Independent Auditor's Report

To the Plan Administrator
National Molding, LLC 401(k) Plan
Miami Lakes, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the National Molding, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Standard Insurance Company ("Standard"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Standard holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Standard as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by Standard is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2016 and schedule of delinquent participant contributions for the year ended December 31, 2016 are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Standard, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the National Molding, LLC 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, effective February 8, 2002, is a defined contribution plan covering all full-time employees of the National Molding, LLC (the "Company") who have six months of service and are age twenty-one or older. The Plan was amended effective March 1, 2016 to allow former employees of Ven-Tel Plastics Corp to participate in the Plan effective March 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Although it has not expressed intent to do so, the Company has the right to amend or terminate the Plan subject to provisions set forth in ERISA. In the event of the Plan's termination participants will become 100% vested in their accounts.

Contributions

Each year, participants may contribute up to the lesser of $18,000 (or other Internal Revenue Service ("IRS") permitted amounts) or up to 18% of their eligible compensation. Catch-up contributions of up to $6,000 are permitted for participants who have attained age 50 before the end of the Plan year. Participants may also contribute amounts representing rollovers from other qualified plans.

During the plan years ended December 31, 2016 and 2015, a total of $0 and $4,765 in employee contributions were made to the Plan by Plan participants in excess of amounts allowed by IRS nondiscrimination rules. Excess contributions were returned to participants subsequent to each respective year end.

The Company's matching contribution, if any, shall be determined by the Company with respect to each plan year. The matching contribution, if any, is contributed to each eligible participant in accordance with an IRS acceptable nondiscriminatory formula. For the year ended December 31, 2016, there were employer matching contributions of $55,266.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company matching contribution (if any), and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals, or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant vests in Company contributions at a rate of 20% each year after achieving one year of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate; interest rates range from 3.25% to 5.50% at December 31, 2016 and 3.25% to 5.50% at December 31, 2015. Principal and interest is paid ratably through payroll deductions over periods of up to 5 years.

Payment of Benefits

Under the provisions of the Plan, a participant may elect to receive distributions from the Plan upon attaining the age of 59-1/2, retirement, termination of employment, or if they become permanently disabled. Amounts equal to the value of the participant's account are available to a participant's beneficiary in the event of their death. All distributions are subject to the provisions of the Plan document. Distributions are only made in a lump sum payment.

Expenses

The expenses of the Plan are paid out of funds of the Plan unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. For the year ended December 31, 2016, total Plan expenses were $2,928.

Forfeitures

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, nonvested portions of the Company contributions and earnings thereon are forfeited. Forfeitures or terminated participants' nonvested accounts are first used to reduce Company contributions to the Plan in accordance with the Plan document.

At December 31, 2016 and 2015, there were no forfeitures of nonvested participant accounts.

2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America, and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions made by management affecting the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates and those differences may be material.

Investment Valuation and Income Recognition

Investments are reported at fair value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the plan are paid either by the Company or the Plan and are expensed as incurred. Expenses that are paid by the Company are excluded from these financial statements.

3. Certified Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Standard certified the completeness and accuracy of investments reported on the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015. In addition,

Standard certified the completeness and accuracy of the supplemental schedule of investments (held at end of year) as of December 31, 2016 and 2015 and the net appreciation in fair value of investments and interest for the year ended December 31, 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Risks and Uncertainties

The Plan's investment fund options provide participants with a variety of investment alternatives with differing levels of risk, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

5. Fair Value Measurements

Accounting Standards Codification Topic 820, *Fair Value Measurement* ("ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts - Underlying investments are valued based on daily quoted market prices, which represent the published daily net asset value ("NAV") of shares held by the Plan at year end. The NAV is determined by Standard, and is based on the underlying investments of each pooled separate account ("PSA"). The NAV is used as a practical expedient to estimate fair value. In accordance with ASU 2015-07, the PSAs have not been classified within the fair value hierarchy described above. There were no unfunded commitments at December 31, 2016 and 2015.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

There were no plan liabilities required to be recorded at fair value at December 31, 2016 and 2015.

6. Investment Contracts with Insurance Companies

In 2014, the Plan entered into a fully benefit-responsive investment contract with Standard, the Standard Stable Asset Fund A ("Standard SAF"), which offers a full guarantee on principal and interest by Standard. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The Standard SAF is recorded at contract value as described in Note 2. The Plan's investment in the Standard SAF owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the Standard SAF. The Standard SAF does not have or provide for any known cash flows that could be discounted. As a result, the fair value amount shown is equal to the contract value. Contract value represents deposits made to the contract, plus earnings on guaranteed crediting rates, less withdrawals and fees.

There is no event that limits the ability of the Plan to transact at contract value with Standard. There are also no events or circumstances that would allow Standard to terminate the fully benefit-responsive contract with the Plan and settle an amount different from contract value.

7. Related Party Transactions

Certain Plan investments include pooled separate accounts and a guaranteed investment contract managed by Standard. These transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

8. Income Tax Status

The IRS issued an opinion letter on March 31, 2014 which indicated that the prototype non-standardized plan adopted by the Company was designed and amended in compliance with the applicable provisions of the IRC. The Plan administrator believes the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code ("IRC") and the related trust was tax-exempt at December 31, 2016.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015 and for the year ended December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Schedule H of the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015 to the Form 5500:

As of December 31,	2016	2015
Net assets available for benefits per the financial statements	$ 3,657,408	$ 3,202,322
Contribution receivable - participants	(2,360)	-
Excess contributions payable	-	4,765
Net Assets Available for Benefits Per the Form 5500	$ 3,655,048	$ 3,207,087

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2016 to the Form 5500:

Year ended December 31, 2016	
Changes in net assets available for benefits per the financial statements	$ 455,086
Less: Employee contributions accrued at December 31, 2016	(2,360)
Less: Excess contributions payable at December 31, 2015	(4,765)
Changes in Net Assets Available for Benefits Per the Form 5500	$ 447,961

10. Subsequent Events

The Plan has evaluated events and transactions subsequent to the Plan's year-end through the time that these financial statements were available to be issued on October 12, 2017. The Plan is not aware of any events or transactions that occurred subsequent to the Plan's year end but prior to October 12, 2017 that would require recognition or disclosure in its financial statements.
