401(k) Plan

Notes to the Financial Statements
December 31, 2016 and 2015

1. The Plan

General – The following description of the Pettinaro Construction Co., Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan covering certain employees of Pettinaro Construction Co., Inc. and its affiliate, Pastel Painters, Inc. (collectively the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for the oversight of the Plan.

Eligibility – Employees of the Company who have 12 months of service with 1,000 hours worked and are 21 or older are eligible to participate in the Plan. Members of certain bargaining units, non-resident aliens, employees acquired in an acquisition, merger or similar transactions and leased employees are not eligible to participate.

Contributions – Each year, participants may contribute an amount of eligible pre-tax annual compensation as well as after-tax Roth contributions to the Plan subject to limitations determined by the Internal Revenue Service (IRS), which shall be deemed the Participant’s Deferral Contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover) even if they are not yet eligible to participate. Prior to January 1, 2014, only eligible participants could make rollover contributions.

Effective January 1, 2016, the Company will make a safe harbor matching contribution. During 2016, the Company made matching contributions to the Plan of 100% of participant’s deferral contributions up to the first 3% of eligible participant’s compensation, plus 50% of participant’s deferral contributions in excess of 3% up to 5% of eligible participant’s compensation, which shall be deemed the employer’s matching contribution. The Company may also make employer non-elective contributions and qualified non-elective contributions, as well as discretionary profit sharing contributions to the Plan. There were no employer non-elective contributions, qualified non-elective contributions, or discretionary profit sharing contributions made during 2016.

Participants direct the investment of their deferral contributions and any Company contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options.

Participant Accounts – Each participant’s account is credited with the Participant’s Deferral Contribution, as well as allocations of the Company’s contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Pettinaro Construction Co., Inc.

401(k) Plan

Notes to the Financial Statements December 31, 2016 and 2015

Vesting – Participants are vested immediately in their deferral contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's other contribution portion of their accounts is based on years of service. Participants are credited with a year of service for vesting purposes upon completion of 1,000 hours of service during the Plan year. Other Company contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants – Effective January 1, 2014, the Plan was amended to allow the transfer of loan balances from former participants of a certain 401(k) plan affiliated with the Company who became employees of the Company in 2014. The loans are secured by the account balances which were also contributed to the Plan. Principal and interest are paid ratably through monthly payroll deductions. The Plan does not allow new loans to participants.

Payment of Benefits – On termination of service due to death, disability, or normal retirement, a participant may elect to receive an amount equal to the full value of the participant's account in a lump-sum or other forms of payment available under the Plan. For distributions made for other reasons, including certain in-service and hardship withdrawals, a participant may only receive the value of certain vested interests in his or her account. If a participant has terminated employment for reasons other than early retirement, death, or disability, and his or her vested account balance is less than \$5,000, a mandatory distribution will be made and, if greater than \$1,000, an involuntary direct rollover into an Individual Retirement Account or Annuity may be made.

Forfeited Accounts – At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$1,706 and \$1,349, respectively. Forfeited accounts may be used to reduce future Company contributions or pay Plan administrative expenses, or they may be allocated to other participants. Forfeitures in the amount of \$93 and \$-0- were used to reduce the Company's matching contributions and pay Plan expenses, respectively, for the year ended December 31, 2016.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Pettinaro Construction Co., Inc.

401(k) Plan

Notes to the Financial Statements December 31, 2016 and 2015

Valuation of Investments – The Plan's investments are stated at fair value. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and third-party administrators. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in administrative fees.

Change in Accounting Principles – In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) – I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. Part I requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5% or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Part III provides a measurement date practical expedient for plans with a fiscal year-end that does not coincide with a month-end.

Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Parts I and III are not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Part II require retrospective application. Management elected to early adopt the provisions of Part II of this new standard during 2015. Accordingly, the standard was retrospectively applied. The adoption of ASU 2015-12 simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures. Plan management does not believe that the adoption of the provisions of this ASU had a material impact on the financial statements.

December 31, 2016 and 2015

3. Fair Value Measurements

ASC 820 establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 establishes three levels of inputs that may be used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access;

Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities;

Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following tables summarize the Plan's investments that are measured at fair value on a recurring basis (Level 1, 2 and 3 inputs are defined above):

	Basis of Fair Value Measurements as of December 31, 2016			
	Level 1	Level 2	Level 3	Total

Notes to the Financial Statements **December 31, 2016 and 2015**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Investments

During 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), appreciated in value by \$403,355.

Interest and dividend income on investments for the year ended December 31, 2016 was \$89,692.

5. Certification Information

The Plan's custodian has provided certification that the information provided to the Plan administrator and included in the Plan's financial statements and supplemental schedule is complete and accurate. The certification applies to all Plan investments, transactions, income and loss, and schedule of investments for the dates presented.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their account.

7. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and the related trust as evidenced by a prototype document, are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's Trustees and the Plan's third-party administrator believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

8. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments include a money market account with TD Ameritrade Trust Company, the custodian of the Plan. Therefore, these investment transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules of ERISA. Additionally, certain fees incurred and paid to the custodian and third-party administrators, and loans to participants are also exempt party in interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment instruments. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment instruments, it is at least reasonably possible that changes in the value of investment instruments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

Management has evaluated subsequent events through September 29, 2017, the date the financial statements were available to be issued.
