| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## Notes to Financial Statements December 31, 2016 and 2015

### Note 1 - Plan Description

The following brief description of the LafargeHolcim US Retirement Savings Plan (RSP Plan) (f/k/a Lafarge North America Inc. Thrift Savings Plan) and the Lafarge North America Inc. Hourly 401(k) Plan (Hourly Plan) (collectively, the "Plans") is provided for general information purposes. Participants should refer to the plan documents, as amended and restated, for more complete information.

**General** - The Plans were adopted to provide a means by which Lafarge North America Inc. (the "Company") and other participating employers may encourage savings by eligible employees. Lafarge North America Inc. is the sponsor of the Plans. The Plans are defined contribution plans and cover salaried and hourly employees of the Company at certain facilities who have completed any applicable eligibility requirements and who are not covered by another Company defined contribution plan. Contributions are subject to certain limitations. The Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plans were most recently amended and restated effective January 1, 2016. The RSP Plan was amended and restated to reflect the merger of the Holcim (US) Inc. Retirement Savings Plan for Hourly Employees, the Holcim (US) Inc. Retirement Savings Plan for Salaried Employees, and the Systech Environmental Corporation Savings and Investment Trust Plan, effective December 31, 2015. To reflect the merger of the plans, the Lafarge North America Inc. Thrift Savings Plan was renamed. The Hourly Plan was amended and restated to incorporate prior amendments, simplify distribution and withdrawal rules in the Hourly Plan, and make all participants eligible to make after-tax contributions.

The RSP Plan's assets are held in the custody of Fidelity Management Trust Company (Fidelity) and Voya Life Insurance and Annuity Company (Voya), the custodian of certain plan assets. The Hourly Plan's assets are held in the custody of Fidelity.

**Participant Contributions** - The RSP Plan consists of a basic plan document and several supplements relating to certain locations. Each salaried and hourly employee who becomes eligible to participate in the plan may elect to contribute both pretax and after-tax contributions to the plan for each pay period in an amount equal to any whole percentage that, when added together, does not exceed 75 percent of the participant's basic compensation. Qualified distributions from other qualified retirement plans can also be contributed to the plan and retained as a rollover distribution.

#### Note 1 - Plan Description (Continued)

The Hourly Plan consists of a basic plan document and several supplements relating to certain locations and/or unions. Each supplement to the plan document addresses eligibility, employer contributions and allocations, vesting, etc. which may be different from the basic plan document. Each hourly employee who becomes eligible to participate in the plan under the basic plan document may elect to contribute to the plan on a pretax or after-tax basis for each pay period in an amount equal to any whole percentage that, when added together, does not exceed 100 percent of his or her basic compensation. Qualified distributions from other qualified retirement plans can also be contributed to the plan and retained as a rollover distribution.

**Employer Contributions** - For the RSP Plan, under the basic plan document, the Company makes two contributions. The regular match is made each pay period and is 100 percent of the first 3 percent and 50 percent of the next 3 percent of pretax and after-tax compensation contributed to the plan by each participant. The Company's regular match contributions for the year ended December 31, 2016 were \$17,265,890. The Company also makes core contributions that are determined based on each participant's age, length of service, and compensation. The Company's core contributions for the year ended December 31, 2016 were \$16,885,637. In addition, the Company may make discretionary employer profit-sharing contributions each plan year as determined by the Benefit Plan Committee. No discretionary contributions were made during the year ended December 31, 2016.

For the Hourly Plan, under the basic plan document, the Company matches 25 percent of the first 4 percent of pretax compensation contributed to the plan by each participant for all participants who have completed one year of service. In addition, eligible employees within certain locations and/or unions may receive an employer supplemental contribution based on the supplement related to that location and/or union. Employees within these locations and/or unions receive 1.5 percent of eligible compensation, regardless of employee deferrals.

**Vesting** - Participants are immediately vested in their salary deferral contributions and rollover contributions plus actual earnings thereon.

Generally, the RSP Plan participants become fully vested in employer matching and core contributions, plus earnings thereon, after two years of service with the Company.

### Notes to Financial Statements December 31, 2016 and 2015

#### Note 1 - Plan Description (Continued)

Hourly Plan participants vest in the Company's employer contributions and earnings in accordance with the following schedule:

| <u>Years of Service</u> | <u>Vested<br/>Percentage</u> |
|-------------------------|------------------------------|
| 1                       | 20                           |
| 2                       | 40                           |
| 3                       | 60                           |
| 4                       | 80                           |
| 5 or more               | 100                          |

**Participant Accounts** - Individual accounts are maintained for each participant and include participants' salary deferral contribution and rollover contributions, plus an allocation of the employer contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. Participants may direct the investments of their account balances into various investment options offered by the plan.

