MERIBEAR PRODUCTIONS, INC. 401(k) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Meribear Productions, Inc. 401(k) Plan and Trust (the Plan) provides only general information. Participants and other interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established by Meribear Productions, Inc. (the Employer) effective January 1, 2016. Employees become eligible to participate in the Plan after attaining one year of service, a minimum of 1,000 hours of service for the year, and a minimum age of 21 years old. Enrollment is effective on January 1 and July 1 of each plan year coinciding with or following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Effective February 15, 2017, participants may contribute up to 100 percent of their pretax annual compensation as defined in the Plan, subject to certain limitations as prescribed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions or rollovers from other qualified defined benefit or defined contribution plans. The Plan offers a Roth 401(k) option. Participants direct both the investment of their contributions and Employer matching contributions into various investment options offered by the Plan.

The Employer may elect to make discretionary matching and profit sharing contributions, subject to certain limitations, to the Plan in an amount determined by the Employer. For the year ended December 31, 2016, the Employer made a discretionary profit sharing contribution in the amount of 5 percent of eligible compensation to specified participants. The Employer also made an additional discretionary profit sharing contribution based on the maximum contribution allowable under IRC 415 dictated by the employee's classification.

Effective February 15, 2017, the Employer has adopted a 401(k) Safe Harbor provision to satisfy certain IRC requirements and eliminate the need for the Plan to perform certain annual nondiscrimination tests. Under the provision, the Employer has elected to make matching contributions to all participants equal to 100 percent on the first 3 percent and 50 percent on the next 2 percent of participant compensation deferred. The participants are immediately fully vested in these contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) Employer contributions, (b) Plan earnings net of certain investment and management fees and (c) forfeitures. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period, or 50 percent of their vested account balance. Loan terms range from 1 to 5 years, or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Withdrawals

The government places certain restrictions on withdrawals in order to retain the special tax-saving benefits associated with the Plan. The Plan allows withdrawals at retirement, disability, separation of service, or upon death. Other withdrawals are available only in cases of immediate and heavy financial hardship, subject to Internal Revenue Service (IRS) regulations.

Vesting

Participants are immediately vested in their contributions and Employer contributions made under the Safe Harbor provisions (effective February 15, 2017) plus accumulated earnings thereon. Employer's contributions other than safe harbor plus accumulated earnings thereon are vested based on a graded vesting schedule whereby a participant is 100 percent vested after 6 years of credited service. A participant is 100 percent vested upon reaching retirement age, death, permanent disability or termination of the Plan by the Employer.

Benefit Payments

Upon termination of service due to retirement or permanent disability, participants will receive cash in one lump-sum payment equal to the value of the participants' vested interest in their account. In the event of a participant's death, payment of the vested value of the participant's account is made to their beneficiary in one lump-sum payment.

Forfeited Amounts

These accounts are generally used to reduce Plan expenses and/or offset future Employer contributions. As of December 31, 2016, there were no forfeited nonvested accounts included in Plan assets. For the year ended December 31, 2016, the Plan did not use any forfeited nonvested accounts to pay for Plan expenses or reduce the Employer matching contributions.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Employer's contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments and Valuation Techniques

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, "Fair Value Measurement" for discussion of fair value measurements.

The underlying securities in each pooled separate account are listed on national securities exchanges and valued on the basis of year-end closing prices. Securities traded in the over-the-counter market are valued at closing price on the last business day of the year. Net appreciation in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis, which approximates the accrual method of accounting. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Expenses

Non-investment costs, primarily accounting and administrative expenses of the Plan are paid for by the Employer, which is a party-in-interest. These expenses, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions. Investment advisory services and certain administrative fees are paid by the Plan or charged against Plan investment activities and are included in the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active and inactive markets, inputs other than quoted prices that are observable for the asset or liability for substantially the full term of the financial instrument, and inputs that are derived from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

In 2017, the Plan holds investments in participation units held in pooled separate accounts through sub-accounts of an insurance company. The Plan has concluded that the Net Asset Value (NAV) reported by the insurance company approximates fair value of the investments. The investments are redeemable at the NAV under agreements with the insurance company. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

NOTE 4 - INFORMATION CERTIFIED BY CUSTODIAN (unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, Nationwide Financial Services, Inc. and Subsidiaries, the custodian of the Plan, has certified to the completeness and accuracy of the investments held by the Plan. For the year ended December 31, 2016, the Plan did not hold any investments.

NOTE 5 - TAX STATUS

The Plan was formed using a pre-approved format by the IRS for qualification under Section 401(a). This format last received approval by the IRS on March 31, 2014. The Employer believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2016. Thus, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 7 - SUBSEQUENT EVENT

The date to which events occurring after December 31, 2016 have been evaluated for possible adjustment to the financial statements or disclosure is October 6, 2017, the date on which the financial statements were issued.
