**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. ## Notes to Financial Statements

### **Note 1 - Description of the Plan and Significant Accounting Policies**

The following description of The Denver Post Employee Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan established April 1, 2001 by The Denver Newspaper Agency, LLP (the "DNA"). When the DNA was dissolved on August 26, 2009, The Denver Post LLC (the "Company") continued the Plan as a successor employer. Effective December 31, 2012, The Denver Post Non-Union Employee Savings Plan merged with The Denver Post Union-Covered Employee Savings Plan. Effective January 1, 2013, the Plan name changed from The Denver Post Union-Covered Employee Savings Plan to The Denver Post Employee Savings Plan. Effective January 1, 2016, the Plan was amended and restated to incorporate all previous amendments.

Employees are eligible to participate immediately upon the employee's employment commencement date. Eligible employees are automatically enrolled at a deferral rate equal to 3% of eligible compensation, unless they make an affirmative election not to defer or to defer a different percentage. Participants become eligible for employer matching contributions after completing one year of service. Service under the Plan takes into account service performed by participants while in the employment of the Denver Publishing Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company has elected a committee that administers the Plan. Prudential Bank & Trust, F.S.B. ("Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records. Prudential offers Plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants.

#### Contributions

Participants may make before-tax contributions up to 75% of their annual eligible compensation, not to exceed IRS limits, which are adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Additional catch-up contributions are available to any participant who is age 50 or older and has made the maximum contributions for the year. Employee contributions and catch-up contributions to the Plan are made through regular payroll deductions. After-tax Roth 401(k) contributions are not allowed.

Company matching contributions are discretionary. The Company did not make matching contributions for the year ended December 31, 2016.

# THE DENVER POST EMPLOYEE SAVINGS PLAN

## Notes to Financial Statements

### **Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

#### Participants' Accounts

Each participant's account is credited or charged with the participant's contribution, the Company's matching contribution (if any), and an allocation of Plan earnings or losses and administrative expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

#### Vesting

Participants are vested immediately in their voluntary contributions and in any Company discretionary matching contributions plus actual earnings or losses thereon.

#### Participant Loans

Participants may borrow from their participant accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, whichever is less. Loan terms range from one to five years, or, if a loan is used to acquire a principal residence, the terms may be up to ten years. The loans are collateralized by the balance in the participant's account and bear interest at 1.00% above the prime rate on the day the loan is originated. Loan interest rates range from 4.25% to 9.25% and mature at various dates through December 2021. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at the amortized cost plus accrued interest.

#### Payment of Benefits

Upon termination of service, death, disability, or attaining normal retirement age (age 65), a participant can elect to receive a lump-sum payment in the amount equal to the value of the participant's vested account balance, or the participant can elect to roll the amount into another qualified plan or individual retirement account. Lump-sum distributions are automatically made to terminated participants if the participant's vested balance is \$1,000 or less and the participant did not elect to roll the amount into another qualified plan or individual retirement account. Hardship withdrawals are allowed under the terms of the Plan but are subject to certain restrictions and penalties. Required minimum distributions are mandatory beginning on April 1 of the year following the calendar year in which a participant reaches age 70½ and is no longer an employee of the Company. Benefits are recorded when paid.

#### Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value and contract value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional fair value measurement disclosures.

# THE DENVER POST EMPLOYEE SAVINGS PLAN

## Notes to Financial Statements

### **Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

#### Valuation of Investments and Income Recognition (continued)

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, certain mutual funds and pooled separate accounts invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

During the year ended December 31, 2016, five investments accounted for approximately 74% of net realized/unrealized appreciation in fair value of investments.

As of December 31, 2016 and 2015, three investments accounted for approximately 47% and 49%, respectively, of total investments.

#### Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

# THE DENVER POST EMPLOYEE SAVINGS PLAN

## Notes to Financial Statements

### **Note 2 - Assets Certified by the Trustee**

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value or contract value and participant loans at amortized cost plus accrued interest as of December 31, 2016 and 2015 and the income earned or losses incurred thereon for the year ended December 31, 2016, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment and participant loan information certified by the trustee except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

### **Note 3 - Fair Value Accounting**

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments.

