We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Great-West Life & Annuity Insurance Company as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

The following description of the Autoliv Nissin Brake Systems America LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all non-union employees of Autoliv Nissin Brake Systems America LLC (the Company) who are age eighteen or older. The Plan and the related trust agreement were established effective April 1, 2016, to provide retirement benefits and are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In 2016 the Company was formed to separate a division of Nissin Brake Ohio, Inc. into the newly created limited liability company. As a result, on April 1, 2016 the accounts of all Nissin Brake Ohio employees that became employees of Autoliv were transferred into the Plan from the Nissin Brake Ohio Plan.

Contributions to the Plan: The Plan provides for participants to defer an unlimited amount of their compensation, as defined by the Plan. The amount of a participant's contributions for any Plan year may not exceed certain limits which are set forth in the Plan and the IRC. Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and profile series as investment options as well as a guaranteed interest rate option for participants.

The Company will also make a matching contribution equal to 50% of the amount of each participant's contribution. In applying the 50% match, however, only contributions up to 6% of a participant's compensation will be considered. The Company may also elect to make a discretionary profit sharing contribution. No such contribution was made in fiscal year 2016.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the company's contribution, and charged with an allocation of any administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefits that can be provided from the participants vested account.

Eligibility and Vesting: Employees become eligible as participants in the Plan on the earlier of January 1, April 1, July 1 or October 1 following 30 days of service and attainment of age 18. Eligible employees do not include employees covered by a collective bargaining agreement.

Participants are immediately vested in their salary deferral and earnings thereon. Company matching and discretionary contributions and earnings thereon are vested at 20% per year for five years.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 4.50 percent, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Participants may only have one loan outstanding at a time.

Forfeitures: Forfeited nonvested accounts totaled \$0 at year end and will be used to reduce future employer contributions. Employer contributions were reduced by \$0 of forfeitures during 2016.

A – DESCRIPTION OF PLAN (continued)

Distribution of Benefits: Participants eligible to receive benefit distributions can elect to receive the distribution in a single lump sum payment or in installments over a period not to exceed a participant's life expectancy. In addition, the Plan includes a provision for participants to make withdrawals from their account under certain "hardship" circumstances, subject to approval by the Plan Committee. However, after a hardship distribution, a participant is ineligible to make salary deferral contributions for a period of 6 months.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

Administrative Expenses: All administrative expenses are paid by the Plan unless paid by the Company.

B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: Investments are stated at fair value as reported by the Plan's custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note J for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. Realized and unrealized appreciation (depreciation) is included in investment income.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Notes Receivable from Participants: Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest and are classified as notes receivable from participants.

Subsequent Event: The Company has evaluated all subsequent events through October 11, 2017, the date the financial statements were available to be issued.

B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial Statement Disclosures: Beginning in 2016, the Plan adopted the simplification for benefit plan reporting vehicle which: 1) clarifies that contract value is the relevant measure for fully benefit-responsive investment contracts; 2) simplifies the level of disaggregation for investments measured using fair value; and 3) no longer requires disclosure of individual investments with a value equal to or greater than 5% of net assets available for benefits. The change has been applied retrospectively.

C – PLAN INVESTMENTS

The Plan's investments consist of the following:

	2016
Mutual funds	\$ 10,539,735
Guaranteed interest fund	347,397

During 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$587,577. Mutual funds appreciated \$584,454 and the Guaranteed interest fund appreciated \$3,123 during the year.

D – INFORMATION CERTIFIED BY THE ASSET CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.108-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan has received certification from the Asset Custodian that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015
- Investments activity, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016
- The Schedule of Assets Held for Investment Purposes as of December 31, 2016 as shown on Schedule I

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

F – REQUIRED SCHEDULE INFORMATION

There is no information to be reported for the following schedules as of December 31, 2016, or for the period then ended.

- a. Non-exempt transactions
- b. Loans or fixed income obligations
- c. Leases in default or classified as uncollectible
- d. Investment assets both acquired and disposed of within the plan year
- e. Reportable transactions

G – TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Company believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, that the Plan is qualified, and the related trust is tax exempt. Plan management believes there are no uncertain tax positions that would require recognition of a liability or disclosure in the financial statements. The Plan's returns are subject to examination by the Internal Revenue Service, generally for three years after the date the return is filed.

H – PLAN ADMINISTRATION

The Plan is administered by a committee appointed by the Company and Empower Retirement Services, the Plan's third-party administrator. The Great-West Life & Annuity Insurance Company is the Plan's custodian and holds all Plan assets and executes all Plan transactions.

I – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held in funds managed by Great-West Life & Annuity Insurance, the Plan's asset custodian and recordkeeper. Therefore, transactions with Great-West qualify as party-in-interest.

Certain administrative functions are performed by employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory or administrative exceptions from the Code and ERISA's rules on prohibited transactions.

J - FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the valuation hierarchy.

Guaranteed interest fund: Measured at fair value, which is contract value that approximates fair value, on a recurring basis. The guaranteed investment fund uses a discounted cash flow valuation methodology where the interest rate for the portfolio investment contract is reset at least as frequently as annually. Contract value reported by the asset custodian.

J - FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Level 1	Level 2	Level 3	Total
Assets at Fair Value at December 31, 2016				
Mutual funds	\$10,539,735	\$ -	\$ -	\$10,539,735
