NOTE 1 – DESCRIPTION OF PLAN

The following description of the Sterling Lumber Company 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Sterling Lumber Company ("the Company"), meeting certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a safe harbor non-elective contribution equal to 3% of a participant's eligible compensation each year. The Company may also make an additional discretionary profit sharing contribution to eligible participants. There was no additional discretionary profit sharing contribution made for the year ended December 31, 2016.

Eligibility: An eligible employee is defined as any employee age 21 or older who has completed one year of service at the Company and worked at least 1,000 hours during the one-year service period. The Plan excludes those employees who are covered by a collective bargaining agreement, nonresident aliens with no U.S. income, and leased employees. Eligible employees can participate on the first day of the first and seventh month of the plan year.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their deferral contributions, rollovers, and safe harbor non-elective contributions, plus actual earnings thereon. Participants become 20% vested in the Company's discretionary profit sharing contributions after two years of service, and continue to vest in increments of 20% for each successive year until 100% vested after six years of service.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under $1,000 are automatically distributed to participants. The Plan allows for participants to receive their vested account balance as a single lump sum or as a direct rollover into another qualified plan or the participant's IRA. Payments made in accordance with minimum required distribution rules (when the participant attains age 70½) may be made in installments to the participant. The Plan does not allow an early retirement age for distributions, nor does it allow for "hardship withdrawals."

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Forfeitures: As of December 31, 2016 and 2015, forfeited nonvested accounts totaled $9,900 and $5,132, respectively. These accounts may be used to reduce the Company's discretionary profit sharing contributions. For the year ended December 31, 2016, there were no forfeitures used to reduce discretionary contributions.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and reflected in the financial statements as administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments other than fully benefit responsive investment contracts are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income (loss), was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Transamerica Life Insurance Company. This information has not been audited by independent accountants.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account restricts redemptions to one per 30-day period, and has redemption prices that are determined by the fund's net asset value per unit.

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at December 31, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2016				
Pooled separate accounts*	$ 3,541,051	$ -	$ -	$ -
Total	$ 3,541,051	$ -	$ -	$ -
2015				
Pooled separate accounts*	$ 2,857,915	$ -	$ -	$ -
Total	$ 2,857,915	$ -	$ -	$ -

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

(Continued)

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Traditional Guaranteed Investment Contract: The Plan holds a traditional fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contract was $48,598 and $37,724 and December 31, 2016 and 2015, respectively.

The fully benefit-responsive investment contract is held with Transamerica Life Insurance Company ("Transamerica", "Issuer"). Transamerica maintains the contributions in its general account. Transamerica's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

At December 31, 2016 and 2015, Plan assets include units of pooled separate accounts and an investment contract with Transamerica Life Insurance Company. These investments qualify as party-in-interest investments.

NOTE 7 - TAX STATUS

The Internal Revenue Service has issued an opinion letter dated March 31, 2014, indicating that the prototype plan adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code. Therefore, Plan management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

(Continued)

NOTE 7 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8 – SUBSEQUENT EVENTS

Effective May 23, 2017, the Midwest Access Solutions, LLC 401(k) was merged into the Plan. As a result of the merger, net assets available for benefits of $751,560 transferred into the Plan. Also, effective May 23, 2017, the name of the plan was changed to the Sterling Lumber Holdings, LLC 401(k) Plan.

Plan management has evaluated subsequent events for recognition and disclosure through October 9, 2017, which is the date the financial statements were available to be issued
