Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hyatt Holding Corporation (the "Sponsor") 401(k) Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis of Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by United of Omaha Life Insurance Company (the "Custodians"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that United of Omaha Life Insurance Company held the Plan's investment assets and executed investment transactions during the year. The Plan administrator has obtained certification from the Custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the plan adopted new accounting guidance related to the investments. Prior year disclosures have been revised to reflect the retrospective application of adopting these changes in accounting.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Hyatt Holding Corporation (the "Company" or "Sponsor") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of Hyatt Holding Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments. The Plan's assets are in the custodianship of United of Omaha Life Insurance Company (the "Custodian") and administration of the Plan is contracted to Mutual of Omaha (the "Third Party Administrator") and Recordkeeping is contracted to 401(k) America.

Plan administration - The Third Party Administrator is responsible for monitoring investment activity. The Custodian is responsible for maintaining individual account balances, initiating all investment transactions, and maintaining all investment accounts.

Participation - Employees of the Sponsor over twenty-one years of age are eligible to participate in the Plan. Eligible employees may commence participation on the entry date, which is the first day of the month following the satisfaction of eligibility requirements.

Pension benefits - Employees are entitled to receive benefits, in the form of a lump-sum distribution of the total account balance, beginning at the later of age 55 or on the 5th anniversary of participation, unless an alternate form of payment is selected, as defined in the Plan agreement.

If a participant dies before retirement benefits have begun, the participant's spouse is entitled to 100% of the account balance.

Tax status - The Plan is a prototype plan offered by the Third Party Administrator. The Internal Revenue Service has determined and informed the Sponsor by letter, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended since adoption; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Risks and uncertainties - The Plan invests in various investments securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 1 - DESCRIPTION OF PLAN, Continued

Participant contributions - Participant salary reduction contributions to the Plan may be deferred as a flat amount or as a percentage ranging from 1% to 100% of regular compensation. However, the total of these salary deferral contributions may not, in any calendar year, exceed limitations set by the Code.

Sponsor contributions - The Sponsor, at its discretion, may make additional profit sharing contributions. Contributions are subject to certain limitations defined in the Code. The Sponsor elected not to contribute to the Plan for the years ended December 31, 2016 and 2015.

Participants' accounts - Separate accounts are maintained for each participant's deferred compensation, rollover contributions, and allocations of the Sponsor's profit sharing contributions, if any. All gains, income, or losses are allocated separately to each participant's account, based on the performance of the investments within that account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions into any or all of the investment accounts with the Custodian.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's contributions, plus actual earnings thereon, is based on years of continuous service, as follows:

Year of Service	Percent Vested
Less than 2	0%
3	20%
4	40%
5	60%
6	80%
7	100%

Payment of benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution or direct transfer to either an Individual Retirement Account or a qualified retirement plan. Other withdrawals and loans from the Plan can be made under certain circumstances, as defined in the Plan agreement. Participants who are 100% vested and 59 ½ years of age may take an in-service withdrawal of all or a portion of the value of their vested accounts once each plan year.

Hardship withdrawals - In the event a participant experiences a financial hardship as defined in the Plan agreement, the participant may be eligible to request a hardship withdrawal. There were no hardship withdrawals for the years ended December 31, 2016 and 2015.

NOTE 1 - DESCRIPTION OF PLAN, Continued

Notes receivable from participants - Participants may borrow against their accounts in amounts not less than $1,000 and not to exceed limitations defined in the Code. Participants may have only one note outstanding at any given time. Repayment schedules for notes receivable from participants are as agreed upon by the participant and the Plan administrator, but cannot exceed repayment terms defined by the Code. Interest on outstanding note receivable balances is charged at rates determined by the Custodian. Generally, notes mature within five years unless the note is for the purchase of a personal residence. Principal and interest is paid ratably through monthly payroll deductions. Interest on new notes is based on the published prime lending rate plus 1%, determined at the time the note is originated.

Forfeitures - Non-vested Sponsor contributions forfeited by participants upon termination are available to reduce future payments of the Sponsor's contributions. During 2016 and 2015, there were no forfeited, non-vested accounts available to reduce Sponsor contributions.