**Payment of Benefits** - Upon termination, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The Plans also allow for distributions upon death, disability, attainment of age 59½, or in certain hardship situations. A participant may elect to receive a lump-sum payment, an annuity, or may roll over the value of their account into another qualified plan. In the event a participant terminates or retires and the participant's vested account balance is less than \$5,000, the balance will either be rolled over or paid out as a lump-sum distribution at the discretion of the Company.

**Participant Notes Receivable** - Participants of the RSP Plan and participants of the Hourly Plan covered by the Blue Circle Heritage Cement Supplement may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate. Participant notes receivable must be repaid within five years unless it is used to acquire a principal residence of the participant. Principal and interest are paid ratably through payroll deductions.

**Investment Options** - Participants may direct Fidelity as to the investment of their account balances in accordance with guidelines established by the Plans. Participants may change their investment elections at any time. Transfers of account balances between elected investment options may also be made at any time. While the RSP Plan holds certain investments with Voya, participants are no longer allowed to make contributions to these investments. RSP Plan participants with existing balances with Voya are allowed to retain balances in those accounts.

### Note 1 - Plan Description (Continued)

**Forfeitures** - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeited amounts are to be first used to restore previously forfeited contributions for rehired participants before five consecutive one-year breaks in service, and thereafter are to be used to pay certain administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions.

**Termination** - While it has not expressed any intent to do so, the Company has the right under each plan to discontinue its contributions at any time and to terminate each plan subject to the provisions set forth in the plan document and ERISA. Upon termination of any of the plans, affected participants of the terminated plan become 100 percent vested in their account balances.

**Party-in-interest Transactions** - Certain plan assets are in investment funds managed by Fidelity and Voya or their affiliates. Fidelity and Voya are the custodians of the Plans; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

**Transfers** - A participant may transfer his or her account balance between the LafargeHolcim US Retirement Savings Plan and Lafarge North America Inc. Hourly 401(k) Plan if the participant changes positions resulting in a change in plan eligibility. During 2016, net transfers from the Hourly Plan to the RSP Plan were \$11,349.

### Note 2 - Summary of Significant Accounting Policies

**Investment Valuation** - The fair value of the Plans' interest in the LafargeHolcim Master Trust (Master Trust) is based on the beginning of the year value of the Plans' interest in the trust plus actual contributions, allocated investment income less actual distributions, and allocated administrative expenses. The Master Trust's investments are stated at fair value, except as noted below. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The common collective trust funds and pooled separate accounts are valued at net asset value per share (NAV) or its equivalent of the funds, which are based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. All other investments are valued based on quoted market prices. See Note 5 for additional information.

**Participant Notes Receivable** - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

**Benefit Payments** - Benefits are recorded when paid.

### **Notes to Financial Statements December 31, 2016 and 2015**

#### **Note 2 - Summary of Significant Accounting Policies (Continued)**

**Administrative Expenses** - Various administrative costs are paid by the Company. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plans. Administrative expenses are paid either directly by the Company or by the account of the participant.

**Risks and Uncertainties** - The plans invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Transfer from the Change in Trustee** - The 2015 statements of net assets available for benefits include an other receivable for the transfer from the change in trustee. The transfer for the RSP Plan consists of investments of \$230,426,931, participant notes receivable of \$1,147,304, and the remaining receivable was cash in transit at December 31, 2015. The transfer for the Hourly Plan consists of investments of \$26,090,989, participant notes receivable of \$228,062, and the remaining receivable was cash in transit at December 31, 2015.

**Subsequent Events** - The financial statements and related disclosures include evaluation of events up through and including September 27, 2017, which is the date the financial statements were available to be issued.

#### **Note 3 - Unaudited Information**

Fidelity and Voya hold the Plans' investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements, including the Master Trust information included in Note 5 and the schedules of assets held at end of year, are based solely on information certified by Fidelity and Voya.

### Note 4 - Tax Status

The Plans have received determination letters from the Internal Revenue Service indicating that the Plans, as designed, are qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plans have been amended since receiving determination letters, management believes that the Plans are designed and are currently being operated in compliance with the applicable requirements of the IRC.

### Note 5 - Investments

#### Master Trust

Effective January 1, 2016, the Plans' investments are held in the Master Trust, which was established for the investment of assets of the RSP Plan and the Hourly Plan. Each participating plan has interest in the Master Trust based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by Fidelity. At December 31, 2016, the RSP Plan had interest in the net assets of the Master Trust of approximately 95 percent. At December 31, 2016, the Hourly Plan had interest in the net assets of the Master Trust of approximately 5 percent. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon their proportionate share in the investments of the Master Trust.

#### Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plans' assets measured at fair value on a recurring basis at December 31, 2016.

**Level 1** - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plans have the ability to access.

**Level 2** - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

**Level 3** - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

## Notes to Financial Statements December 31, 2016 and 2015

### Note 5 - Investments (Continued)

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plans' assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
