Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan

The Roundy's Supermarkets, Inc. Retirement Plan (the "Plan") is a noncontributory defined benefit plan sponsored by Roundy's Supermarkets, Inc. (the "Company") and electing participating subsidiaries (collectively the "Sponsor"). Roundy's Supermarkets, Inc. is a wholly owned subsidiary of the Kroger Co. The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Massachusetts Mutual Life Insurance Company ("Mass Mutual") is the custodian, plan administrator, plan recordkeeper, plan actuary, and makes distributions. The custodian holds the Plan's investment assets and executes investment transactions.

Effective December 31, 2014, the Cedarburg Dairy, Inc. Pension Plan, a defined benefit plan sponsored by Roundy's Supermarkets, Inc., was merged into the Plan. The fair market value of the assets transferred to the Plan by amendment was \$1,506,672. The actual transfer of the assets into the Plan's trust did not physically occur until March 11, 2015. An additional \$92,258 was transferred into the Plan during December 2015.

Eligibility and Participation

Substantially all full-time employees of the Sponsor were eligible to participate in the Plan. The Plan has been frozen to all new participants and benefit accruals.

Contributions

The Sponsor contributes to the Plan based upon actuarial determinations.

Vesting

Participants vested according to the following schedule of service:

<i>Years of Service</i>	<i>Vesting %</i>
Less than 5 years	0 %
5 or more	100 %

Retirement Benefits

Participants receive monthly pension benefits beginning at age 65 equal to the participant's benefit rate, multiplied by a year of credited service factor as of the retirement date. Participants age 55 with 5 or more years of vested service may elect early retirement payments at reduced benefit. Participants may elect various annuity options.

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Investment Contract with United of Omaha Life Insurance Company (Continued)

Most participants with 25 years of credited service are entitled to annual pension benefits equal to 50% of their average compensation (during the five years of their highest compensation within the last ten completed years of service) less 50% of their primary social security benefit. The benefit is reduced pro rata for participants retiring with less than 25 years of credited service. The benefit is increased by 1% of average compensation for each year of credited service in excess of 25 years up to a maximum of an additional 10%.

Certain participants who were formerly participants in other plans, which were merged into the Plan, receive different retirement benefits.

Death and Disability Benefits

If an active participant with five years of vested service dies prior to their actual retirement date, unless an election to the contrary has been made, the participant's surviving spouse is entitled to a reduced benefit as defined by the Plan.

If an active participant who has reached age 60 with twenty years of vested service becomes permanently disabled, they are entitled to receive a benefit amount calculated as if retirement occurred at age 65.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Investment Contract with United of Omaha Life Insurance Company

In 2015, the Plan entered into an investment contract with United of Omaha Life Insurance Company ("United"). At the direction of the plan's administrator, a single premium to buy annuities for retiring employees may be paid by the Plan. Purchased annuities are contracts under which United is obligated to pay benefits to employees or their beneficiaries.

Funds under the investment contract that have been allocated and applied to purchase annuities (that is, United is obligated to pay the related pension benefits) are excluded from the Plan's assets.

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, benefit obligations, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results may differ from those estimates and are subject to change in the near term.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurements

GAAP has established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions. The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Expenses

Substantially all Plan expenses incurred are paid by the Plan.

Subsequent Events

Subsequent events have been evaluated through October 6, 2017, which is the date the financial statements were available to be issued.

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 3: Fair Value Measurements

The following is a description of the valuation methodology used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts: The fair value of pooled separate accounts represents the net asset value ("NAV") of the fund shares. NAV is based on the value of the underlying assets owned by the funds minus liabilities, and then divided by the number of shares outstanding as determined by Mass Mutual.

