Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph below, however, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by Minnesota Life Insurance Company ("Minnesota"), the custodian of the Plan's assets, except for comparing such information with the related information included in the financial statements. The plan administrator has informed us that Minnesota holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from Minnesota as of December 31, 2015, and for the year ended December 31, 2015, that the information provided to the plan administrator by Minnesota is complete and accurate.

Piatti Restaurant Company 401(k) Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the Piatti Restaurant Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all of the employees of Piatti Restaurant Company, A California Limited Partnership (collectively the "Plan Sponsor"). Employees are eligible to participate in the Plan once they have attained age 21 and completed six months of service. Union employees and highly compensated employees are not eligible to participate in the Plan. Participants may begin making deferrals into the Plan on the first day of the plan year quarter following eligibility.

The Plan is subject to the provisions Section 401(a) of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions to the Plan

Participants may contribute up to 20% of their eligible annual salary to the Plan subject to certain non-discrimination restrictions and an annual limitation of \$18,000 for 2015 (\$24,000 for those participants who are age 50 or over).

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are immediately vested in their contributions, and related earnings at all times. Forfeitures may be used to pay plan expense. At December 31, 2015, there were no forfeitures available to pay plan expenses.

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In-service distributions are also available for participants who are at least age 59½. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of lump sums, or partial withdrawals. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of \$5,000 or less are subject to an administrative lump sum distribution. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 70½.

Notes Receivable from Participants

The Plan permits participants to receive a loan based upon their vested account balance. Borrowings are limited to the lesser of \$50,000 or 50% of the participant's vested account balance. The minimum loan amount is \$1,000 and participants may only have one loan for the purchase of a primary residence and one loan for general purpose outstanding at a time. Loans bear an interest rate determined by the plan administrator based on the prevailing rates charged by persons in the business of lending money. Loans generally must be repaid with interest, by payroll deduction, within five years (longer for qualified residential loans). Loans are segregated investments and to the extent a participant borrows, his or her

Piatti Restaurant Company 401(k) Plan

Notes to the Financial Statements

account will not share in the earnings and gains in value attributable to other plan investments. Accordingly, the interest that participants pay on their loans will be directly credited to their accounts. All loans are immediately due upon termination of service, retirement, disability, or death. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments

The Plan was without amendment during 2015.

2. **Summary of Significant Accounting Policies**

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the plan sponsor. Benefit payments are recorded when paid.

Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management elected to adopt Part I and II in last year's financials. Parts I and II are to be applied retrospectively.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as determined by the plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015.

Piatti Restaurant Company 401(k) Plan

Notes to the Financial Statements

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 6, 2017, the date the financial statements were available to be issued.

3. Certification of Assets

Minnesota Life Insurance Company ("Minnesota") serves as the custodian of the Plan's assets. In that capacity, Minnesota holds the Plan's investment assets and executes investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the plan administrator has obtained certification from Minnesota as of December 31, 2015, and for the year ended December 31, 2015, that all investment information supplied to the plan is complete and accurate. Certain information related to investments from participants disclosed in the accompanying financial statements and supplemental schedule, including investments from participants held at December 31, 2015, and interest, dividends and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2015, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2015:

	<u>Level 1</u>	<u>Total</u>
Pooled Separate Accounts	\$ 473,697	\$ 473,697
Total assets in the fair value hierarchy	<u>473,697</u>	<u>473,697</u>
Investments measured at net asset value	-	8,013
Investments at fair value	<u>\$ 473,697</u>	<u>\$ 481,710</u>

Assets at Fair Value as of December 31, 2014:

	<u>Level 1</u>	<u>Total</u>
Pooled Separate Accounts	\$ 468,679	\$ 468,679
Total assets in the fair value hierarchy	<u>468,679</u>	<u>468,679</u>
Investments measured at net asset value	-	7,362
Investments at fair value	<u>\$ 468,679</u>	<u>\$ 476,041</u>

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to

Piatti Restaurant Company 401(k) Plan

Notes to the Financial Statements

unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Pooled separate accounts: Valued at the quoted net asset value of shares of the underlying investments held by the plan at year-end.

Guaranteed investment contract: A guaranteed investment contract that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value (contract value) as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. **Tax Status**

The plan sponsor has adopted the Minnesota Volume Submitter plan. The Volume Submitter plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the volume submitter is designed in accordance with applicable sections of the Internal Revenue Code. The Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or

Piatti Restaurant Company 401(k) Plan

Notes to the Financial Statements

Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. **Plan Termination**

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participants who are affected by such termination shall become 100% vested and net assets available for benefits would be distributed to the participants based on each participant's interest in the plan.

7. **Related Party Transactions**

Minnesota Life Insurance Company ("Minnesota") serves as the custodian of the Plan's assets. All transactions with Minnesota qualify as party-in-interest transactions. Fees incurred by the plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling \$598 to the third party administrator which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

8. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. **Prohibited Transactions**

During the year ended December 31, 2015, the Plan sponsor did not remit certain participant contributions to the Plan in a timely manner as defined by ERISA. See the Schedule of Delinquent Participant Contributions. The Plan sponsor will compensate participants for any lost earnings resulting from the delay in contributions. These contributions are considered nonexempt party-in-interest transaction subject to an excise tax that the company intends to pay.

10. **Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 to Form 5500:

Net assets available for benefits per the financial statements	\$ 498,895
Participant contributions receivable	<u>(3,190)</u>
Net assets available for benefits per the Form 5500	<u>\$ 495,705</u>

Piatti Restaurant Company 401(k) Plan

Notes to the Financial Statements

11. Subsequent Events

- * Allow Roth deferrals, employer matching contributions and profit sharing contributions.
- * Allow highly compensated employees to participate.
- * Exclude nonresident aliens from participating.
- * Change eligibility to 1 month of service with at least 83 hours of service.
- * Change deferral limits from to 20% of eligible compensation to the amount allowed by law.
