## 1. Plan Description

The following description of Wapiti Operating, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or Summary Plan Description ("SPD") for a more complete description of the Plan's provisions.

### *General*

The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of Wapiti Operating, LLC, Fortitude Management Group, LLC, and Fortitude Specialty Manufacturing, LLC (collectively hereafter referred to as the "Company"). To be eligible to participate in the Plan, an employee must have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and subsequent amendments.

### *Contributions*

Each year participants may contribute up to 90% of their pre-tax annual compensation, as defined in the plan agreement, up to the maximum allowable under the Internal Revenue Code ("IRC"), and have the option to designate either all or a portion of their contributions as Roth contributions. Roth contributions are made after-tax and offer the advantages of tax free distributions. The Plan allows participants age 50 and older to make additional salary deferrals (referred to as employee catch-up contributions), subject to legal limits. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans.

Effective January 1, 2016, the plan agreement was amended to make the Plan a safe harbor plan. As a result, the employer match has changed to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation contributed to the Plan by participants. The safe harbor plan has also added an additional 2% discretionary match. The Company provided total matching contributions for both safe harbor and discretionary match up to 6% of annual compensation as defined by the plan agreement.

The Company may also make profit sharing contributions in the amounts that will be determined at plan year-end by the Company. For the years ended December 31, 2016 and 2015, there were no profit sharing contributions that were made to the Plan.

### *Participant Accounts*

Each participant's account is credited with the participant's and the Company's contributions, an allocation of net plan earnings (losses) and administrative fees as applicable. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers 38 investment options for participants.

### *Vesting*

Participants are immediately vested in their contributions and rollover contributions and the appreciation or depreciation thereon. The participants are 100% vested in the Company's matching contribution due to the safe-harbor election. For additional discretionary matching and profit sharing contributions, these vest ratably each year over a two-year service period.

### *Payment of Benefits*

Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum distribution or installment payments under various options. Hardship withdrawals are available if the participant meets certain criteria. A participant who

receives a hardship withdrawal shall be prohibited from making contributions to the Plan for six months after receipt of such distribution. The Plan also permits in-service withdrawals from the Plan due to attainment of age 59½ and circumstances of financial hardship, in accordance with provisions specified in the plan agreement.

### *Forfeitures*

Forfeiture allocations are first used to pay administrative expenses under the Plan. Any remaining amounts can be used to reduce future employer matching contributions payable under the Plan. Forfeited accounts totaled approximately $72,000 and $92,000 at December 31, 2016 and 2015, respectively. There were approximately $35,000 and $30,000 of forfeitures used for the years ended December 31, 2016 and 2015, respectively.

### *Administrative Expenses*

Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Company, are charged to and paid from the Plan's assets. Fees related to the administration of participant-directed expenses are charged directly to the participant's account. Investment related expenses are included in net appreciation or depreciation of fair value of investments. In 2016 and 2015, there were approximately $35,000 and $30,000, respectively, of administrative expenses paid using forfeitures, primarily related to investment advisory fees and audit fees.

## 2. Summary of Significant Accounting Policies

### *Basis of Accounting*

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2016 and 2015.

***Payment of Benefits***

Benefits are recorded as a reduction to net assets available for benefits when paid.

***Subsequent Events***

The Company has evaluated all subsequent events and transactions through October 10, 2017, which is the date the financial statements were available for issuance and has determined that there are no events that require recognition in the financial statements or disclosure in the notes to the financial statements.

## 3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule, stated at fair value, is complete and accurate.

| ***December 31,*** | **2016** | **2015** |
|---|---|---|
| Mutual funds | $ 5,612,045 | $ 5,712,931 |

| ***Year Ended December 31,*** | **2016** | **2015** |
|---|---|---|
| Interest and dividend income | $ 171,237 | $ 282,644 |
| Net appreciation (depreciation) in fair value of mutual funds | 246,454 | (267,257) |

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## 4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

**Level 1:** Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

**Level 2:** Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

**Level 3:** Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in methodologies used at December 31, 2016 and 2015.

There were no transfers between levels for the years ended December 31, 2016 and 2015.

The following tables set forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016 and 2015. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

| | Investment Assets at Fair Value as of December 31, 2016 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 5,612,045 | $ - | $ - | $ 5,612,045 |

## 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their balances.

The Company has closed the operations of Fortitude Specialty Manufacturing, LLC and terminated all of its employees effective July 8, 2016. This resulted in more than 20% of eligible participants being terminated and triggered a partial plan termination. All affected terminated employees in the Plan became 100% vested in the Plan upon termination and were provided the option to have their account balance rolled into any qualified plan or IRA, or receive a lump sum distribution.

## 6. Income Tax Status

The Plan adopted a standardized prototype arrangement designed by Fidelity Management and Research Company ("Fidelity"). Fidelity received a determination letter dated March 31, 2014 from the Internal Revenue Service ("IRS") that qualified the prototype arrangement as tax-exempt under the appropriation of the IRC. The Plan has not yet filed for its own determination letter from the IRS. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that it is no longer subject to income tax examinations for years prior to 2013.

## 7. Related Party Transactions

The plan assets are managed by Fidelity Management Trust Company, the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. In addition, other entities that provide various services to the Plan are also considered parties-in-interest. Fees paid by the Plan to parties-in-interest for administrative services of the Plan amounted to approximately $35,000 and $30,000 for the years ended December 31, 2016 and 2015, respectively.

## 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