### Note 3 - Fair Value Accounting (continued)

Investments as of December 31, 2016 are as follows:

Investments as of December 31, 2015 are as follows:

| <u>Description</u>                     | <u>Level 1</u>      | <u>Level 2</u> | <u>Level 3</u> | <u>Total</u>         |
|----------------------------------------|---------------------|----------------|----------------|----------------------|
| Mutual funds                           | <u>\$ 9,515,118</u> | <u>\$ -</u>    | <u>\$ -</u>    | \$ 9,515,118         |
| Investments measured at NAV            |                     |                |                | 31,204,993           |
| Investments measured at contract value |                     |                |                | <u>15,003,375</u>    |
| Total investments                      |                     |                |                | <u>\$ 55,723,486</u> |

Investments measured at net asset value ("NAV") and contract value are not required to be reported within the fair value hierarchy, but are included to reconcile to total investments.

The valuation technique used to measure fair value of mutual funds is based upon the quoted market prices available on an active market as of the measurement date.

The Plan's investments in pooled separate accounts ("separate accounts") are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Due to the nature of the investments held by the separate accounts, changes in market conditions and the economic environment may significantly impact the NAV of the separate accounts and, consequently, fair values of the funds' interest in the funds. The fair value of these investments has been measured using the NAV per share of the Plan's ownership interest in separate accounts on an equivalent measure where it is not probable that the fund will sell a separate account at a price other than NAV. Aside from the Prudential Real Estate Fund, these investments are redeemable daily and have a one-day notice period. Aside from the Prudential Real Estate Fund, there were no separate accounts with redemption restrictions or unfunded commitments as of December 31, 2016 and 2015.

# THE DENVER POST EMPLOYEE SAVINGS PLAN

## Notes to Financial Statements

### **Note 3 - Fair Value Accounting (continued)**

The Prudential Real Estate Fund is valued daily based on a number of factors, including projected values of underlying real estate investments, which are valued quarterly by an independent third-party firm. The ability to make daily withdrawals from the fund is not guaranteed. Withdrawals from the fund could be delayed if the fund does not have sufficient cash available, which, under unusual market circumstances, could potentially be for an extended period of time. The fund has the ability to use an available line of credit to meet cash needs, for which all associated costs are charged to the fund. The fund may, with advance notice, temporarily suspend new deposits into the fund if the manager believes it will not be able to invest new deposits appropriately. If that happens, participant allocations to the fund during the suspension period would be changed to the default fund of the Plan.

The Plan offers a fully benefit-responsive investment contract with Prudential as an investment option to Plan participants. Prudential maintains the contributions in a general account. The investment in the guaranteed investment contract is reported at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.50%. The crediting rate is reviewed on a semiannual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Upon discontinuance of the contract, contract value would be paid no later than 90 days from the date the Plan sponsor provides notice to discontinue as a market value adjustment does not apply upon a discontinuance. This product is not a traditional guaranteed interest contract; therefore, there are not any known cash flows that could be discounted.

There were no changes to the valuation techniques used during the year. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

# **THE DENVER POST EMPLOYEE SAVINGS PLAN**

## **Notes to Financial Statements**

### **Note 4 - Income Taxes**

The Plan obtained its last determination letter on May 7, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The determination letter does not cover subsequent amendments; however, the Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **Note 5 - Administration of the Plan**

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan. The Plan earns funds from revenue sharing, which are used to offset Plan expenses. Revenue sharing totaled \$34,760 during the Plan year ended December 31, 2016. Administrative expenses totaled \$38,893 during the Plan year ended December 31, 2016.

### **Note 6 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

### **Note 7 - Related Party and Party-in-Interest Transactions**

Certain Plan investments are pooled separate accounts and a guaranteed investment contract that are managed by Prudential. These transactions qualify as party-in-interest transactions. Loans to participants also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

### **Note 8 - Subsequent Events**

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available to be issued. There were no material subsequent events that required recognition or disclosure in the financial statements.
