Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Medical Specialties Distributors, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan available to all employees of Medical Specialties Distributors, LLC (the "Company"), provided that they are at least 21 years of age and an employee for 30 days. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Plan was most recently amended December 30, 2015, retroactively effective January 1, 2015, to change the eligible enrollment date from the first day of each calendar month after meeting the eligibility requirements to immediately upon reaching eligibility requirements.

Contributions: Participants are allowed to contribute up to 100% of their pretax compensation to the Plan through payroll deductions, not to exceed IRC limitations.

The Company, at its discretion, may make matching and profit sharing contributions to the Plan. During the year ended December 31, 2016, the Company's matching contributions, of \$47,060 equaled 10% of the first 5% of an individual's compensation contributed to the Plan, subject to certain limitations. There were no profit sharing contributions in 2016.

An eligible participant may, at the discretion of the Plan Administrator, transfer tax free to the Plan a distribution from another qualified plan, provided that the transfer qualifies as a rollover contribution under the IRC.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's matching contribution and profit sharing contributions, investment earnings, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are fully vested in all salary contributions, rollovers and earnings thereon. Employer contributions and earnings thereon are vested in accordance with the following schedule:

Years	Vesting Percent
Less than one	0%
One but less than two	25%
Two but less than three	50%
Three but less than four	75%
Four or more	100%

Forfeitures: Participants who terminate prior to being 100% vested forfeit the non-vested portion of their account. Forfeitures will be used to either pay Plan expenses or reduce employer contributions as determined by the Plan Administrator. For the year ended December 31, 2016, \$7,238 of non-vested account balances were forfeited and no forfeitures were used to offset employer contributions. At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$10,406 and \$3,168, respectively.

Payments of benefits: Participants are allowed to withdraw certain portions of their account, as defined by the Plan, upon retirement, death, termination, reaching the age of 59 ½, or determination of financial hardship. Participants are able to elect to receive a lump-sum or annuity distribution based upon the valuation of the participant's vested account balance.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Investment options: Participants can direct their contributions to a guaranteed investment contract and various pooled separate accounts. Participants determine the investment of both Company and participant contributions.

Notes receivable from participants: Participants may borrow from their accounts any amount greater than \$500, but not more than the lesser of \$50,000 or 50% of their account balance, reduced by the highest outstanding loan balance during the preceding twelve month period. A participant may have three outstanding loans at one time. Loans must be repaid within 5 years but may be extended to 30 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate equal to regional bank rates for similar loans. Principal and interest is paid ratably through weekly payroll deductions. Interest rates on outstanding loans are 3.25%.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared on the accrual basis of accounting in accordance with accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets generally accepted accounting principles ("GAAP") to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification ("FASB ASC").

Use of estimates: The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan provides for various investment options in any combination of the guaranteed investment contract and pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by investment advisors and custodians. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Income taxes: GAAP requires plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require revenue recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S federal, state, or local tax authorities for years before 2013.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are the responsibility of both the Plan and the Company. The Company has elected to pay substantially all administrative expenses.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 and 2015 excess contributions to the applicable participants prior to March 15, 2017 and 2016, respectively.

Note 3. Information Certified by Voya Retirement Insurance and Annuity Company

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Voya Retirement Insurance and Annuity Company (Trustee) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets at December 31, 2016 and 2015:

	2016	2015
Investments, at fair value:		
Pooled separate accounts	<u>\$ 5,575,940</u>	<u>\$ 5,705,088</u>
Investments, at contract value:		
Guaranteed investment contract (fully benefit responsive)	<u>\$ 745,741</u>	<u>\$ 580,247</u>
Notes receivable from participants	<u>\$ 271,276</u>	<u>\$ 257,628</u>

Voya Retirement Insurance and Annuity Company also certified to the completeness and accuracy of net appreciation in fair value of investments of \$362,224, \$14,279 of interest income related to the guaranteed investment contract, and \$8,758 of interest income related to notes receivable from participants for the year ended December 31, 2016.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 4. Tax Status

The Plan, through its adoption of a volume submitter plan (a prototype plan), has obtained an opinion letter issued to The Angell Pension Group, Inc. on September 30, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5. Excess Contributions

At December 31, 2016 and 2015, liabilities of \$21,243 and \$19,065, respectively, are recorded for amounts refundable by Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

Note 6. Party-In-Interest Transactions

Plan investments include shares of a guaranteed investment contract and pooled separate accounts managed by Voya Retirement Insurance and Annuity Company ("Voya") and administrative fees are paid to Voya. Voya is the trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor also paid certain administrative expenses of the Plan. Notes receivable from participants also qualify as party-in interest transactions.

Note 7. Guaranteed Investment Contract

The Voya Fixed Account is a fully benefit-responsive investment contract. Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The account is credited with interest which is subject to a minimum contractual guarantee of 3.0%. As of December 31, 2016 and 2015, the contract value of the synthetic investment contracts is \$745,741 and \$580,247.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was 2.2% as of December 31, 2016.

The plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events include:

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 7. **Guaranteed Investment Contract (Continued)**

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. These events include:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Note 8. **Fair Value Measurements**

FASB ASC 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 8. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2016 and 2015.

Pooled separate accounts: Valued at the net asset value ("NAV") using market prices of underlying assets and audited financial statements rather than quoted prices in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

December 31, 2016	Total Fair Value	Level 1	Level 2	Level 3
Investments:				
Pooled separate accounts (a)	\$ 5,575,940	\$ -	\$ -	\$ -
Total investments at fair value	<u>\$ 5,575,940</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
December 31, 2015	Total Fair Value	Level 1	Level 2	Level 3
Investments:				
Pooled separate accounts (a)	\$ 5,705,088	\$ -	\$ -	\$ -
Total investments at fair value	<u>\$ 5,705,088</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

- (a) In accordance with ASU 2015-07, certain investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.
