of Benefit Service for each Plan Year during which the Participant works at least 1,000 hours with the Firm.

Vesting

Participants are always 100% vested in their Cash Balance Account.

Accrued Benefit

The Participant's Cash Balance Account or its Actuarial Equivalent qualified 50% joint and survivor annuity for married Participants or single life annuity for unmarried Participants, payable as of any determination date.

Actuarial Equivalent

An annuity of equal value to the Cash Balance Account converted by employing an interest rate of 5.1% and post-retirement mortality using the mortality table specified under Code Section 417(e)(3)(B).
