## NOTE A - DESCRIPTION OF THE PLAN

The following description of the Wargaming (USA), Inc. 401(k) Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### *General*

Effective January 1, 2013, Wargaming (Austin), Inc. established the Plan for the benefit of all eligible employees, including employees of Wargaming America, Inc., Wargaming (Washington D.C.), Inc., Wargaming West Corporation and Wargaming (Seattle), Inc. (collectively, the Company). The Plan sponsor changed from Wargaming (Austin), Inc. to Wargaming (U.S.A.), Inc. in December 2015. WG Cells, Inc., which was previously called Dropforge Games, Inc., an affiliate under common ownership, was admitted to the plan in April 2016.

The Plan is a defined contribution plan in which employees of the Company become eligible to participate after completing three consecutive months of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Throughout 2016, the Plan was managed by MassMutual Retirement Services, a division of Massachusetts Mutual Life Insurance Company (Mass Mutual), the Plan's custodian.

### *Contributions*

Participants may make pretax salary deferral contributions of up to 90% of their annual compensation, subject to IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing transfers from other qualified defined contribution plans. The Company contributes 100% of the first 3% of salary deferral plus 50% of the next 2% of salary deferral, not to exceed 5% of eligible compensation.

### *Participant Accounts*

Each participant's account is credited with the participant's contribution, Company contribution, and an allocation of the Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the value of his or her vested account.

### *Vesting*

Participants are immediately vested in their own contributions, rollovers, Company contributions and Company discretionary qualified non-elective contributions plus actual earnings thereon.

### *Notes Receivable from Participants*

Participants may borrow a minimum of $1,000 up to a maximum of $50,000, or 50% of the vested portion of their account balance, whichever is less. A loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans, based on the prime rate plus 1% at the date of the loan. Principal and interest are paid ratably through payroll deductions. Repayment occurs over a period not to exceed five years, unless the loan is to acquire any dwelling unit that is or will be the principal

residence of the participant, in which case the repayment period may extend to 30 years. Participants can have no more than two loans outstanding at a time.

***Benefit Payments***

Participants may take withdrawals prior to termination of employment under a hardship withdrawal, rollover contributions or an age of 59-1/2 withdrawal whereby a participant may withdraw all or any portion of his or her account. Upon termination of service due to death, disability, retirement or other reasons, participants may receive the vested balance of their accounts. Vested balances greater than $5,000 are distributed upon election by the participant. All amounts are distributed in a lump-sum payment. Distributions are subject to the applicable provisions of the Plan document.

***Administrative Expenses***

The Plan's administrative expenses are paid by the Plan and expensed as incurred, unless paid by the Company.

## NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting***

The Plan's financial statements are prepared under the accrual method of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

Investments are reported at fair value, except for fully benefit-responsive contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in the orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits attributable to fully benefit responsive contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

***Payment of Benefits***

Benefits are recorded when paid.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent loans are reclassified as distributions based on the terms of the Plan document.

## NOTE C - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Mass Mutual, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015.

- Net appreciation in fair value of pooled separate accounts and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2016.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in financial statements and supplemental schedule.

## NOTE D - FAIR VALUE MEASUREMENTS

Accounting guidance issued by the Financial Accounting Standards Board establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.

- Quoted prices for identical or similar assets or liabilities in inactive markets.

- Inputs other than quoted prices that are observable for the asset or liability.

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

However, the determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based on the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Pooled separate accounts - Valued based on the net asset value (NAV) provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus liabilities, and then divided by the number of shares/units held by the Plan at year-end. The NAV is quoted on a private market and the underlying assets owned by the fund are traded on active markets. No restrictions apply to these funds and the investments may be redeemed daily.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2016 and 2015, all Plan assets at fair value consist of pooled separate accounts for which the NAV is used as a practical expedient to estimate fair value. Accordingly, the Plan has no assets that are required to be reported in the fair value hierarchy.

## NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan invests in a fixed account provided through a group variable funding agreement, issued by Hartford Life Insurance Company. This traditional investment contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions, plus earnings, less participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include (1) transfers of assets from the fund into a competing investment option and (2) when total distributions and transfers in the fund exceed certain levels. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

## NOTE F - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE G - RELATED-PARTY TRANSACTIONS

Certain Plan investments are pooled separate accounts managed by an affiliated company of Mass Mutual. Mass Mutual is the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

## NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## NOTE I - TAX STATUS

The Plan is a Volume Submitter Profit Sharing Plan (Volume Submitter Plan) that has been adopted by the Company. The prototype plan obtained its latest opinion letter on September 14, 2011, in which the Internal Revenue Service (IRS) stated that the Volume Submitter Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is currently designed and being operated in compliance in all material respects with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial

statements**.** The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

## NOTE J - SUBSEQUENT EVENTS

Plan management evaluated its December 31, 2016, financial statements for subsequent events through October 11, 2017, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure except as follows:

In June 2017, the Plan had a change in custodian and recordkeeper from MassMutual Retirement Services and Nicholas Pension to Fidelity Management Trust Company. In addition, the requirement that employees become eligible to participate after completing three consecutive months of service was removed and employees are now immediately eligible to participate.
