APPLEGATE OPERATING COMPANY, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

1. Description of plan

The following description of the Applegate Operating Company, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

The Plan is sponsored and administered by Applegate Operating Company, Inc. (the “Company”). The Plan covers all eligible employees of the Company and is governed by a Plan Agreement. During the year ended December 31, 2014, the Trustee of the plan transferred from Reliance Trust Company to Mid Atlantic Trust Company. Under the terms of a trust agreement between the Trustee and the Plan, the Trustee maintains trust funds on behalf of the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

General

The Plan is a defined contribution plan established to provide voluntary retirement benefits and tax deferred savings opportunities to eligible employees of the Company. All current employees are eligible to participate in the Plan. Eligible employees may begin participating in the Plan when they are at least 21 years of age and have completed one year of eligible service with the Company.

Contributions

Participants may contribute, through tax-deferred salary reductions, an amount equal to the lesser of 75% of the participant’s compensation for the year or a statutory maximum as determined by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Such contributions are 100% vested and non-forfeitable. Participant contributions are subject to certain limitations.

Employer profit sharing contributions are made annually at the discretion of the Company. For the years ended December 31, 2015 and 2014, the Company did not make any contributions.

The Plan allows participants to make rollover contributions subject to special rules. Such contributions are 100% vested and non-forfeitable.

Funding policy

The employer’s funding policy is to make the contributions to the Plan within the time limits set by the Department of Labor.

Participant accounts

Upon enrollment in the Plan, a participant may direct contributions in any of the available investment options. Each participant's account is credited with the participant's salary reduction and rollover contributions and an allocation of the Company's contribution and plan earnings. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's account. All investments are directed by plan participants.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

1. Description of plan (continued)

Vesting

Participants are vested immediately in their elective employee pre-tax withholding account plus actual earnings thereon. Non-elective contributions are not and have never been provided by the Plan; therefore, there is no employee vesting schedule.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at 4.25% which is commensurate with local prevailing rates as determined by the Plan administrator at the time of the loan.

Payment of benefits

A participant's vested account balance becomes distributable upon termination of service due to disability, retirement, or death. Upon severance of employment for other than disability, retirement or death, benefits are paid to employees based on the amount allocated to their account. The participant or beneficiary will be paid in a lump sum. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds \$5,000.

Participants may also elect to withdraw in cash certain vested amounts within the deferred contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code. After a withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional deferred contributions.

Termination provisions

The Company anticipates that the Plan will continue indefinitely; however, the Company reserves the right to terminate the Plan at any time by an action of its Board of Directors. In the event of termination of the Plan, participants shall be 100% vested in their accounts as of the date of termination and will receive a total distribution of the separate account.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Recent accounting pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurements (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient.

NOTES TO FINANCIAL STATEMENTS

2. Summary of significant accounting policies (continued)

Recent accounting pronouncements (continued)

However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the financial statements. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan has elected to early adopt this pronouncement. The adoption of ASU No. 2015-07 does not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In July 2015, the FASB issued ASU No. 2015-12, *(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – Consensus of the FASB Emerging Issues Task Force*. The amendments in this update (1) require a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplify and increase the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provide benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, *Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets*. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan has elected to early adopt this pronouncement. As a result, the footnote disclosing investments as of or greater than 5% as of December 31, 2014 was removed. Additionally, the disaggregation of investments as of December 31, 2014 was removed.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

APPLEGATE OPERATING COMPANY, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

2. Summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Operating expenses

All expenses of maintaining the Plan are paid by the Plan or by the Company. For the years ended December 31, 2015 and 2014, \$130 and \$288, respectively, of expenses were paid by the Plan, while all remaining expenses were paid by the Company.

Statement presentation

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Risks and uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2016, the date the financial statements were available to be issued, and there are no subsequent events requiring disclosure.

APPLEGATE OPERATING COMPANY, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

3. Tax status

The Plan document is a prototype non-standardized 401(k) Plan sponsored by Paychex Inc. The prototype Plan document obtained an opinion letter on April 10, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401 (a) and the related trust is tax-exempt as of December 31, 2015 and 2014. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. Information prepared and certified by the trustee (unaudited)

The following information included in the accompanying financial statements and supplemental schedule was certified by Mid Atlantic Trust Company, the trustee of the Plan as of December 31, 2015 and 2014, respectively, to be complete and accurate in accordance with ERISA rules and regulations. This information has not been audited by independent accountants.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820") are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

5. Fair value measurements (continued)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets
- b. Quoted prices for identical or similar assets or liabilities in inactive markets
- c. Inputs other than quoted prices that are observable for the asset or liability
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Company's assets and liabilities that are measured and recognized at fair value on a recurring basis classified under the appropriate level of the fair value hierarchy as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

6. Qualified non-elective contributions

In any plan year in which the Plan cannot satisfy one or more of the non-discrimination tests, the Company may make a qualified non-elective contribution to the trust in an amount sufficient to enable the Plan to satisfy such tests. For the years ended December 31, 2015 and 2014, the Company made no qualified non-elective contributions.

7. Administration of plan assets

Contributions to the Plan are held and managed by the trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The trustee also administers the payment of interest and principal on participant loans, which is reimbursed to the trustee through contributions as determined by the Company. Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee received compensation from the Plan.

8. Party-in-interest transactions

Notes receivable from participants qualify as party-in-interest transactions and were \$2,913 and \$5,394 as of December 31, 2015 and 2014, respectively.
