**NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2016 and 2015**

NOTE 1. DESCRIPTION OF PLAN

The following description of the National Pump Company 401(k) Savings Plan, (the "Plan") provides only general information. Participants should refer to Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established for participation on January 1, 1995 and restated effective January 1, 2015. It is a defined contribution plan covering all eligible employees of National Pump Company (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Under the provisions of the Plan, each employee shall be eligible to participate in salary deferrals upon attaining age 21 and after completing three consecutive months of service. The entry date into the Plan is the first day of each plan year quarter.

Contributions

Each year, participants may elect to contribute to the Plan through tax-deferred salary deferrals, as defined by the Plan, up to a statutory maximum determined by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). Participants direct the investments of their contributions into various investment options offered by the Plan.

Company Matching Contributions

Each year, the Company may make a matching contribution equal to a discretionary percentage of salary deferrals, as determined annually. Additionally, the Company may, at its discretion, make a profit sharing contribution. During the year ended December 31, 2016, the matching contributions made by the Company totaled \$157,393. The Company did not make a profit sharing contribution.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Participants vest in the Company discretionary contributions and actual earnings thereon at a rate of 20% for each year of service and are fully vested after five years of service.

NOTE 1. DESCRIPTION OF PLAN - Continued

Hardship Withdrawal

In certain situations, as defined in the Plan agreement and with approval of the Plan Administrator, participants may make hardship withdrawals. Participants making hardship withdrawals are prohibited from contributing to their account for a period of six months following the withdrawal.

Participant Accounts

All investment options are participant-directed. Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, and Plan earnings, and reduced for any Plan losses and administrative expenses. The benefit to which a participant is entitled is the benefit from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms can be no longer than five years. However, at the Plan Administrator's discretion for the purchase of a primary residence, loans can be repaid longer. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates in accordance with the Plan's provisions. Principal and interest are paid ratably through payroll deductions. Interest rates for participant loans outstanding at December 31, 2016 ranged from 4.25% to 9.25%.

Payment of Benefits

On termination of service due to death, disability, or retirement a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account, or annual installments, in accordance with the provisions of the Plan. In the event that a participant dies before retirement, their beneficiary will receive the value of the participant's account balance in a lump-sum distribution, less the value of outstanding loans made to the participant. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution.

Forfeitures

Forfeitures of Company contributions may be used to reduce the Company's contributions. At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$1,877 and \$442, respectively. In 2016, employer contributions were reduced by \$2,770 from forfeited non-vested accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are being prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. See Note 4 regarding the valuation of the guaranteed interest fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year and reinvested interest and dividends.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to applicable participants prior to March 15, 2017.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Fees related to the administration of participants' activities are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Concentration of Credit Risk and Financial Instruments

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of securities held by a brokerage house and investment agreements.

Adoption of FASB Policy ASU 2015-12

On July 31, 2015, the FASB issued ASU 2015-12, a three-part standard that provides guidance on certain aspects of the accounting by employee benefit plans to reduce the complexity in employee benefit accounting. The Plan is adopting and applying Parts I and II of ASU 2015-12 for the financial statements as of and for the years ended December 31, 2016 and 2015, as permitted by the FASB.

Part I of ASU 2015-12 eliminates the requirement to adjust fully benefit-responsive investment contracts from contract value to fair value on the Statement of Net Assets Available for Benefits and eliminates certain related Plan investment disclosures. Adoption of ASU 2015-12 has no effect on the revaluation of the guaranteed interest fund as of December 31, 2016 and 2015 as contract value approximated fair value as of December 31, 2016 and 2015.

Part II of ASU 2015-12 eliminates the requirement of both participant-directed and nonparticipant-directed investments to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) disaggregation of investments in the schedule of net appreciation (depreciation) for investments by general type. Part II of ASU 2015-12 also eliminates the requirement of both participant-directed and nonparticipant-directed investments to disaggregate the investments in multiple ways, meaning investments are grouped only by general type.

NOTE 3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs

NOTE 3. FAIR VALUE MEASUREMENTS - Continued

other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 1 or Level 3 inputs for the periods presented.

Level 2 Fair Value Measurements

The fair value of pooled separate accounts is based on the daily closing price of the underlying mutual fund in which the account is invested. The mutual funds are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. Pooled separate accounts held by the Plan are deemed to be actively traded.

Guaranteed interest fund: See Note 4.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016	
	Level 2	Total
Pooled separate accounts	<u>\$3,464,076</u>	<u>\$3,464,076</u>
	Assets at Fair Value as of December 31, 2015	
	Level 2	Total
Pooled separate accounts	<u>\$3,163,336</u>	<u>\$3,163,336</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2016 and 2015, are reported in net appreciation in fair value of investments.

NOTE 4. GUARANTEED INTEREST FUND

In 1995, the Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company ("Great-West") totaling \$654,662 for 2016 and \$819,128 for 2015. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and may not be less than 1.35%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of

the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments, at fair value
- Investments, at contract value
- Net earnings and appreciation in fair value of investments
- Schedule of assets (held at end of year)
- Interest and dividends income
- Notes receivable from participants

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6. TAX STATUS

The IRS has determined and informed the Company in a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been

NOTE 6. TAX STATUS - Continued

amended since receiving the determination letter, the Plan's Administrator and Sponsor's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe the Plan is qualified and is tax-exempt.

The Plan follows the provisions of ASC 740, Income Taxes topic of the FASB Accounting Standards Codification when accounting for uncertainty in income taxes. The Plan believes it has no uncertain tax positions that qualify for either recognition or disclosure. As of December 31, 2016, due to statutes of limitations, the Plan is no longer subject to examination of its Form 5500 by the IRS for years prior to 2013.

NOTE 7. TERMINATION OF THE PLAN

The Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contribution.

Subsequent to year end the Plan Sponsor determined to merge the Plan. See Note 13.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanied financial statements.

NOTE 9. RELATED PARTY TRANSACTIONS

The Plan investments consist of pooled separate accounts and a guaranteed interest fund managed by Great-West. Great-West is the Custodian and Recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fiduciary fees paid by the Plan during the year ended December 31, 2016 totaled \$7,434. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
