Note 1. Description of Plan

The following description of American Bank Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was amended and restated effective March 1, 2016, to comply with the Pension Protection Act of 2006.

General: The Plan is a defined contribution employee savings plan that covers all employees of American Bank, N.A. (the Bank or Plan Sponsor) who are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Employees are automatically enrolled upon meeting the eligibility requirements with a deferral percentage of 2 percent of their pre-tax annual compensation, as defined in the Plan document, unless the employee makes a different request. Participants may elect to contribute up to the dollar limit which is set by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans. Participants are always 100 percent vested in their voluntary contributions.

The Plan provides for discretionary employer matching contributions and discretionary employer profit sharing contributions at the option of the Bank's Board of Directors. Contributions are subject to certain limitations. In order to be eligible for employer contributions, a participant must be employed at the end of the Plan year or have worked over 500 hours during the Plan year. For the year ended December 31, 2016, participants received discretionary employer matching contributions up to 6 percent of employee compensation contributed, and there were no discretionary employer profit sharing contributions.

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan. Such investment allocations may be changed at any time during the year. Investment options offered include separately managed accounts, which are model portfolios of various investments that fit each model's targeted investment criteria. The underlying investments are selected and monitored by InterServ, LLC, a subsidiary of Newport Group, Inc., which is a party-in-interest to the Plan.

Each participant's account is credited with the participant's contribution and allocations of the Bank's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Bank's contribution portion of their accounts is based on years of continuous service. Bank contributions have a five-year graded vesting period as follows:

Completed Years of Service	Vested Percentage
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Note terms generally range up to five years, unless it is for the purchase of a home. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan administrator. The rate of interest on existing loans as of December 31, 2016, was 4.25 to 4.50 percent and the loans mature at varying dates through 2046. Principal and interest are paid through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of benefits: Upon death, permanent disability, retirement or other termination of employment, participants are entitled to receive the vested balance of their account. Vested benefits are distributed in the form of a lump sum amount or installment payments, or rolled over into another account as a lump sum. The Plan allows in-service distributions without a minimum service period after the age of 59 ½. The Plan also allows hardship distributions subject to certain restrictions.

Forfeitures: Participant forfeitures of nonvested balances will be used to reduce employer contributions or pay the expenses of the Plan. During 2016, employer contributions were reduced by $22,574 from forfeited nonvested accounts. At December 31, 2016 and 2015, forfeited nonvested accounts totaled $8,125 and $22,579, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the trustee. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses may be paid by either the Plan Sponsor or the Plan, as provided by the Plan document. Loan administration fees are paid by the participant electing the loan. Investment related expenses are included in net appreciation of fair value of investments.

Note 2. Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncement: In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures and Part (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).* The purpose of this ASU is to simplify plan accounting.

- The amendments in Part I of this ASU designate contract value as the only required measurement for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this ASU will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value (NAV) per share (or its equivalent) practical expedient in Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent) and that investment is in a fund that files a United States Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III of this ASU are not applicable to the Plan.

The ASU may be adopted in whole or by part (I, II and III), as applicable. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented. The Plan adopted amendments in Parts I and II for the plan year ended December 31, 2016, and retrospectively applied them to the year ended December 31, 2015. Prior year disclosures in Note 3 and 4 have been revised to reflect the retrospective application.

Subsequent events: The Plan has evaluated subsequent events through October 10, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Newport Trust Company

The Plan Administrator has obtained certifications from Newport Trust Company (formerly known as Verisight Trust Company), the trustee of the Plan, that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified or provided by the trustee.

Note 4. Fair Value Measurements

The FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820, Fair Value Measurements and Disclosures, are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices for the asset or liability that are observable;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest bearing cash account: The interest bearing cash account is valued at cost plus accumulated interest earned at a market rate.

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 33,794,583	$ -	$ -	$ 33,794,583

	December 31, 2015

Total investments, at fair value	$ 29,329,166	$ -	$ -	$ 29,329,166

Note 5. Party-in-Interest Transactions

The Plan Sponsor paid certain administrative expenses related to the Plan for the year ended December 31, 2016.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Plan Sponsor contributions.

Note 7. Tax Status

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan adopted a standardized form of a volume submitter plan. The volume submitter plan has received a determination letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
