NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accounting records of the Hunter Industries Holding Company, Ltd. 401(k) Savings Plan (the "Plan") are prepared on the accrual method of accounting in accordance with U. S. generally accepted accounting principles.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds are carried at the current fair market value (net asset value), as determined by quoted prices in an active market. Gains and losses (realized and unrealized) are reported in net investment gain from investments in the statement of changes in net assets available for benefits. Investments in pooled separate accounts are stated using net asset value (NAV) of the underlying mutual funds. The guaranteed interest account and stable value fund are stated at contract value (see Note D).

Payment of Benefits: Benefit payments are recorded when paid.

Concentration of Credit Risks: Concentration of credit risk with respect to the Plan's investments is reduced as a result of diversity of the underlying portfolio.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE B - DESCRIPTION OF PLAN

The following description of the Hunter Industries Holding Company, Ltd. 401(k) Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsor who are age twenty-one or other and have completed one year of continuous employment.

Companies or affiliates of the Plan Sponsor with employees in the Plan include the following:

Hunter Industries, Ltd.
Colorado Material, Ltd.
Weisman Equipment Company, Ltd.
RTX Diablo, LLC

Termination: Although it has not expressed an intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

Contributions: Participants may contribute to the Plan as allowed by the Internal Revenue Code and the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may contribute a discretionary amount to the Plan each year. In addition, the employer may match a portion of the employee's contributions. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's matching contribution and (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is 100% vested upon attaining the Plan's normal retirement age or if employment is terminated due to death or disability. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the employee's interest in employer contributions becomes vested in accordance with specific vesting schedules based on years of service as required by the Department of Labor.

Payment of Benefits: On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time detailed in the Plan. Hardship withdrawals are available to Plan participants upon approval by the Plan Committee

Forfeited Accounts: The Sponsor uses the forfeitures to reduce the Sponsor's expenses or contributions as such obligations accrue. Forfeited non-vested accounts totaled approximately $4,100 and $5,900 at December 31, 2016 and 2015, respectively.

NOTE C - FAIR VALUE MEASUREMENTS

In accordance with U. S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Fair Value Measurements Using			
	Level 1	**Level 2**	**Level 3**	**Total**
December 31, 2016:				
Mutual funds	$ 385,703	$ -	$ -	$ 385,703
Pooled separate accounts	-	9,634,285	-	9,634,285
Total investments at fair value	385,703	9,634,285	-	10,019,988
December 31, 2015:				
Mutual funds	$ 424,394	$ -	$ -	$ 424,394
Pooled separate accounts	-	8,526,640	-	8,526,640
Total investments at fair value	424,394	8,526,640	-	8,951,034

NOTE C - FAIR VALUE MEASUREMENTS – continued

There have been no changes in methodologies used to determine fair value. Following is a description of the valuation methodologies used for various types of assets measured at fair value:

Mutual funds: Valued at net asset value (NAV).

Pooled Separate Accounts: Valued at net asset value (NAV) of the underlying mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – INVESTMENTS AT CONTRACT VALUE

The Plan has a benefit-responsive stable value fund held in a collective investment trust (the "Fund"), with a contract value of $925,532 at December 31, 2016 and $532,439 at December 31, 2015. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund seeks to provide preservation of capital and stable returns with low risk and liquidity through the use of high quality stable value investment contracts and cash and cash equivalents. There is not a set interest rate for the fund as it owns various investment contracts with varying rates and maturity dates. The Fund is fully benefit-responsive.

The Plan has a benefit-responsive guaranteed interest contract, with a contract value of $42,030 at December 31, 2016 and $78,323 at December 31, 2015.

The Funds do not have any provisions that, in the event of termination or liquidation, would limit the Plan's ability to fully execute under the contract or which would result in a realized fair value significantly different from the contract value.

NOTE E - INCOME TAX STATUS

The Plan has received a favorable determination that it qualifies under applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE F – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan includes certain investments managed by the Custodians therefore; these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest are based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed by the plan document.