Plan termination - Although it has not expressed an intent to do so, the Sponsor reserves the right under the Plan, to cease contributions and terminate the Plan, subject to action by the Sponsor's Board of Directors and subject to the provisions of ERISA and the Code. Upon termination of the Plan, all participants become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, consistent with the reporting in the Form 5500.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Valuation of investments - Investments are reported at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investment in various combinations of registered investment company shares and a guaranteed investment contract with an insurance company with different investment strategies. These investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Fair value measurements - The Plan measures fair value under a framework that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

When the Plan changes its valuation inputs for measuring financial assets and liabilities at fair value, either due to changes in current market conditions or other factors, it may need to transfer those assets or liabilities to another level in the hierarchy based on the new inputs used. The Plan recognizes these transfers at the end of the reporting period that the transfers occur. For the years ended December 31, 2016 and 2015, there were no significant transfers of financial assets or liabilities between the hierarchy levels.

Guaranteed investment contract with an insurance company - The Plan invests in a fully benefit-responsive guaranteed investment contract with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Prior to January 1, 2016 accounting standards required fully benefit-responsive investment contracts be reported at fair value, all investments' classifications detailed, and disclosures of assets that represent 5% or more of total net assets. As of January 1, 2016, fully benefit-responsive investment contracts are reported at contract value, investment classifications have been condensed and 5% or more of total net assets is no longer required to be disclosed to conform to present accounting standards. The adoption resulted in the reclassification of the adjustment from fair value to contract value for the fully benefit-responsive investment contract totaling $3,865, in the statements of net assets available for benefits at December 31, 2015.

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria, therefore contract value is the relevant measurement attributed for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is agreed upon with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes in the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable or occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Realized and unrealized appreciation (depreciation) - Realized and unrealized appreciation (depreciation) is based on the contract and market values of the assets at the end of the Plan year compared to the contract and market values of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year. In the Statements of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Outstanding notes receivable from participants at December 31, 2016 and 2015 bear interest at rates ranging from 4.25% to 4.50% and mature through November 2020.

Participant distributions - Benefits paid to participants are recorded when paid. As of December 31, 2016 and 2015, there were no amounts payable to withdrawing participants that had been requested but not paid.

Plan expenses - Non-investment costs and certain administrative expenses of the Plan are paid by the Sponsor, which is a party-in-interest. These expenses are not reflected in the accompanying financial statements and constitute exempt transactions under ERISA. Investment service fees are paid by the Plan and are netted against the related investment income. For the year ended December 31, 2016, these fees totaled $11,659. Certain administrative expenses are paid by the Plan.

Income taxes - Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2013.

Subsequent events - Subsequent events have been evaluated by the Sponsor through September 28, 2017, which is the date these financial statements were issued, and no subsequent events have arisen that would require disclosure in these financial statements.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for the investments measured at fair value and contract value, including the general classification of such instruments pursuant to the valuation hierarchy.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS, Continued

Registered investment companies - The shares in registered investment companies are valued at quoted market prices in an exchange and active market, which represents the net asset values of shares held by the Plan at year-end, and are classified as Level 1 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Trustee believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting deadline.

All of the Plan's assets are measured at fair value on a recurring basis. Asset categories and their fair value classifications are disaggregated as follows at December 31:

	2016	2015
Registered investment companies (Level 1)		
Growth funds	$ -	$ 422,624
Blend funds	1,477,517	881,463
Index funds	101,418	90,562
	$ 1,578,935	$ 1,394,649

The Custodian holds the Plan's investments and executes investment and other transactions of the Plan. During 2016, the Plan's investments in registered investment company shares (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value approximately $89,756.

Guaranteed investment contract with an insurance company - The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	2016	2015
Traditional investment contracts	$ 369,358	$ 434,424

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than a designated percent. The contract cannot be terminated before the scheduled maturity date.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS, Continued

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest, by definition, include a plan sponsor or employee, fiduciaries (including those who provide investment advice or who have discretionary control over Plan assets), and those who provide services to the Plan. Notes receivable from participants qualify as exempt party-in-interest transactions. Plan investments include certain investments in registered investment company shares and a guaranteed investment contract managed by the Custodian and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan paid Plan expenses to the third party administrator of $12,409 and $13,517 for the years ended December 31, 2016 and 2015, respectively.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN OF PLAN ASSETS (Unaudited)

The following unaudited information in the financial statements was certified to be complete and accurate by the Custodian of the Plan's assets within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments;
- Investment appreciation (depreciation) included in the Statements of Changes in Net Assets Available for Benefits; and
- All amounts enumerated in Note 3 and the Supplemental Schedule of Assets (Held at End of Year), except for notes receivable from participants.
