PPFA RETIREMENT PLAN
(Sponsored by Planned Parenthood
of Greater Washington and North Idaho, Inc.)

Notes to Financial Statements

December 31, 2016 and 2015

(1) Description of the Plan

The following description of the PPFA Retirement Plan (the Plan), of which the plan sponsor is Planned Parenthood of Greater Washington and North Idaho (PPGWNl), is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) Plan Amendment

The Plan was originally a defined contribution plan funded solely by contributions from PPGWNl. Effective March 1, 2001, the Plan was amended to become a 401(k) profit sharing plan that is qualified pursuant to Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code). Additionally, the Plan is designed to comply with the requirements of Section 404(c) of the Employee Retirement Income Security Act of 1974 (ERISA) and, in such design, participants and not the trustee or fiduciaries are responsible for the results of the participants' investment decisions.

(b) General

Employees are immediately eligible to make voluntary pretax contributions to the Plan through a salary reduction agreement. All full-time employees of PPGWNl who have performed one year of service and are age 19 or older are eligible for employer contributions. Employees will be credited with a year of service for eligibility purposes for each continuous 12-month period.

(c) Contributions

PPGWNl makes a discretionary employer contribution equal to 3% of each participant's salary for the calendar month.

Total additions to a participant's account are limited to the lesser of (a) \$53,000 for 2016 and 2015, or (b) 100% of the participant's taxable earnings for the year.

All employee contributions are voluntary and cannot exceed certain limitations as defined by the Code. For the years 2016 and 2015, plan participants who are age 50 or older are eligible for elective catch-up deferrals of \$6,000, allowing for maximum contributions of \$24,000. The catch-up deferrals are not considered in applying certain plan limitations, including the maximum amounts of elective deferrals. Employer contributions will not apply to catch-up contributions.

Additionally, the Plan accepts contributions that are rolled over from other qualified plans, as well as accumulations from tax-sheltered annuities, Section 403(b) plans and Section 457 governmental plans, and individual retirement annuities.

(d) Participant Accounts and Investment Options

The Plan maintains a separate account for each participant, to which contributions and investment performance are allocated. Each participant's account is credited with contributions (employee and employer) and an allocation of the participant's selected investments' earnings. Participants have access to their own contributions prior to retirement through in-service loans and withdrawals.

PPFA RETIREMENT PLAN
(Sponsored by Planned Parenthood
of Greater Washington and North Idaho, Inc.)

Notes to Financial Statements

December 31, 2016 and 2015

Employer contributions are not available for in-service loans or withdrawals, except in the event of total and permanent disability, at which time a participant can request a withdrawal in an amount up to the vested portion in his or her participant account. The Plan allows participants to self-direct the investments of their accounts among various designated investment fund options. Participants may change investment allocations at any time.

(e) Participant Loans

If the portion of a participant's account based on employee contributions is at least \$2,000, a participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of his or her participant account balance. Loan terms range from one to five years, unless such loan is for the purchase of a principal residence, whereupon repayment may be extended to ten years. The loans are collateralized by the participant's account and bear interest at a rate, established by the plan administrator, that approximate current market rates. Principal and interest payments are made ratably through deductions from participants' bank accounts. Participant loans are stated at their outstanding balance, plus accrued interest.

(f) Vesting

All participant voluntary contributions and investment earnings are fully vested at all times. Employer contributions and investment earnings are fully vested once the participant has completed two years of service.

(g) Payment of Benefits

Upon termination of service, a participant can elect to receive his or her account balance, either as a lump-sum amount, in installments, or through optional forms of annuity-type payments. Other benefits available to participants include in-service withdrawals and withdrawals on account of death and disability.

All participant accounts under \$1,000 (exclusive of rollover contributions) are automatically paid in cash upon the participant's separation from employment.

(h) Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$4,335 and \$4,234, respectively. These accounts can be used to reduce future employer contributions, reduce future plan expenses or be allocated to the participants in the Plan. Employer contributions were reduced from forfeited investment accounts by \$4,028 and \$0 in 2016 and 2015, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting. Certain reclassifications were made to prior year amounts to conform to current year presentation to present investments at contract value for comparative purposes.

PPFA RETIREMENT PLAN
(Sponsored by Planned Parenthood

Notes to Financial Statements

(b) Investment Valuation and Income Recognition

The investment assets are maintained in a trust. The trustee is Fidelity Management Trust Company (Fidelity). Each participant designates the percentage of his or her participant account that is allocated to each investment fund. Each participant's interest in each investment fund is adjusted as of each valuation date to reflect his or her proportionate share of the total net fair value of such investment fund.

Investments reported at fair value are described in note 4. The Plan records purchases and sales of securities on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined contribution plan are required to be reported at contract value which is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingencies at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(e) Recent Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. ASU 2015-12 (1) requires defined contribution plans to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies certain investment disclosure requirements for employee benefit plans, and (3) provides employee benefit plans with a measurement-date practical expedient on a month-end date that is nearest to the fiscal year end, when the fiscal year end does not coincide with a month-end. The simplified investment disclosure in Part II eliminates the following disclosures previously required: (a) disaggregation of investments by nature, risks and characteristics; (b) individual investments that represent five percent or more of net assets available for benefits; and (c) net appreciation or depreciation of investments by general type. ASU 2015-12 is effective for fiscal years beginning after December 15, 2016. Part I and II are required to be applied retrospectively and Part III is required to be applied prospectively. The Plan adopted the provision of this pronouncement effective January 1, 2016 and, as such, fully-benefit responsive investment contracts are disclosed at contract value. The guidance was applied retrospectively. The adoption of this ASU has not had a

material impact on the Plan's financial statements and did not impact net assets available for benefits as of December 31, 2015.

(3) Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting under ERISA. Accordingly, as permitted under such election, Fidelity has certified to the completeness and accuracy of the following information, as of and for the years ended December 31, 2016 and 2015, and such information was not subject to any auditing procedures performed by the independent auditors.

Interest and dividend income	139,565	177,427
Total investment income	\$ 249,250	48,156
Interest from loans to participants	\$ 1,327	1,414

The Managed Income Portfolio's (the Portfolio) one-year total return as of December 31, 2016 and 2015 was 1.98% and 1.93%, respectively. The yield credited to participants was 1.24% and 1.17% for the Portfolio for the years ended December 31, 2016 and 2015, respectively. Both the one-year total return and the yield credited to participants for 2016 and 2015 are net of the annual trustee fees. The Portfolio uses a dollar yield to maturity for the purpose of calculating the crediting rate. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no restrictions on redemptions.

The existence of certain conditions can limit the Portfolio's ability to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the Portfolio that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Portfolio, tax disqualification of the Portfolio, and certain Portfolio amendments if issuers' consent is not obtained. As of December 31, 2016, the occurrence of an event outside the normal

of Greater Washington and North Idaho, Inc.)

Notes to Financial Statements

December 31, 2016 and 2015

operation of the Portfolio that would cause a withdrawal from an investment contract is not considered to be probable. To the extent a Portfolio suffers a tax disqualification or legal termination event, under normal circumstances it is anticipated that liquid assets would be available to satisfy the redemption of such participants' interest in the Portfolio without the need to access investment contracts.

(4) Fair Value Measurement

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies

Valued at quoted market prices. The Plan applies a hierarchy to categorize fair value measurements broken down into three levels based on the transparency of inputs as follows:

Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date

Level 2 Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active

Level 3 Inputs that are unobservable

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fully Benefit Responsive Contract

The Plan invests in the Fidelity Managed Income Portfolio, which is considered a fully benefit responsive contract. This investment is valued at contract value reported by the fund manager based on the underlying investments within each fund. There are no imposed redemption restrictions.

The existence of certain events can limit the Contract's ability to transact at contract value with the issuers of its investment contracts. These events include: the Contract's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code; the establishment of a defined contribution plan that competes with the plan for employee contributions; any substantive modification of the Portfolio or the administration of the Portfolio that is not consented to by the wrap issuer; any change in law, regulation or administrative ruling applicable to the plan that could have a material adverse effect on the Portfolio's cash flow; any communication given to unitholders by the plan sponsor, any other plan fiduciary or FMTC that is designed to induce or influence unitholders not to invest in the Portfolio or to transfer assets out of the Portfolio; any transfer of assets from the Portfolio directly to a competing investment option. As of December 31, 2016, the occurrence of an event outside the normal operation of the Contract that would cause a withdrawal from an investment contract is not considered to be probable.

Notes to Financial Statements

December 31, 2016 and 2015

There were no transfers in or out of Level 3 or between Level 1 and Level 2 investments during the years ended December 31, 2016 and 2015.

(5) Administration of the Plan and Administrative Expenses

Brokerage commissions and related expenses are payable out of the assets of the investment fund to which they relate, unless stated otherwise. Except for record-keeping expenses, all administrative expenses (see note 7) are paid by PPGWNI.

(6) Federal Income Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated February 18, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or derecognition of an asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2010.

(7) Related-Party Transactions

Certain plan investments are shares of registered investment companies and a common and collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amounted to \$125 and \$259 for the years ended December 31, 2016 and 2015, respectively.

(8) Plan Termination

Although it has not expressed any intent to do so, PPGWNI has the right to discontinue its contributions or terminate the Plan at any time. In the event of plan termination, participants become 100% vested in their accounts.

(9) Risks and Uncertainties

The Plan offers a number of investment options which enable participants to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Management evaluated events subsequent to December 31, 2016 and through October 10, 2017, the date on which the financial statements were issued and determined no additional disclosures were required.

(11) Reconciliation of Financial Statements to Form 5500
