Independent Auditor's Report

To the Plan Administrator
Union Tank Car Company East Chicago,
Indiana Hourly Employees' Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Union Tank Car Company East Chicago, Indiana Hourly Employees' Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016 and 2015 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A. (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes related transactions. The plan administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2016 and 2015 that the information provided to the plan administrator by the Trustee is complete and accurate.

To the Plan Administrator
Union Tank Car Company East Chicago,
Indiana Hourly Employees' Retirement Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Union Tank Car Company East Chicago, Indiana Hourly Employees' Retirement Plan

Notes to Financial Statements December 31, 2016 and 2015

Note 1 - Plan Description

The following description of Union Tank Car Company East Chicago, Indiana Hourly Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a noncontributory defined benefit plan covering any hourly employees employed at the Union Tank Car Company East Chicago, Indiana (the "Company") facility who have completed one year of service. Participation in the Plan is frozen and any individual who was not a participant in the Plan on or before August 15, 1983 shall not become a participant in the Plan at any time thereafter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Vesting - Plan participants are entitled to receive retirement benefits regardless of future service with the Company after the participant has completed five years of service.

Benefits - Plan benefits are provided as follows:

Normal retirement - Upon the attainment of age 65, a participant will receive a monthly pension ranging from \$10.00 to \$21.00 (based on the date of retirement), multiplied by the participant's years of credited service earned up to August 15, 1983, and reduced by the monthly amount of any other pension benefits provided by the Company or its affiliates.

Early retirement - For retirement after the attainment of age 55 and 10 years of service, the amount that would have been paid at normal retirement is reduced actuarially for the period of time by which the early retirement date preceded the participant's attainment of age 65, unless the participant attains age 62 after December 31, 1975, in which case the following provisions apply: (1) there would be no reduction in benefits if the participant's benefit payments begin on or after the first month coincident or following the 62nd birthday, or (2) if benefit payments begin before the 62nd birthday, there would be a 0.25 percent reduction per month for each month the first early retirement benefit precedes the first day of the month coincident with or next following the 62nd birthday.

Benefits are based on each employee's years of credited service multiplied by a fixed rate specified by the Plan.

Union Tank Car Company East Chicago, Indiana Hourly Employees' Retirement Plan

Notes to Financial Statements December 31, 2016 and 2015

Note 1 - Plan Description (Continued)

Funding - All contributions are made by the Company in actuarially determined amounts to provide the Plan with assets sufficient to meet the projected benefits to be paid to plan participants. The Company's policy is to make contributions necessary to satisfy ERISA minimum funding standards. Annual contributions meet the minimum funding requirements of ERISA. No participant contributions are permitted.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Wells Fargo Bank, N.A. or its affiliates. Wells Fargo Bank, N.A. is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Administration - Certain employees of the Company provide administrative and trustee services to the Plan. These employees do not receive any compensation from the Plan for their services.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The fair value of the Plan's interest in the Marmon Retirement Master Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual benefit payments and allocated administrative expenses. The common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets. The money market fund is valued at fair value based on its outstanding balance. All other investments are valued based on quoted market prices. See Notes 6 and 7 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Union Tank Car Company East Chicago, Indiana Hourly Employees' Retirement Plan

Notes to Financial Statements December 31, 2016 and 2015

Note 2 - Summary of Significant Accounting Policies (Continued)

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable, under the Plan's provisions, to the service employees have rendered by participants to the valuation date. These include benefits expected to be paid to:

- a. Retired or terminated employees or their beneficiaries
- b. Beneficiaries of employees who have died
- c. Present employees or their beneficiaries

Actuarial Assumptions - The actuarial present value of accumulated plan benefits is determined by a professional actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation of the Plan at December 31, 2015 and 2014 are summarized as follows:

Assumed rate of return	- 2015 and 2014 - 5.00% and 5.75%, respectively
Actuarial cost method	- 2015 and 2014 - Projected unit credit cost method

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 6, 2017, which is the date the financial statements were available to be issued.

New Accounting Pronouncements - During 2016, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 960. The standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Note 3 - Plan Merger

Effective December 31, 2016, the Plan merged into the Berkshire Hathaway Consolidated Pension Plan (Berkshire Pension Plan). At the end of the day on December 31, 2016, participants in the Plan began participating in the merged plan, resulting in a merger of the Plan's total assets of approximately \$7 million into the Berkshire Pension Plan. In January 2017, the merged assets were transferred from the Marmon Retirement Master Trust to the Berkshire Pension Plan trust. The statement of accumulated plan benefits presented in the financial statements includes approximately \$7 million of accumulated plan benefits associated with the Plan at December 31, 2015, which was transferred to the Berkshire Pension Plan effective December 31, 2016.

Note 4 - Unaudited Information

Wells Fargo Bank, N.A. (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment results included in the accompanying financial statements, including the Master Trust information included in Notes 6 and 7, are based solely on information certified by the Trustee.

