As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 4, which was certified by Reliance Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the Trustee is complete and accurate.

SUGAR CANE GROWERS COOPERATIVE OF FLORIDA
RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2016 and 2015

(1) Description of Plan

The following description of the Sugar Cane Growers Cooperative of Florida Retirement Savings Plan (the Plan) is provided for general informational purposes only. Plan documents should be referred to for a complete description of the Plan's provisions.

(a) General Information

The Plan is a defined contribution plan covering all eligible employees of Sugar Cane Growers Cooperative of Florida (Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustee is Reliance Trust Company. Ingham Retirement Group serves as recordkeeper for the Plan.

(b) Eligibility

All employees age 20-1/2 and over with 6 months of service are eligible to participate in the Plan. Employees are eligible to enter the Plan on the first day of the quarter after meeting these requirements.

(c) Contributions

Employees may make pretax voluntary contributions, not to exceed $18,000 for 2016 and 2015. Participants age 50 and over may make additional catch-up contributions, subject to certain limitations pursuant to Section 414(v) of the Internal Revenue Code. Participants may also contribute amounts representing distributions for other qualified defined benefit or defined contribution plans (rollovers).

Employer contributions to the Plan are discretionary. Prior to January 1, 2016, the Employer has matched 25% of the first 6% of annual compensation of the participant's contribution. Effective January 1, 2006, the Employer continued to match 25% of the first 6% of annual compensation of the participant's contribution for participants under the age of 40 on December 31, 2005 and for all new employees hired after December 31, 2005.

Effective January 1, 2016, the Employer revised the matching contributions such that all new hire employees, and all employees hired before January 1, 2006 and in the 40 to 44 age group on December 31, 2005, began receiving matching contributions equal to 50% of the first 6% of annual compensation of the participant's contribution.

(Continued)

SUGAR CANE GROWERS COOPERATIVE OF FLORIDA
RETIREMENT SAVINGS PLAN

Notes to Financial Statements

The Employer also set matching contributions for employees hired before January 1, 2006 and in the following age groups on December 31, 2005 as follows:

Age Group	Employer Matching
40 – 44	37.50% of the first 6% of annual compensation
45 – 49	50.00% of the first 6% of annual compensation
50 – 54	66.75% of the first 6% of annual compensation
Over 55	100.00% of the first 6% of annual compensation

In addition, effective January 1, 2006, the Employer began making Safe Harbor Non Elective contributions for all eligible participants equal to 3% of qualified compensation.

(d) Participant Accounts

Each participant's account is credited with the employee's contributions, the Employer's contributions and the employee's pro rata share of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Participants elect to invest their contributions and the Employer's contributions in a variety of investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their voluntary contributions and the Employer Safe Harbor Non Elective contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested at the normal retirement age of 65, death, disability and after three years of credited service.

(f) Payment of Benefits

Upon termination of employment a participant is eligible to be paid a lump sum benefit equal to the vested portion of the participant's account. Participants may also withdraw certain amounts from the Plan under in-service withdrawal (upon attaining age 59 1/2), disability, and under hardship withdrawal provisions.

(g) Forfeitures

Forfeitures of nonvested employer contributions may be used to reduce the contributions by the Employer or other Plan administrative expenses. At December 31, 2016 and 2015, forfeited nonvested accounts totaled $502 and $-0-, respectively.

Notes to Financial Statements

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recorded in the period in which contributions are withheld from salaries and wages by the Employer.

(b) Investments

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value.

The Plan adopted FASB's ASU 2015-12, "Plan Accounting", as of January 1, 2016 and the presentation and disclosures have been applied retrospectively to the Plan's financial statements as of and for the years ended December 31, 2016 and 2015.

Purchases and sales of securities are recorded on a trade date basis. The net appreciation in fair value of investments, which reflects the net unrealized appreciation, interest, dividends, and realized gain on investments, is reflected within the statements of changes in net assets available for plan benefits.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Administrative Expense

Certain expenses of Plan administration have been paid by the Employer and are not reflected on the accompanying financial statements.

(e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(3) Investments (Unaudited)

The Plan's sponsor has received certification from Reliance Trust Company as to the accuracy, completeness and valuation of investments and investment transactions as of December 31, 2016 and 2015 and for the years then ended.

Investments, which are participant–directed, consist of mutual funds and amounted to $37,472,490 and $29,277,755 as of December 31, 2016 and 2015, respectively.

RETIREMENT SAVINGS PLAN

Notes to Financial Statements

(4) Fair Value of Investments

The Plan adopted the provisions of the Fair Value Measurements and Disclosures Topic of the FASB ASC, which established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Party-in-Interest Transactions

Reliance Trust Company, as the Plan's trustee, uses the clearing firm, National Financial Services, a subsidiary of Fidelity Investments Institutional Group (Fidelity), to process all of its transactions. Fidelity provides custodian and brokerage services to the Plan, and therefore, these transactions qualify as party-in-interest transactions.

The Ingham Group is the Plan's third party administrator and registered investment advisor. As such, they are a fiduciary of the Plan and all investment transactions are considered to be transactions with a party-in-interest.

Notes to Financial Statements

(6) Federal Income Tax Status

The Plan has adopted a prototype plan provided by Ingham Retirement Group, which was established pursuant to provisions of the Internal Revenue Code (IRC) and ERISA. A favorable tax determination letter dated March 31, 2014 has been received from the Internal Revenue Service indicating the Plan qualifies under Section 401(a) of the IRC and the trust is exempt from income taxes under Section 501(a) of the IRC. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements. The Plan administrator believes the Plan has operated under the terms of the Plan document and therefore the Plan remains qualified.

The Plan is subject to routine audits by various taxing jurisdictions. The Plan's open audit periods are 2013 through 2016.

(7) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to discontinue contributions at any time and to terminate the Plan subject to provision set forth in ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

(8) Risks and Uncertainties

The Plan invests in various investment funds that are subject to various risks that determine the value of the fund. Due to the level of risk associated with certain financial instruments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

(9) Reconciliation of the Financial Statements to Form 5500

Amounts allocated to withdrawing participants are recorded in Form 5500 for benefit claims that have been processed and approved for payment before year end, but not yet paid as of that date, while such amounts are recorded when paid in the accompanying financial statements. The difference in the accounting for these benefits payable between the financial statements and the Form 5500 are reconciled in the following tables.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2016 and 2015:

		2016	2015
Net assets available for benefits per the financial statements	$	37,474,048	29,277,708
Less amounts allocated to participants for benefits payable		(40,257)	(3,406)
Net assets available for benefits per Form 5500	$	37,433,791	29,274,302