Investments in these pooled separate accounts can be purchased and sold continuously. A notice of redemption is not required. The plan has no obligation to buy additional units.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

<i>December 31,</i>	Level 1	Level 2	Level 3	Total
Investments measured at NAV - 2016	\$ -	\$ -	\$ -	\$ 141,288,951
Investments measured at NAV - 2015	\$ -	\$ -	\$ -	\$ 147,407,149

Note 4: Funding Policy

The Plan is solely funded by Sponsor contributions. The Sponsor's policy is to make annual contributions to the Plan which meet or exceed the annual ERISA minimum funding requirements. The Company met the minimum funding requirements of ERISA for its 2016 and 2015 plan years.

Note 5: Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits represent the estimated future periodic payments, including lump-sum payments, attributable under the Plan's provisions, to participants for services rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants and beneficiaries, (b) beneficiaries of participants who have died, and (c) active participants or their beneficiaries.

The actuarial present value of accumulated plan benefits information was determined by the Plan's actuary, Mass Mutual, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Benefits payable under all circumstances - retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee services rendered to the valuation date.

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 5: Actuarial Present Value of Accumulated Plan Benefits (Continued)

Significant actuarial assumptions included in the valuations as of January 1, 2016 and 2015, are as follows:

(a) Assumed Rate of Interest (Discount Rate): 7.5% per annum

(b) Retirement age: 15% at ages 62, 63 and 64; 100% at age 65

(c) Preretirement Mortality: The Mercer MRP-2007 Mortality Tables for Males and Females, weighted 82% Blue Collar and 18% White Collar, fully generational with the Mercer MMP-2007 and;

Postretirement Mortality: The Mercer MILES-CGFD Mortality Tables for Males and Females, weighted 82% Blue Collar and 18% White Collar, fully generational with the Mercer MMP-2007 in 2016.

RP-2014 Male and Female, Blended 82% Blue Collar variation and 18% standard RP-2014. Annuitants projected 7 year and non-annuitants projected 15 years using Scale MP-2014 in 2015.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The following are the actuarial present value of accumulated plan benefits as of January 1:

	2016	2015
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving benefits	\$ 71,349,484	\$ 73,196,212
Other participants	50,771,575	55,282,682
Total vested benefits	122,121,059	128,478,894
Nonvested benefits	120,213	141,161
Total actuarial present value of accumulated plan benefits	\$ 122,241,272	\$ 128,620,055

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 5: Actuarial Present Value of Accumulated Plan Benefits (Continued)

The changes in the present value of accumulated plan benefits for the year beginning January 1, 2016, is as follows:

Actuarial present value of accumulated benefits at January 1, 2015	\$ 128,620,055
Increase (decrease) attributable to:	
Increase due to passage of time	9,101,942
Other	2,786,580
Benefits paid	(14,521,651)
Assumption change	(3,745,654)
Total decrease in actuarial present value of accumulated benefits	(6,378,783)
Actuarial present value of accumulated plan benefits at January 1, 2016	\$ 122,241,272

Note 6: Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service dated August 30, 2012, stating that the Plan and the related trust were designed in accordance with the IRC. The Plan has been amended since receipt of the determination letter. The plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax exempt.

The plan administrator has analyzed the tax positions taken by the Plan and concluded there are no uncertain tax positions taken by the Plan. No provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions and there are currently no audits in progress.

Note 7: Party-In- Interest Transactions

Investments in the separate investment accounts are managed by Mass Mutual and qualify as party-in-interest transactions. These transactions are not, however, considered non-exempt prohibited transactions under ERISA regulations.

Note 8: Information Certified by the Custodian

Certain information related to the Plan's investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2016 and 2015 and net appreciation (depreciation) in fair value of investments, interest and dividend income for the years ended December 31, 2016 and 2015, was obtained or derived from information certified as complete and accurate by Mass Mutual Life Insurance Company, custodian of the Plan.

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan at any time. If the Plan is terminated, the net assets of the Plan will be distributed to the participants in order of priority determined in accordance with ERISA, its applicable regulations and with the Plan document.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- (b) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") up to the applicable limitations (discussed below).
- (c) All other vested benefits (that is, vested benefits not insured by the PBGC).
- (d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
