Employee Long-Term Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Universal Hospital Services, Inc. Employee Long-Term Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Other Matter—Supplemental Schedule
The supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the Universal Hospital Services, Inc. Employee Long-Term Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a contributory defined contribution plan covering substantially all Universal Hospital Services, Inc. (the Company) employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Internal Revenue Code of 1986, as amended (the Code).

Eligibility: Qualified employees are immediately eligible to participate in the Plan on their employment start date, as defined by the Plan.

Contributions: The Plan's participants may contribute annually up to a total of 60 percent of their base compensation before taxes, subject to Internal Revenue Service (IRS) limitations. The participants may also contribute up to 100 percent of after-tax compensation. Eligible participants are automatically enrolled, and 3 percent of eligible participant compensation is automatically deducted as a pretax salary deferral contribution to the Plan, unless otherwise directed by the participant. The Plan also provides for employer matching contributions, which are made at the discretion of the Company's Board of Directors. The Company currently provides an employer matching contribution of 50 percent of the first 6 percent of participant deferral contributions. Additional employer contributions may be made at the discretion of the Board of Directors. There were no additional employer contributions made to the Plan during the year ended December 31, 2016.

Participant accounts: Participants, at their discretion, may direct contributions in whole percentage increments in any of the Plan's various investment options, as more fully described in the Plan's literature. Contributions may be allocated entirely to one fund or a combination of funds and may be changed at any time. Company contributions are allocated among the investment funds in the same manner as participant contributions. Each participant's account is credited with the participant's and the Company's contributions and an allocation of Plan investment results and administrative expenses. Investment results and administrative expenses are allocated to participant accounts in the proportion that each participant's account balance bears to the total of all participant accounts by fund, or specific participant transactions, as defined. The benefit to which a participant is entitled is equal to the vested balance in the participant's accounts.

Vesting: Participants are fully vested in their own contributions at all times. Company contributions vest at a ratio of 33 percent per year beginning after one year of service until fully vested after three years of service. Participants also become fully vested in Company contributions upon death, permanent disability, the attainment of age 65 or Plan termination.

Forfeited accounts: Forfeited nonvested accounts are used to reduce future Company contributions. For the year ended December 31, 2016, Company contributions were reduced by approximately $147,000 from forfeited nonvested accounts. There were no forfeited nonvested accounts at December 31, 2016 or 2015.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts up to a maximum of the lesser of 50 percent of their vested account balance or $50,000, with a $1,000 minimum. Note terms are up to five years or up to 10 years for the purchase of a principal residence. The notes are collateralized by the participant's account and bear interest at a fixed rate of one percentage point above the prime rate at the time of note origination. Certain notes were added to the Plan from plan mergers in 2012. These notes were established in the predecessor plan at an interest rate significantly below current note terms. Notes receivable from participants are due in installments of principal and interest, generally through payroll deductions. Notes receivable from participants at December 31, 2016, have interest rates ranging from 0.10 percent to 8.25 percent and mature at various dates through October 2026.

Benefits paid to participants: Vested benefits are distributed at the option of the participant in the form of a lump-sum amount, installment payments or any combination of these options, as defined by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and trustee. See Note 4 for a discussion of fair value measurements.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis, and unrealized gains and losses are recorded based on the fair values as of the reporting dates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Benefits paid to participants: Benefits paid to participants are recorded when paid.

Administrative expenses: Substantially all administrative expenses are paid by the Plan. In addition, certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 2. Summary of Significant Accounting Policies (Continued)

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2016 statement of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 10, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2016	2015
Investments, at fair value:		
Registered investment companies	$ 72,354,668	$ 67,645,323
Collective trust fund	4,524,331	4,194,808
Notes receivable from participants	2,820,842	2,600,977

Fidelity Management Trust Company also certified to the completeness and accuracy of $3,411,148 of net appreciation in fair value of investments, $2,093,449 of interest and dividends related to the aforementioned investments, and $118,444 of interest related to notes receivable from participants for the year ended December 31, 2016.

Note 4. Fair Value Measurements

Accounting standards established the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies: Shares in registered investment companies (mutual funds) are valued at the quoted market price of shares held by the Plan at year-end in the active market on which the individual securities are traded.

Collective trust fund: The collective trust fund is valued based on the NAV of underlying assets that are composed of investment contracts and security-backed contracts. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investment comprising the targets less their liabilities.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 72,354,668	$ -	$ -	$ 72,354,668
Investments measured at net asset value (a)				4,524,331
Total assets at fair value				$ 76,878,999

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 67,645,323	$ -	$ -	$ 67,645,323
Investments measured at net asset value (a)				4,194,808
Total assets at fair value				$ 71,840,131

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Net asset value: The Plan follows guidance on how entities should estimate the fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

	Fair Value at December 31		Redemption Frequency
Investment	2016	2015	and Notice Period
Fidelity Managed Income Portfolio	$ 4,524,331	$ 4,194,808	Redemption must be made within 1 year of notice by Plan

There are no unfunded commitments related to this investment.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies and a collective trust fund managed by affiliates of Fidelity Management Trust Company, the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return of each fund.

Note 7. Tax Status

Effective April 23, 2010, the Plan adopted a nonstandardized form of a prototype plan sponsored by Fidelity Management Trust Company. The prototype plan has received an opinion letter dated March 31, 2014, from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended subsequent to the version covered by the prototype plan's determination letter. However, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2016 and 2015, to Form 5500:

	December 31	
	2016	2015

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Universal Hospital Services, Inc. Employee Long-Term Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies: Shares in registered investment companies (mutual funds) are valued at the quoted market price of shares held by the Plan at year-end in the active market on which the individual securities are traded.

Collective trust fund: The collective trust fund is valued based on the NAV of underlying assets that are composed of investment contracts and security-backed contracts. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investment comprising the targets less their liabilities.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 72,354,668	$ -	$ -	$ 72,354,668
Investments measured at net asset value (a)				4,524,331
Total assets at fair value				$ 76,878,999

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 67,645,323	$ -	$ -	$ 67,645,323
Investments measured at net asset value (a)				4,194,808
Total assets at fair value				$ 71,840,131

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Net asset value: The Plan follows guidance on how entities should estimate the fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

	Fair Value at December 31		Redemption Frequency
Investment	2016	2015	and Notice Period
Fidelity Managed Income Portfolio	$ 4,524,331	$ 4,194,808	Redemption must be made within 1 year of notice by Plan

There are no unfunded commitments related to this investment.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies and a collective trust fund managed by affiliates of Fidelity Management Trust Company, the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return of each fund.

Note 7. Tax Status

Effective April 23, 2010, the Plan adopted a nonstandardized form of a prototype plan sponsored by Fidelity Management Trust Company. The prototype plan has received an opinion letter dated March 31, 2014, from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended subsequent to the version covered by the prototype plan's determination letter. However, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2016 and 2015, to Form 5500:
