NOTE 1 – DESCRIPTION OF PLAN

The following description of the Guardian Service Industries, Inc. 401(k) (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on May 15, 2013 for eligible employees of Guardian Service Industries, Inc. (the "Sponsor" and "Employer"), as defined.

Effective December 1, 2014 the Plan was amended and restated to ensure continued qualification.

Eligibility for Participation

An eligible employee is any employee who is not excluded from the Plan. Excluded employees are those who are bargaining employees (employees covered by any collective bargaining agreement between Plan Sponsor and employee representatives) and non-resident aliens with no US income. Eligible employees can participate in: (i) the 401(k) portion of the Plan upon completing one year of service, as defined, provided that they have attained the age of 21, and (ii) qualified 401(k) match safe harbor portion of the Plan upon completing one year of service, as defined, provided that they have attained the age of 21. The date of enrollment is January 1st, April 1st, July 1st or October 1st coincident with or next following the date the employee meets the eligibility requirements.

Eligibility for Contribution

I. Salary Deferral Contributions. The maximum contribution for the calendar year 2016 and 2015 was limited to $18,000, plus up to $6,000, in a catch-up contribution for participants of age 50 or over. Participants direct the investment of their contributions into various investment options offered by the Plan. At December 31, 2016 and 2015, the Plan's investments were maintained in mutual funds and common/collective trusts. The Plan maintains an individual account for each participant-directed investment showing the participant's interest in each fund. Each participant's share of investment income is allocated on a pro-rata basis.

II. Employer 401(k) Match Safe Harbor Contributions. The Plan Sponsor matches 100% of the 1st 3% of employee contributions and 50% of the next 2% of employee contributions, limited to 5% of employee compensation.

Participants file an election online designating the proportion in which contributions on their behalf are to be allocated among investment funds.

Participant Accounts

Each participant’s account is credited with the employee-elected salary deferral contribution, employer discretionary contributions, qualified distributions from other retirement plans, and an allocation of Plan earnings, (and charged with an allocation of administrative expenses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Participants are also vested immediately in the Qualified Employer 401(k) Safe Harbor Matching contributions.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants are permitted to take loans from the Plan. Participants are allowed to borrow up to one-half of their vested interest up to a maximum of $50,000 pursuant to the Plan agreement. The minimum amount of any loan is $1,000. Loan terms vary in duration but the loan period is not to exceed five years. Loans bear interest at a rate set by the Plan Sponsor, which is currently 1% over the prime rate. Principal and interest are paid ratably through weekly payroll deductions. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

Payment of Benefits

Upon retirement (age 65 is normal retirement age), death, disability or termination of employment, participants or designated beneficiaries will receive their participating interests in a single lump-sum amount equal to the value of their account or in annuity payments. The Plan also allows for in-service distributions for participants over the age of 59 1/2.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Recently Enacted Accounting Standards

Effective for plan year ended December 31, 2015, the Plan adopted the guidance issued by the Financial Accounting Standards Board (“FASB”) Accounting Standards Update (“ASU”) 2015-12 Plan Accounting: Defined Contribution Pension Plans (Topic 962) and 2015-07 Disclosure for Investments in Certain Entities That Calculate NAV.

The amendment 2015-12 removes the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and removes the requirement to disclose the net appreciation or depreciation for investments by general type. The net appreciation (depreciation) is presented in the aggregate. In addition, the amendment now requires that all investments should be disaggregated based only on general type, eliminating the need to further disaggregate the investments in accordance with Fair Value Measurements (Topic 820).

Under the amendment 2015-07, investments in entities for which fair value is calculated using the net asset value (NAV) are no longer required to categorize within the fair value hierarchy those investments that use NAV as a practical expedient, although there must be a reconciliation of the fair value hierarchy to amounts presented in the statement of net assets available for benefits. Disclosure of investment strategy is no longer required for funds that file a U.S. Department of Labor 5500.

The Board issued these ASUs to simplify and make more effective the investment disclosure requirements for employee benefit plans. The Plan has reflected the effects of these amendments as of December 31, 2016 and 2015 and for the year ended December 31, 2016.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. Administrative expenses are paid by the Plan. Quarterly administrative fees are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Loan origination fees are netted from the total loan amount. Distribution fees are netted from the from the total distribution amount.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Subsequent Events

The Plan administrator has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (CUSTODIAN) AS COMPLETE AND ACCURATE

The net investment income from the investment in the custodian accounts consists of interest, dividends, and realized and unrealized appreciation or depreciation in market value of the investments, net of investment expenses.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Custodian for the year ended December 31, 2016 and 2015:

	2016	2015
Investments at fair value	$1,132,559	$ 797,072
Net appreciation in fair value of investments	$ 47,166	
Interest and dividend income	$ 30,714	

NOTE 3 – INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (CUSTODIAN) AS COMPLETE AND ACCURATE (CONTINUED)

Notes receivable from participants of $28,582 and $18,938 in 2016 and 2015, respectively, and interest income on notes receivable from participants of $635 in 2016 have also been certified by trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds:

Collective trust funds are valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at fair value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,131,182	$ -	$ -	$ 1,131,182

The following table summarizes investments for which fair value is measured using the net asset value (NAV) per share practical expedient as of December 31, 2016 and 2015, respectively. The Reliance Stable Value Collective Trust is a direct filing entity (DFE). There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 5 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Most Plan assets are invested in American Funds Target Funds, American Funds Amcap, American Funds American Balanced, American Funds Capital Inc Bldr, American Funds Fundamental Invs, American Funds Income Fund of America and American Funds New World which are managed by Capital Bank and Trust Company. Effective January 30, 2015 Capital Bank and Trust Company (American Funds) is the Trustee of the Plan assets, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. Any unallocated assets of the plan should be allocated to participant accounts and distributed in such a manner as the company may determine.

NOTE 7 –TAX STATUS

On March 31, 2014, the IRS stated that the prototype non-standardized Profit Sharing Plan with CODA of Siegel Actuarial Consulting Inc. adopted by the plan, as then designed, and the related trust qualifies under Internal Revenue Code (IRC) Section 401 (a). The plan has not received a determination letter specific to the plan itself; however, the plan administrator believes that the plan was designed and was being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTION - DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2016, for nine payrolls, the Plan Sponsor inadvertently failed to make deposits of $1,159 for participant contributions and deposits of $463 for Safe Harbor matching contributions to the Plan for one participant. The DOL considers late deposits without regard to materiality to be prohibited transactions. The general rule for withholdings requires that the employer remit withheld employee deferrals to the Plan as of the earliest date on which such amounts can reasonably be segregated from the employer’s general assets. The Plan Sponsor has agreed to absorb any costs incurred by the Plan as a result of the untimely remittance of the participant accounts. The participant account will be credited with the investment income (lost earnings) which would have been earned had participant contributions been remitted on a timely basis.
