Accordingly, effective August 24, 2016, the Strategic Support Services, Inc. 401(k) Plan changed its name to Network for Life 401(k) Plan.

Contributions

Each year, participants may elect to contribute from 1% to 100% of their pretax annual compensation as defined by the Plan not to exceed the limits imposed by the Internal Revenue Service (IRS). These deferral contributions are fully vested and non-forfeitable. The Plan employers match a certain percentage of the participant's contribution as determined by the respective Board of Directors. For the plan years ended December 31, 2016 and 2015, the Plan employers elected to match 50% of participant deferrals up to 6% of the participant's eligible compensation not to exceed the maximum contribution allowed by law.

The Plan employers may also make annual discretionary contributions to the Plan. There is no requirement for minimum annual contributions and it is possible that, in some years, no contribution would be made to the Plan. One of the Plan employers made discretionary contributions of \$76,987 and \$68,765 for the years ended December 31, 2016 and 2015, respectively.

Eligibility

Employees are automatically eligible to participate in the Plan upon hire. Employees are automatically enrolled into the Plan and have 3% of eligible compensation contributed into the participant's account, unless otherwise elected by the participant.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan employers' contribution and (b) plan earnings or losses and (c) administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions and their allocated share of employer contributions into various investment options offered by the Plan.

Financial Hardship Withdrawals

Financial hardship withdrawals of a participant's deferral and employer matching and discretionary contributions are permitted in certain circumstances of immediate and heavy financial need.

Loan Provisions

Participants may apply for a loan from their account under the Plan. Certain legal restrictions impose limits on the amount of the loan and repayment terms. The minimum loan amount is \$1,000 and up to a maximum loan amount equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at the prime rate on the last day of the previous quarter. Generally, the participant's loan must be repaid, ratably through monthly payroll deductions, within five years, unless the loan is for the purchase of a primary residence.

Payment of Benefits

Benefits are recorded when paid. The participant's entire account balance becomes payable upon death, disability, or retirement in the form of a lump sum distribution. Normal retirement is age 65; early retirement age is 55 with three years of service. In-service withdrawals are permitted for participants who have reached age 59½.

For termination of service due to other reasons, a participant may receive the value of the vested interest of his or her account as a lump sum distribution.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan employers' matching and discretionary profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service or upon death.

At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$2,377 and \$422 respectively. These accounts will be used to reduce future employer contributions. In 2016 and 2015, employer contributions were reduced by \$8,422 and \$8,775 from forfeited non-vested accounts, respectively.

Notes to Financial Statements

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions into any of the investment options available to them at Reliance Trust Company (Reliance). Participants may change their investment options daily.

Plan Termination

Although it has not expressed any intention to do so, the Plan employers have the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, the accrued benefits in each participant's account are distributable by the custodian as soon as reasonably possible.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued ASU No. 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, (ASU 2015-12), which updated guidance on investment valuation and presentation. This three-part update simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this update eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value (NAV) per share. These amendments are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. This update also provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. This portion of the update is effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The Plan early adopted this ASU during the year ended December 31, 2015.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Network for Life

401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation/depreciation on those investments.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Administrative Fees

The Plan paid administrative expenses of \$60,317 and \$58,530 for the years ended December 31, 2016 and 2015, respectively. All other professional fees for the administration and audit of the Plan are paid by the Plan employers on behalf of the Plan.

Subsequent Events

The Plan has evaluated events and transactions that occurred between January 1, 2017 and October 3, 2017 which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

3. Summary of Financial Data Certified by the Custodian

Notes to Financial Statements

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Network for Life

401(k) Plan

Notes to Financial Statements

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV as provided by the custodian is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,035,359	\$ -	\$ -	\$ 4,035,359
Common collective trusts	-	4,861,381	-	4,861,381
Total assets at fair value	\$ 4,035,359	\$ 4,861,381	\$ -	\$ 8,896,740

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,800,761	\$ -	\$ -	\$ 3,800,761
Common collective trusts	-	4,650,241	-	4,650,241
Total assets at fair value	\$ 3,800,761	\$ 4,650,241	\$ -	\$ 8,451,022

The following table summarizes investments measured at fair value based upon NAV per share, as of December 31, 2016 and 2015, as follows. There were no unfunded commitments as of December 31, 2016 and 2015.

(a) Funds in this category seek to offer investors stable principal and high current income. To pursue its objective, the funds invest in guaranteed investment contracts, money market mutual funds, and other stable value products that can be carried at contract value.

5. Plan Risks and Uncertainties

The Plan invests in various investment securities. The underlying investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

Although the Plan has not requested determination from the IRS, the master prototype plan from which the Plan was drafted has received a favorable opinion letter dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-Interest

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others.

Notes to Financial Statements

Certain plan investments are common collective trusts managed by Reliance Trust Company. Reliance Trust Company also provides certain record keeping and accounting services for the Plan and, therefore, these investments and all transactions with them qualify as party-in-interest transactions.

8. Corrective Distributions

For the year ended December 31, 2016, the Plan failed to pass the Actual Deferral Percentage (ADP) Test. Corrective distributions in the amount of \$3,030 for the year ended December 31, 2016 were made to the respective participants within 2½ months subsequent to plan year-end. There were no corrective distributions for the year ended December 31, 2015.
