NOTE 1 – PLAN DESCRIPTION

The following description of the DISA Global Solutions 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

Effective January 1, 2016, DISA Global Solutions, Inc. (the "Company" or "Employer") completed the spin-off of the Plan from the Insperity 401(k) Plan. In connection with the spin off, the Company adopted a new plan. As a result, following the spin-off, the Company's employees were no longer eligible to participate in the Insperity 401(k) Plan. The transfer of assets to the Plan from the Insperity 401(k) Plan was $4,140,157.

General – The Plan is a defined contribution plan that provides retirement savings benefits to eligible employees of the Company. The Plan, which commenced effective November 1, 2015, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Plan Custodian and Trustee – Fidelity Management Trust Company (the "Trustee" or the "Custodian") is the Custodian maintaining custody of all investments held by the Plan, maintaining the Plan's participant account balances, and providing record-keeping services to the Plan. Among other duties, the Custodian receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Plan Administrator. Fidelity also serves as the Plan's Trustee.

Eligibility – Employees, except those under collective bargaining agreements, non-resident aliens who receive no U.S. source income, and leased employees, are eligible to participate in the Plan after the employee has reached 18 years of age and completed one month of service.

Effective February 1, 2016, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Effective March 1, 2016, those participants with a deferral rate greater than zero will have that deferral increased annually by 1% as a pre-tax deferral contribution until a deferral rate of 6% is reached. This increase occurs each year on June 1, except with regard to the first such annual increase which shall not apply to a participant within the first six months following the date such participant was automatically enrolled in the Plan.

Employee Contributions – Participants may elect to contribute, on a before-tax or Roth basis, up to 90% of eligible compensation as defined by the Plan and subject to the IRC limit of $18,000 for 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $6,000 for 2016. Participants direct the investment of their contributions into various investment options offered by the Plan.

Rollover Contributions – Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Contributions – The Company may make discretionary matching, qualified matching, and non-elective discretionary contributions. No such contributions were made to the Plan in 2016.

Participants' Accounts – Each participant's account is credited with the participant's contributions and the Company's discretionary contributions as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – PLAN DESCRIPTION – continued

Notes Receivable from Participants – Effective January 1, 2016, the Plan does not allow for initiation of new notes receivable from participants. Existing notes receivable from participants prior to that date were transferred to the Plan, as described in Note 1. The loans are secured by the balance in the participant's account. Loans are repaid ratably through payroll deductions and bear interest annually at 4.25%.

Vesting – Participants are 100% vested immediately in their pre-tax deferred, Roth, and rollover contributions, and any income or loss thereon. Participants hired prior to August 1, 2014 are 100% vested in prior employer discretionary match and safe harbor matching contributions. In addition, participants with assets in the frozen safe harbor match contributions will continue to be 100% vested.

Payment of Benefits – Participants may elect payment of benefits upon retirement, death, disability, or termination of employment. Participants or beneficiaries are entitled to receive a lump sum amount equal to the vested value of the participant's account. Terminated participants whose vested account balances are less than $1,000 receive automatic distributions as a single lump sum payment. Terminated participants whose vested account balances are greater than $1,000 but less than $5,000 will be paid a direct rollover to an individual retirement account (an "IRA") chosen by the Plan Administrator.

A participant may withdraw all or a portion of their contributions in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½ from all vested balances. Rollover contributions may be withdrawn at any time.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

Payment of Benefits – Benefits payments are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Administrative Expenses – Check fees associated with distributions and certain expenses incurred maintaining the Plan are paid by the Plan and are reflected in the financial statements as Plan expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in net appreciation of fair value of investments. All other expenses of the Plan are paid by the Company.

Recent Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at net asset value ("NAV") per share (or its equivalent) using the practical expedient in FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*. The scope of current disclosure requirements for investments eligible to be measured at NAV will be limited to investments to which the practical expedient is applied. This guidance requires retrospective application. The Plan adopted this guidance from inception (January 1, 2016). The adoption of this guidance did not have an impact on the Plan because all investments measured at fair value in the Plan have readily determinable fair value.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* The amendments in this update remove the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value and to simplify certain investment disclosures required for employee benefit plans. The update designates contract value as the only required measure for fully benefit responsive investment contracts and eliminates certain disclosures (Part I). Additionally, the update eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation for investments by general type, and the investment information disaggregated based on nature, characteristics and risks (Part II). The update also allows plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end (Part III). The amendments in this update are effective for fiscal years beginning after December 15, 2015 and should be applied on a retrospective basis for the periods presented for Parts I and II and on a prospective basis for Part III. Early adoption is permitted. The Plan has elected adoption of ASU 2015-12 Part II from inception (January 1, 2016). Parts I and III are not applicable to the Plan.

Subsequent Events – Effective January 1, 2017, the Plan was amended and restated to exclude bonuses and commission pay from eligible compensation and to provide for a qualified automatic contribution arrangement with an employer safe harbor matching contribution equal to 100% of the first 1% of the participant's eligible compensation contributed to the Plan and 50% of the next 5% of the participant's eligible compensation contributed to the Plan. The Plan has evaluated subsequent events through September 22, 2017, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

- *Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the fair value hierarchy.

- *Money market fund* – This investment is recorded at cost, which approximates fair value and is classified within level 1 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,803,314	$ -	$ -	$ 4,803,314
Money market fund	52,214			52,214
Investments, at fair value	$ 4,855,528	$ -	$ -	$ 4,855,528

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

As permitted by the rules and regulations of the Department of Labor ("DOL") with respect to reporting and disclosure under ERISA, the Plan's Trustee has certified to the Plan's Administrator that the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2016 and from inception (January 1, 2016) through December 31, 2016 are complete and accurate:

December 31,	**2016**
Investments, at fair value	$ 4,855,528
Notes receivable from participants	60,685

From Inception (January 1, 2016) through December 31, 2016	
Net appreciation in fair value of investments	$ 657,553
Dividends	131,894
Interest income on notes receivable from participants	3,377
Interest	32

NOTE 5 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee, therefore these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

The Plan has notes receivable from participants as of December 31, 2016. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 –TAX STATUS

The Company adopted a standardized volume submitter type plan (the "Volume Submitter Plan") sponsored by Fidelity Management & Research Company. The IRS informed the volume submitter sponsor by letter dated March 31, 2014 that the Volume Submitter Plan, as then designed, was in compliance with the applicable requirements of Section 401 of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been made in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
