Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE 1 BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - The Brewery Conference/Anheuser-Busch Defined Contribution Plan (the Plan) is a defined contribution money purchase pension plan. Anheuser-Busch, LLC (the "Company"), the International Brotherhood of Teamsters Local No. 95, International Brotherhood of Teamsters Local No. 267, International Brotherhood of Teamsters Local No. 919, International Brotherhood of Teamsters Local No. 1129 and International Brotherhood of Teamsters local 1149 (the "Unions") are the "Plan Sponsors". It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees Included in the Plan - The Plan covers substantially all employees covered by the collective bargaining agreements of the Unions at the Baldwinsville, Cartersville, Fort Collins, Houston and Williamsburg breweries of the Company. Employees generally become eligible for the Plan within 60 days of hire.

Payment of Benefits - Upon retirement, death or termination of service, a participant may elect to either receive a lump-sum amount equal to the value of the participant's account, annuities or installment payments.

Vesting - All participant balances are 100% vested.

Contributions - Contributions to the Plan are made by the Company for each participant solely in accordance with, and only to the extent required by, the terms and provisions of the collective bargaining agreements. Baldwinsville participants are also permitted to make voluntary after-tax contributions to their accounts.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Administration - Ten Trustees (seven Union and three Company) make up the Board of Trustees for the Plan. The Board of Trustees serves as Plan Administrator for the Plan. Expenses related to the Plan are paid by the Plan. The Vanguard Group, Inc. serves as the investment manager and record-keeper of the Plan.

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States (GAAP). Interest and dividends are recorded when earned.

Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE 1 BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties - The Plan provides for various investments which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Trustees of the Plan. Each participant account is credited with the participant and Company's contributions and a pro rata share of the earnings of each fund in which the participant has invested.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Federal Income Tax - The Internal Revenue Service informed the Plan Administrator, by letter dated May 20, 2016, that the Plan constitutes a qualified trust under Section 401(b) of the Internal Revenue Code (Code) and is therefore exempt from federal income taxes.

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2016, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2013 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through October 5, 2017, the date the financial statements were available to be issued. No subsequent events occurred, which would require adjustment or disclosure to the financial statements at December 31, 2016.

NOTE 2 INVESTMENTS AND FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

Level 2 – Other significant observable inputs (including quoted prices in active and inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, and includes instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation techniques used for investments measured at fair value. There have been no changes in the techniques used during 2016 and 2015.

Registered investment companies are valued at the net asset value of shares held by the Plan at year end.

Common/collective trusts are valued by the trustee of the funds based upon the net asset value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 2 INVESTMENTS AND FAIR VALUE DISCLOSURES (CONTINUED)

The fair values of investments are categorized as follows at December 31, 2016 and 2015:

	2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 129,273,550	$ -	$ -	$ 129,273,550
Common collective trusts	-	349,177,096	-	349,177,096
Total investments at fair value	$ 129,273,550	$ 349,177,096	$ -	$ 478,450,646

	2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 126,102,172	$ -	$ -	$ 126,102,172
Common collective trusts	-	350,952,956	-	350,952,956
Total investments at fair value	$ 126,102,172	$ 350,952,956	$ -	$ 477,055,128

There were no transfers in and/or out of the fair value categories during 2016.

NOTE 3 PARTIES-IN-INTEREST

The Plan invests in various investment funds offered by Vanguard Group, Inc. (Vanguard). These investments are considered party-in-interest transactions because Vanguard serves as asset custodian for the Plan. The Plan Administrator has approved these investment options.
