401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - DESCRIPTION OF THE PLAN

General

Par Mar Oil Companies 401(k) Plan (the “Plan”) was formed January 1, 1995. It was amended and restated effective March 1, 2011. The Plan is a defined contribution plan covering all employees who have met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and is administered by Par Mar Oil Companies (DBA Par Mar Stores) (the “Company”). The Plan’s assets were held by Nationwide Trust Company as of December 31, 2016 and 2015, respectively.

Eligibility

All employees are eligible to become participants in the Plan after completing one year of service and reaching the age of 21. One year of service is defined as a participant having completed or worked 1,000 hours during a Plan year. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

Contributions

Participants can contribute up to 100 percent of eligible compensation. However, contributions may not exceed limitations established under section 402(g) of the Internal Revenue Code of 1986 (“IRC”), as amended. The Plan permits catch-up elective deferrals for participants over 50 years of age subject to IRC limitations. Participants may also make rollover contributions to the Plan from certain types of individual retirement accounts. There were no rollover contributions into the Plan for the years ended December 31, 2016 and 2015.

If a participant meets certain Plan criteria, the Company, at its option, can make a discretionary matching and profit-sharing contribution to the Plan. The Company made a discretionary matching contribution in the amounts of \$35,376 and \$33,218 for the years ended December 31, 2016 and 2015, respectively.

Investments

Participants direct the investments of their contributions and the discretionary non-elective contributions into the investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and an allocation of the Company’s discretionary matching contribution, discretionary profit-sharing contribution, earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their contributions, rollover contributions, and any actual earnings thereon.

PAR MAR OIL COMPANIES
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

Vesting of the Company's discretionary matching and profit-sharing contributions and related earnings is based on years of service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivables from Participants

Participants may borrow from their accounts a minimum of \$1,000 limited to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and are generally due in installment payments of principal plus interest, at an interest rate of prime plus 2% (5.25% for 2016 and 2015), with maturity dates ranging from one to five years. The term of the loan may exceed five years if the loan is for the purchase of the participant's principal residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

The full value of a participant's account becomes payable upon retirement age of 65, disability or death. Upon termination of employment for any other reason, a participant's account becomes payable. All benefits will be paid as a lump-sum distribution, or at the option of the participant, benefits can be paid through annual installments. In addition, the Plan includes a provision for participants to make withdrawals from their account under certain "hardship" circumstances. The Plan also provides for participants who have attained the age of 59 ½ to make a withdrawal from their account, subject to certain restrictions. On termination of service, if a participant's account is less than \$5,000, the participant must receive a lump-sum amount equal to the value of his or her account balance.

Forfeitures

Employees who terminate prior to becoming fully vested forfeit the unvested portion of their employer contribution account balances. The Plan provides that forfeitures first be used to pay Plan administrative expenses and any remaining balance shall be applied to reduce employer contributions. Unused forfeitures as of December 31, 2016 and 2015 were \$4,992 and 1,287, respectively.

Administrative Expenses

Currently, the Company pays the administrative expenses of the Plan with the exception of the expenses charged for participant-directed transactions, such as loan processing fees, distribution fees, and participant set-up fees. The Plan may also pay certain investment management fees, where these expenses are allocated to participant's accounts based on the participant's current fair value. These expenses are reflected in the accompanying statements of changes in net assets available for benefits as administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's Investments are stated at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)* (ASU 2015-07"). ASU 2015-07 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, to remove the requirement to categorize with the fair value hierarchy all investments for which fair value is measured using the net asset per share practical expedient as well as remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 31, 2016, with early adoption permitted and applied retrospectively. Management has elected to early adopt this guidance for the year ended December 31, 2015 and is reflected in these financial statements.

PAR MAR OIL COMPANIES
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

In June 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient* (“ASU 2015-12”). ASU 2015-12, Part I eliminates the requirements to measure the fair value of fully-benefit responsive investment contracts and provide certain disclosures. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosures of information about fair value investments shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 31, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management adopted Parts I and II for the year ended December 31, 2015 and the guidance is reflected in these financial statements.

NOTE 3 - SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The Plan Administrator has obtained a certification from Nationwide Trust Company (the “Trustee”) that the information provided to the Plan Administrator by the Trustee is complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

A summary of information included in the financial statements, which has been certified, is as follows:

	2016	2015
Investments	\$ 819,101	\$ 717,348
Notes receivables from participants	12,494	12,571
Net appreciation (depreciation) of investments	23,621	(49,212)
Interest and dividend income	47,547	33,522
Interest income on notes receivables from participants	663	746

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan has adopted ASC No. 820, Fair Value Measurements. ASC No. 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC No. 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

PAR MAR OIL COMPANIES
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Unobservable inputs for which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued based on quoted prices in an active market (Level 1).

Money market funds: Valued based on institutional bid evaluations using proprietary models (Level 2).

Collective investment funds: Valued at the respective net asset values (NAV) as reported by such account managers, which are reported at fair value. The value of each unit is determined by subtracting total liabilities from the total value of the assets, including accrued income, and dividing the amount remaining by the number of units outstanding on the valuation date. The Plan does not have any contractual obligations to future invest in the accounts. These investments are not classified within the valuation hierarchy, but presented for reconciliation purposes only.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

PAR MAR OIL COMPANIES
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Investments measured at net asset value (a)

Collective Investment Funds (b)	23,034
Investments at fair value	<u>\$ 717,348</u>

(a) In accordance with subtopic 820-10 of ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(b) The index collective investment funds include investments that seek to approximate the risk and return composition of the Russell 1000 Index, the Russell 2000 Growth Index, and the Russell 2000 Value Index. They seek to provide long-term growth of capital and income.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Fixed Select Contract

The Fixed Select contract is reported at contract value. Contract value represents the amount participants would receive if they were to initiate a transaction under the terms of the ongoing plan. Interest is credited daily at an interest rate not less than the guaranteed minimum interest rate shown on the contract specifications. The interest crediting rate is declared on a quarterly basis. The Fixed Account is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The guarantee is based on Nationwide's ability to meet its financial obligations from general assets. The Fixed Contract is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable. While transactions involving the purchases/sales of individual contracts are not observable in a public marketplace, Nationwide has represented that contract value approximates fair value.

Based upon the characteristics of this contract, this Fixed Contract meets the definition of a fully benefit-responsive investment contract.

PAR MAR OIL COMPANIES
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008 that the Plan is qualified and is tax-exempt, under the appropriate sections of the IRC. The Company believes that the Plan is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015 and the years then ended, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 - PARTY IN INTEREST TRANSACTIONS

During the year, certain Plan investments were managed by the Trustee of the Plan. These related investment transactions qualify as party-in-interest transactions.

Certain participants have borrowed on their vested account balances. As the individuals are participants in the Plan, these transactions qualify as party-in-interest transactions.
