## W.C.A. EMPLOYEES' 401(k) SALARY DEFERRAL SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

## December 31, 2016 and 2015

### A. Description of the Plan

The following description of the W.C.A. Employees' 401(k) Salary Deferral Savings Plan (the "Plan") provides only general information. The Plan is sponsored by Weitzman Management Corporation (the "Plan Sponsor" or the "Company"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan, which was established effective January 1, 1992, and restated effective January 1, 2009 and January 1, 2015, is a defined contribution plan covering substantially all employees of the Company who are age 18 or older except union employees and non-resident aliens. Participants are eligible to participate in the Plan the first day of their employment. The Plan is subject to the provisions of Employee Retirement Income Securities Act of 1974 ("ERISA").

### Contributions

Participants may contribute a percentage of their annual compensation (up to 100%) to the Plan on a before-tax basis, not to exceed the limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to the limitations imposed by the Code. Participants are also allowed to roll money from another qualified retirement plan into the Plan.

At the discretion of the Board of Directors, the Company may elect to contribute a discretionary matching contribution based on participants' elected salary deferrals. To be eligible to receive the matching contribution, a participant must be either employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year or have died, retired, or suffered disability during such Plan year. For the years ended December 31, 2016 and 2015, the Company did not authorize a discretionary matching contribution.

### Participant Accounts

Each participant's account is credited with the participant's elective contribution, employer contributions, and earnings thereon. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## A. Description of the Plan – continued

### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is as follows:

| Years of Service | Vesting Percentage |
|---|---|
| Less than two (2) years | 0% |
| Two (2) years | 20% |
| Three (3) years | 40% |
| Four (4) years | 60% |
| Five (5) years | 80% |
| Six (6) years | 100% |

Participants shall become fully vested upon termination of employment due to death, disability, or upon retirement at age 65.

### Notes Receivable from Participants

Participants are allowed to borrow from their accounts. The loan cannot exceed the lesser of 50% of the participant's vested account balance or $50,000. Loans must be repaid through payroll deductions within five years, unless the funds are used for the purchase of a primary residence in which case the term may be extended. Each loan shall be evidenced by a promissory note and shall bear a reasonable rate of interest. Interest rates ranged from 4.25% to 6.25% as of December 31, 2016 and 2015.

### Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers, lump sums, or in equal installments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of medical expenses incurred by the participant, his spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) burial or funeral expenses for the participant's parent, spouse, children, or dependents; or, (6) expenses for the repair of damage to the participant's principal residence caused by fire, storm, or other casualty.

## A. Description of the Plan – continued

### Benefit Payments – continued

Participants that have attained age 59 1/2 and have not terminated service with the Company may elect to take an in-service distribution of the vested portion of their account.

### Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may be used to reduce discretionary matching contributions or Plan administrative expenses. There were no forfeitures used for the year ended December 31, 2016 or 2015, related to discretionary matching contributions.

Unallocated forfeited amounts approximated $15,000 as of December 31, 2016 and 2015, respectively.

### Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions in 1% increments into any of the Plan's investment options.

### Plan Expenses

Both the Plan and the Company pay administrative expenses related to the Plan. Employees of the Company perform certain administrative functions with no compensation from the Plan. The administrative costs of the Plan that are paid by the Company are not reflected in the accompanying financial statements.

## B. Summary of Accounting Policies

### Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

### Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**B. Summary of Accounting Policies – continued**

**Contributions**

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan Administrator, and in the period in which they are deducted in accordance with salary deferral agreements.

**Investment Valuation and Income**

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Payment of Benefits**

Benefits are recorded when paid.

**New Accounting Pronouncement**

In July 2015 the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management elected to adopt Parts I and II for the year beginning January 1, 2015.

## B. Summary of Accounting Policies – continued

### Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued interest.

## C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in Financial Accounting Standards Board Accounting Standards Codification Topic No. 820 are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability. As of December 31, 2016 and 2015, the Plan had no Level 3 investments.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. Management has described below the methodology used to measure each major category of investments. There have been no changes in the methodologies used at December 31, 2016 and 2015.

- Money market funds are valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy within mutual funds.

- Mutual funds are measured using the estimated net asset values of the shares held by the Plan at year end and are classified within Level 1 of the valuation hierarchy. Additionally, the Plan holds some mutual funds which represent unitized investments in underlying mutual funds and are measured using the unit value fair value of the sub-account. Because these mutual funds represent a fund of a fund and the value is not readily determinable, these assets are classified within Level 2 of the valuation hierarchy.

## C. Fair Value Measurements – continued

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2016 and 2015. The Plan has no assets classified within Level 3 of the valuation hierarchy.

| | 2016 | | |
|---|---|---|---|
| | **Level 1** | **Level 2** | **Total** |
| Mutual funds | $ 6,302,466 | $ 411,053 | $ 6,713,519 |
| Total investments | $ 6,302,466 | $ 411,053 | $ 6,713,519 |

| | 2015 | | |
|---|---|---|---|
| | **Level 1** | **Level 2** | **Total** |
| Mutual funds | $ 5,617,362 | $ 313,112 | $ 5,930,474 |
| Total investments | $ 5,617,362 | $ 313,112 | $ 5,930,474 |

## D. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of traditional investment contracts that comprises a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between the types of investment contracts held by the Plan.

| | **2016** | **2015** |
|---|---|---|
| Guaranteed interest account | $ 1,655,961 | $ 1,526,977 |
| Total investments, at contract value | $ 1,655,961 | $ 1,526,977 |

**D. Fully Benefit-Responsive Investment Contracts – continued**

The traditional investment contract held by the Plan is a guaranteed interest account. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than one percent. As of December 31, 2016, the crediting interest rate was 2.2%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

**E. Information Certified by the Custodian**

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has limited auditing procedures with respect to the investment information certified by the custodian, which included total investments as of December 31, 2016 and 2015, the total investment income for the years ended December 31, 2016 and 2015, and all information included in the supplemental schedule of Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

**F. Tax Status**

Effective January 1, 2015, the Plan adopted the Voya Retirement Life Insurance and Annuity Company Non-standardized 401(k) Profit Sharing Plan and Trust which has a favorable opinion letter from the Internal Revenue Service (the "IRS") dated September 1, 2014, stating that the written form of the prototype plan document is acceptable under Section 401(a) of the Code and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from federal income taxation.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust was tax-exempt as of December 31, 2016.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## G. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Voya Retirement Life Insurance and Annuity Company ("Voya"). Voya is the custodian for only those investments as defined by the Plan. Transactions in such investments, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

## H. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, all amounts credited to participants' accounts will become 100% vested.

## I. Subsequent Events

In preparing the accompanying financial statements, the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 3, 2017, the date the financial statements were available for issuance.
