AppleCare Medical Management 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

As of March 31, 2017, and December 31, 2016 and 2015, and for the Period from January 1, 2017 to March 31, 2017 and for the Year Ended December 31, 2016

NOTE 1 - Description of the Plan

The following description of the AppleCare Medical Management 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of AppleCare Medical Management, LLC (the "Company") and the Company is the plan sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Employees who have completed three months of service and are age twenty-one (21) or older are eligible to make elective contributions to the Plan. Eligible employees become a participant in the Plan as of the next quarterly entry date following the completion of the eligibility requirements.

Effective December 31, 2016, the Plan was frozen for new participation and contributions.

On March 31, 2017, the Plan merged into the UnitedHealth Group 401(k) Savings Plan and the Optum Partner Services 401(k) Plan.

Contributions

Prior to the Plan being frozen, participants could elect to contribute up to 92% of eligible compensation, not to exceed the limits of the Internal Revenue Code (the "Code"). Elective contributions included pre-tax deferrals, Roth deferrals, and rollover contributions. Participants who had attained age 50 before the end of the year could make additional catch-up contributions, subject to limitations imposed by the Code.

Participants employed at the end of the year, or had completed 1,000 hours of service, were eligible for the discretionary Company matching and discretionary profit sharing contributions. Discretionary company matching and profit sharing contributions, if any, were contributed annually. For 2016, the Company matched 100% of the participant's deferrals, up to 4% of eligible compensation. No discretionary profit sharing contributions were made for the period from January 1, 2017 to March 31, 2017, or for the year ended December 31, 2016.

Participant Accounts

Each participant's account was credited with the participant's contributions, discretionary matching contributions, allocations of the discretionary profit sharing contribution, if any, and Plan earnings, net of administrative expenses. Allocations were based on participant's eligible compensation, or account balances, as defined in the Plan document. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Investments Classification

All investments were participant directed. The Plan was intended to comply with ERISA section 404(c). Participants had the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them through a registered investment company.

AppleCare Medical Management 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

As of March 31, 2017, and December 31, 2016 and 2015, and for the Period from January 1, 2017 to March 31, 2017 and for the Year Ended December 31, 2016

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants were immediately vested in their salary deferral and rollover contributions plus actual earnings thereon. Prior to the Plan being frozen, vesting in the Company's discretionary matching and discretionary profit sharing contributions, if any, plus actual earnings thereon was based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Notwithstanding the vesting schedule above, employer matching contributions and employer discretionary profit sharing contributions, if any, became fully vested (100%) upon the occurrence of any of the following events while the participant was employed by the Company: death, attainment of normal retirement age (age 65), disability, partial plan termination with respect to the participant, complete termination of the Plan or complete discontinuance of employer contributions.

Participants became 100% vested in employer matching and employer discretionary profit sharing contributions when the Plan was frozen.

Forfeited Accounts

As of March 31, 2017, and December 31, 2016 and 2015, forfeited nonvested accounts totaled \$0, \$28,954 and \$22,501, respectively. For the period from January 1, 2017 to March 31, 2017, and the year ended December 31, 2016, forfeitures were used to reduce the payment of employer contributions by \$28,976 and \$25,690, respectively, from forfeiture accounts. Forfeitures can be used to reduce future employer contributions or to pay certain administrative expenses.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, attainment of age 59 ½ or termination of employment, as defined in the Plan document. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$5,000 will be distributed in a lump-sum payment. With the Plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

There are no amounts owed to the participants who had elected to withdraw from the Plan, but had not been paid as of March 31, 2017, and December 31, 2016 and 2015.

AppleCare Medical Management 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

As of April 3, 2017, and December 31, 2016 and 2015, and for the Period from January 1, 2017 to April 3, 2017 and for the Year Ended December 31, 2016

NOTE 1 - Description of the Plan (cont.)

Notes Receivable From Participants

Prior to March 31, 2017, participants could have borrowed from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (subject to reduction for certain loan balances in the prior 12 months) or 50% of their vested account balance. These loans were secured by the balance in the participant's account. Loan terms ranged from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans bore interest at rates which were commensurate with local prevailing rates at the date of inception of the loan as determined quarterly by the Plan Administrator. Principal and interest were paid ratably through payroll deductions. Participants generally could have up to two outstanding loans at one time.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of March 31, 2017, December 31, 2016 or December 31, 2015.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The 2016 excess contributions will be distributed from the UnitedHealth Group 401(k) Savings Plan and the Optum Partner Services 401(k) Plan.

AppleCare Medical Management 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

As of April 3, 2017, and December 31, 2016 and 2015, and for the Period from January 1, 2017 to April 3, 2017 and for the Year Ended December 31, 2016

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2017, the date the financial statements were approved and available to be issued.

NOTE 3 - Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2017, 2016, and 2015. Accordingly, Voya Institutional Trust Company ("the Trustee") of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of March 31, 2017, and December 31, 2016 and 2015 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the period from January 1, 2017 to March 31, 2017, and for the year ended December 31, 2016.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

NOTES TO FINANCIAL STATEMENTS

As of April 3, 2017, and December 31, 2016 and 2015, and for the Period from January 1, 2017 to April 3, 2017 and for the Year Ended December 31, 2016

NOTE 4 - Fair Value of Financial Instruments (cont.)

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money Market Funds: Valued at the closing price reported on the active market on which the funds are traded.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value, ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy. The plan held no investments as of March 31, 2017.

NOTE 5 - Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 6 - Related Party and Party-in-interest Transactions

Certain of the Plan's investments are managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of investments. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 - Tax Status

The Plan uses a prototype plan document sponsored by Voya Retirement Insurance and Annuity Company. The prototype plan received an opinion letter from the IRS, dated September 1, 2014, which states the prototype document satisfies the applicable provisions of the Code. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code, and therefore believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

As of April 3, 2017, and December 31, 2016 and 2015, and for the Period from January 1, 2017 to April 3, 2017 and for the Year Ended December 31, 2016

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2016 and 2015, the Plan had investments of \$3,494,868 and \$2,964,238, respectively, concentrated in two mutual funds.

NOTE 9 - Delinquent Participant Contributions

For the year ended December 31, 2016, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances on the Schedule of Delinquent Participant Contributions corrected outside the Voluntary Fiduciary Correction Program totaled \$183,591. Additionally, the Company compensated participants for lost earnings resulting from the delay in contributions.

NOTE 10 - Form 5500 Reconciliation