Note 5 - Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by consulting actuaries from AON Hewitt. The calculation of the estimated present value of accumulated plan benefits attributable to participants in the Plan, which was made as of and for the year ended December 31, 2015, the most recent actuarial valuation, is as follows:

Actuarial Present Value of Accumulated Plan Benefits -

Vested benefits:

Participants currently receiving benefit payments	\$ 5,671,827
Other vested participants	<u>1,109,049</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 6,780,876</u>

Actuarial Present Value of Accumulated Plan Benefits - Beginning of year

Increase (decrease) during the year attributable to:	\$ 6,891,594
Interest	385,844
Benefits accumulated	(130,756)
Changes in actuarial assumption*	291,619
Benefits paid	<u>(657,425)</u>
Net decrease	<u>(110,718)</u>

Actuarial Present Value of Accumulated Plan Benefits - End of year

\$ 6,780,876

* Changes in actuarial assumption relate to the change in the mortality table and assumed rate of return. See Note 2 for additional information.

Note 6 - Interest in Master Trust

The Plan's investments are in the Marmon Retirement Master Trust (the "Master Trust"), which was established for the investment of assets of the Plan, the UTC Railcar Repair Services Defined Benefit Plan, and the Marmon Consolidated Defined Benefit Plan. Each participating plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Wells Fargo Bank, N.A. (the "Trustee"). At December 31, 2016 and 2015 the Plan's interest in the net assets of the Master Trust was 0 percent (see Note 3) and approximately 14 percent, respectively. Investment income and administrative expenses relating to the Master Trust are allocated to the participating plans based upon average monthly balances invested by each participating plan, except for certain administrative expenses that are attributable and charged specifically to the Plan.

The assets of the Master Trust are as follows at December 31, 2015:

Investments - At fair value:	
Mutual funds	\$ 16,573,931
Common collective trust funds	12,962,878
Money market fund	<u>20,047,658</u>
Total investments	49,584,467
Proceeds receivable from securities sold	<u>280,049</u>
Total assets	<u>\$ 49,864,516</u>

The net investment income (loss) of the Master Trust is as follows for the years ended December 31:

	<u>2016</u>	<u>2015</u>
Net investment income (loss):		
Interest and dividends	\$ 694,040	\$ 430,289
Net realized and unrealized gains (loss) on investments	<u>2,573,017</u>	<u>(435,339)</u>
Net investment income (loss)	<u>\$ 3,267,057</u>	<u>\$ (5,050)</u>

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

Union Tank Car Company East Chicago, Indiana Hourly Employees' Retirement Plan

Notes to Financial Statements December 31, 2016 and 2015

Note 7 - Fair Value Measurements (Continued)

The following table presents information about the Master Trust's assets measured at fair value on a recurring basis at December 31, 2015.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2015

	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 16,573,931	\$ 16,573,931	\$ -	\$ -
Money market fund	20,047,658	-	20,047,658	-
Total	36,621,589	\$ 16,573,931	\$ 20,047,658	\$ -
Investments measured at NAV -				
Common collective trust funds	12,962,878			
Total investments at fair value	\$ 49,584,467			

The Master Trust's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2016 or 2015.

Notes to Financial Statements December 31, 2016 and 2015

Note 8 - Tax Status

The Plan has received a determination letter dated July 24, 2015 from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 9 - Plan Termination

While it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in the plan document and ERISA. Should the Plan terminate at some future time, its net assets generally will not be available on a pro-rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Death Benefit

In the event of an active married participant's death on or before the earliest retirement age, the surviving spouse shall receive a benefit based on the participant's vested accrued benefit as of the date of death, but payable as if the participant had separated from service on the date of death, survived to the earliest retirement age, elected a joint and 50% survivor annuity, and died on the day after the earliest retirement age.

In the event of an active married participant's death after the attainment of age 55 and the completion of 10 years of credited service, but prior to normal retirement date, it will be assumed the participant had retired on the day prior to death and elected a joint and 50% survivor benefit.

Termination Benefit

Upon the termination of employment after five or more years of service a participant shall have a vested interest in his accrued benefit which will be payable at normal retirement date. The percentage vested shall be:

Years of Service	Vested Percent
Fewer than 5	0%
5 or more	100%

In the event that a participant has met the service requirements for early retirement at the date of termination, he may elect to receive his vested interest at age 55. Such benefit will be reduced as described under Early Retirement Benefit.

Normal Form of Payment

The normal form of payment is an annuity paid in monthly installments for life.

Optional Methods of Settlement

All optional methods of settlement are actuarially equivalent to the normal form of payment. If a married participant does not elect the normal form of payment or does not elect one of the optional methods of settlement described below, then the participant's retirement benefit shall automatically be paid under option [1] below. The options are:
