To the Investment Committee
Arctic Cat Inc. Retirement Savings Plan
Thief River Falls, Minnesota

We have conducted a DOL limited-scope audit of the financial statements of Arctic Cat Inc. Retirement Savings Plan for the year ended December 31, 2016 and have issued our report thereon dated October 9, 2017. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from information certified by the providers, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our discussion on January 11, 2017. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Arctic Cat Inc. Retirement Savings Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2016. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates noted. Certain financial statement disclosures are particularly sensitive because of their significance to the financial statement users. The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 9, 2017.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Directors and management of Arctic Cat Inc. Retirement Savings Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Brady Martz

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Arctic Cat Inc. Retirement Savings Plan
Thief River Falls, Minnesota

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Arctic Cat Inc. Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Bank and Trust, FSB, and Prudential Retirement Insurance and Annuity Company, providers of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the providers hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the providers as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the providers is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year), as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the providers, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 PLAN DESCRIPTION

The following description of the Arctic Cat Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all full-time employees of Arctic Cat Inc. (the "Company"), who have 60 days of service and have attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a committee appointed by the Company. Third Party Administrators serve as the trustee of the plan, maintain the records of the participant data and hold the Plan assets.

Contributions

Participants may contribute between 1% and 50% of their compensation as defined in the Plan, up to the maximum allowed by law. The Plan also contains an automatic enrollment feature whereby the Company will begin to automatically deduct 3% on a pre-tax basis, unless the employee opts out or elects a different deferral percentage. For participants contributing less than 10%, their deferral percentage will automatically increase by 1% each April 1, unless they opt out. The employer may elect to contribute discretionary matching contributions or qualified non-elective contributions. The Company provides for an employer matching contribution of 50% of the employees' elective deferrals up to a maximum of 2.5%. Effective November 30, 2016, the Company suspended the employer matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the employer's contribution and an allocation of plan earnings. Allocations are based on participant account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan allows for participant-directed investment programs for which separate funds are maintained. The employer profit sharing contribution may be invested in Arctic Cat Inc. common stock as directed by the Company. However, participants may re-direct these funds out of Arctic Cat Inc. common stock into any other Plan investment, but participants cannot re-invest in Arctic Cat Inc. common stock. No voluntary participant contributions are able to be directed to Arctic Cat Inc. common stock.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in Company matching contributions is based on years of service, and is 100% vested after five years.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% over the prime rate of interest at the time the loan is issued. Principal and interest are paid ratably through weekly payroll deductions over a period not to exceed five years, unless the loan is used to aid in the purchase of a principal residence in which case the period may not exceed ten years.

Payment of Benefits

Upon retirement, termination, disability or death, a participant or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a series of substantially equal periodic installments. Additionally, participants may take an in-service distribution of employee deferrals upon reaching age 59½. Upon termination of service, the Plan requires participants with account balances of $1,000 or less to receive a lump-sum cash payment or a direct rollover as soon as reasonably practicable upon the participant's employment termination. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70½.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures

Forfeitures may be used to pay administrative expenses or reduce future employer contributions payable under the Plan. Forfeited nonvested account balances were $29,106 and $39,180 at December 31, 2016 and 2015, respectively. During the Plan years ended December 31, 2016 and 2015, employer match of $52,081 and $46,752, respectively was paid from forfeited nonvested accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract Value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The presentation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information by the investment advisors and providers. See Note 5 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses incurred in connection with the Plan that are paid by the Company with forfeited dollars are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. Certain investment related expenses are included in the net appreciation of fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits. Transaction fees for loans and disbursements that are paid by the participants are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. All other administrative expenses that are paid directly by the Company are excluded from these financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 3 RECENTLY ADOPTED PRONOUNCEMENTS

In May of 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. This standard eliminates the requirement to categorize investments for which fair values are measured using the net asset value per share practical expedient. It also limits disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management elected to early adopt this ASU effective for the year ended December 31, 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, and (Part III) *Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management elected to early adopt Parts I and II effective for the year ended December 31, 2015.

NOTE 5 FAIR VALUE MEASUREMENTS

FASB Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priory to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are listed below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability; and
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Common Stock: Valued at the closing price reported on the active market on which the individual security is traded.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the NAV of shares held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchased

and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Common Stock	$ 2,234,712	$ -	$ -	$ 2,234,712
Mutual Funds	53,401,026	-	-	53,401,026
Total Assets in the Fair Value Heirarchy	$ 55,635,738	$ -	$ -	$ 55,635,738

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Common Stock	$ 2,606,106	$ -	$ -	$ 2,606,106
Total Assets in the Fair Value Heirarchy	$ 2,606,106	$ -	$ -	2,606,106
Investments Measured at Net Asset Value (a)				51,777,950
Investments at Fair Value				$ 54,384,056

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2016	December 31, 2015	Unfunded	Redemption	Other Redemption	Redemption
	Fair Market Value	Fair Market Value	Commitments	Frequency	Restrictions	Notice Period
Pooled Separate Accounts	$ -	$ 51,777,950	N/A	Daily	-	-

NOTE 6 FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS

The Plan participates in Prudential Guaranteed Income Fund (GIF), which by definition is considered to be a guaranteed investment contract, or GIC. The contract is an insurance company issued general account backed group annuity contract. There are no specific securities in the general account that back the investments in this account. All transactions are at contract value, including discontinuance of the contract. In certain circumstances when total distributions or transfers in the GIF within a calendar year exceed pre-determined thresholds, transactions in the GIF may face certain restrictions, in accordance with the contract terms. This could potentially result in the GIF not being fully benefited responsive in certain circumstances.

The GIF is a group annuity insurance product issued by Prudential Retirement Insurance and Annuity Company ("PRIAC"), Hartford, CT and is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of PRIAC and not on the value of the securities within the issuer's general account. The credit rating of the issuer at December 31, 2016 was A1 as reported by Moody's Investors Service. Deposits made to the GIF are deposited in PRIAC's general account. Payment obligations under the GIF represent an insurance claim supported by all general account assets. The GIF does not operate like a mutual fund, variable annuity product or conventional fixed rate individual annuity product. Expenses related to the GIF are calculated by PRIAC and incorporated in the GIF crediting rate. Past interest rates are not indicative of future interest rates.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan Sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the plan's investment guidelines, (2) a breach of material obligations under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement with the consent of the issuer.

NOTE 7 RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and pooled separate accounts managed by Prudential Retirement who is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for transactions amounted to $28,512 and $35,923 for the years ended December 31, 2016 and 2015, respectively.

NOTE 8 AMENDMENT AND TERMINATION OF PLAN

The Board of Directors has the right to amend the Plan if it determines that it is necessary or desirable to do so. Further, although the Company intends to continue the Plan, it reserves the right to terminate it. Any termination of the Plan is subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 10 INCOME TAX STATUS

The Plan is a Nonstandardized Prototype Plan sponsored by the providers and adopted by the Plan. The Internal Revenue Service informed the providers by an opinion letter dated April 29, 2014, that the Prototype Plan is acceptable under section 401 of the Internal Revenue Code. The Plan has not requested its own determination letter from the IRS. However, the Company and plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 11 RECLASSIFICATION

Certain reclassifications have been made to the 2015 financial statements to be consistent with the 2016 presentation in the accompanying financial statements.

NOTE 12 SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 9, 2017, which is the date these financial statements were available to be issued. On March 6, 2017, Arctic Cat, Inc., the Plan Sponsor, was acquired by Textron, Inc. Effective March 31, 2017, the Plan was amended and frozen preventing any additional eligible employees and contributions from entering the Plan. Also, employees became 100% vested in all accounts. On April 1, 2017, all contributions began being remitted to the acquiring company's retirement plan and all funds in the Plan are expected to be merged into the acquiring company's retirement plan in December 2017.

MANAGEMENT LETTER

To the Investment Committee
Arctic Cat Inc. Retirement Savings Plan

We were engaged to audit the financial statements of the Arctic Cat Inc. Retirement Savings Plan (the "Plan") for the year ended December 31, 2016. In connection with planning and performing our engagement, we developed the following recommendations concerning certain matters related to the Plan's internal control and certain observations and recommendations on other accounting matters. In our report dated October 9, 2017, we disclaimed an opinion on the Plan's 2016 financial statements because of the election by the Plan administrator to limit the scope of our audit with respect to information which was certified by the providers of the Plan (as permitted by section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), as amended). Had the scope of our audit not been limited as described above, other matters might have come to our attention that would have been reported to you. Our principal recommendations are summarized below.

This report is intended solely for the information and use of the investment committee and management and should not be used for any other purpose.

We wish to take this opportunity to thank the investment committee and management for the opportunity to provide these services and to extend our thanks to your personnel for their cooperation and assistance during our engagement.

If you have any questions in regard to our audit, please do not hesitate to contact us.

MANAGEMENT LETTER MEMORANDUM
For the Year Ended December 31, 2016

1. **Observation**
   During our audit, we noted that gross compensation reported on the employee census had not been reconciled to gross compensation as reported on the form 941 payroll reports.

   Recommendation
   We recommend that plan management reconcile gross compensation from the census at year end to the form 941 payroll reports to ensure accurate compensation is used to calculate employee and employer contributions and to ensure all employees have been included in the census.

2. **Observation**
   During our audit, we noted two instances where employees were not being auto enrolled into the Plan on the first applicable entry date after completing eligibility requirements.

   Recommendation
   We recommend that management correct these errors and make the participants whole by contributing the missed deferrals and earnings thereon.
