1. Description of the Plan

The following brief description of the Somnia, Inc. 401(k) Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of Somnia, Inc. (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Board of Directors of Somnia, Inc. (the "Board") who is responsible for the administrative and investment decisions of the Plan.

Eligibility and Enrollment

Participants who are age 21 or older are immediately eligible upon hire to participate in the Plan. Employees are eligible to receive Employer profit sharing contributions immediately upon enrollment in the Plan, provided that they have reached 21 years of age.

Contributions

Plan participants may contribute a portion of their eligible compensation to their employee deferral accounts, on a tax deferred basis. Participant contributions may not exceed the limits as specified by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan does not provide matching contributions; however, the Company may make non-elective profit sharing annual contributions in an amount specified by the Company, which is not limited to the profit of Company. The Company did not make any profit sharing contributions to the Plan for the year ended December 31, 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) Employer contributions, if any, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan *(continued)*

Vesting

Participants in the Plan are at all times fully vested in their contributions plus Plan earnings or losses thereon. Employer discretionary contributions vest over a five-year period with 20% vesting after one year of service and an additional 20% vesting at the end of each year thereafter.

Forfeited Accounts

Forfeited accounts are amounts forfeited by participants who have terminated their employment and who have withdrawn from the Plan. Forfeitures maybe used to reduce administrative expenses. At December 31, 2016 and 2015, forfeited non-vested amounts totaled $354 and $8,899. During 2016, $8,888 of forfeitures were used to reduce administrative expenses.

Payment of Benefits

Upon termination of service, participants may elect for payment to be made in a lump sum, or in an amount the participant designates from time to time. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, may not exceed the amount of the participant’s immediate financial need and will cause suspension of contributions for six months.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The loans bear interest at the prime rate and are secured by the participants account. The loans plus interest are repaid through payroll deduction in equal payments over the term of the loan (up to five years). A participant may have no more than two outstanding loans from the Plan at any time. Loans are collateralized by the participant’s account balance. Upon termination of service, the principal and accrued interest shall be immediately due and payable.

Expenses

Certain expenses related to maintaining the Plan are paid by the Company and are excluded from these financial statements. Administrative fees incurred in connection with loans and participant activity charges are borne by the individual and deducted from their respective Plan assets. Investment related expenses are included in the net asset value (“NAV”) of the respective investment vehicles and, consequently, those expenses are not separately reflected but are a component of net appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2016 and 2015, all of the Plan's investments, that were valued at fair value, were valued using level 1 inputs.

Investment Valuation and Income Recognition

All investments are stated at fair value except for the common/collective trusts, which are stated at contract value. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participants loans are measured at their unpaid principal balance plus any accrued unpaid interest and are classified as notes receivable from participants. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies *(continued)*

Benefit Payments

Benefit payments are recorded when paid.

Accounting for Uncertainty Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. The Plan Administrator has analyzed the tax positions and determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The plan administrator believes the Plan is no longer subject to examination by the applicable taxing jurisdictions for years prior to December 31, 2013.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is July 25, 2017.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016.

4. Common/Collective Trusts

Fidelity Advisor Stable Value Fund

The Fidelity Advisor Stable Value Fund (the "FASV Fund") is a common/collective trust that invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third-parties, and invests in cash equivalents represented by shares in money market funds.

4. Common/Collective Trusts *(continued)*

Fidelity Advisor Stable Value Fund

The FASV Fund uses best efforts to maintain a stable NAV of $1.00 per unit. The NAV per unit is determined each business day. Issues and redemptions of units are recorded based on the next determined NAV per unit normally each day. The trustee of the FASV Fund may, at its sole discretion, impose restrictions on issues and redemptions of units. The portfolio and wrap contracts of the FASV Fund are designed to pay all permitted unitholder-initiated transactions at contract value. Permitted unitholder-initiated transactions are those allowed by a plan (typically this would include withdrawals for benefits, loans, or transfers to non-competing portfolios within a plan) excluding certain withdrawals that are deemed to be caused by the actions of the plan sponsor. The wrap contracts limit the ability of the FASV Fund to transact at contract value upon the occurrence of such plan sponsor events. These events include: the Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code ("IRC"); the establishment of a defined contribution plan that competes with the Plan for employee contributions; any substantive modification of the portfolio, including administration, of the FASV Fund that is not consented to by the wrap issuer; any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the FASV Fund's cash flow; any communication given to unitholders by the plan sponsor, any other plan fiduciary or the trustee that is designed to induce or influence unitholders not to invest in the FASV Fund or to transfer assets out of FASV Fund; any transfer of assets from the FASV Fund directly to a competing investment option.

The FASV Fund is fully benefit-responsive and is stated at contract value on the statement of net assets available for benefits as of December 31, 2016.

Federated Capital Preservation Fund

Participants had the option to invest in the Federated Capital Preservation Fund (the "FCP Fund"), which was a collective investment fund issued by Federated Investors Trust Company. The FCP Fund held guaranteed investment contracts ("Traditional GICs"), separate account guaranteed investment contracts ("Separate Account GICs") and synthetic guaranteed investment contracts ("Synthetic GICs").

Participants could purchase units of the FCP Fund daily based on the established unit value of $10. The principal value per unit of the FCP Fund was determined at the end of each day by dividing the net assets by the number of outstanding units. Participants could redeem units of the FCP Fund for the purpose of a bona fide benefit payment, making a participant loan, honoring an employee-directed transfer of the employee's interest in the Plan to another investment election or paying fees of the FCP Fund. Participants could make withdrawals from the FCP Fund for other purposes generally only upon 12 months' advance written notice. All participants of the FCP Fund have a proportionate undivided interest in all assets of the FCP Fund. Net investment income was distributed to participants monthly and is reinvested to purchase additional units of the FCP Fund.

4. Common/Collective Trusts *(continued)*

Federated Capital Preservation Fund (continued)

The FCP Fund was fully benefit-responsive and was recorded at contract value on the statement of net assets available for benefits at December 31, 2015.

5. Party-in-Interest Transactions

Certain Plan investments transactions are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is a trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although no decisions have been made to do so, the Employer has the right to terminate the Plan at any time subject to the provision of ERISA. In the event of a Plan termination, participants would become 100% vested in their Employer contributions.

7. Tax Status

The Internal Revenue Service issued an opinion letter to the prototype plan document preparer, Fidelity Management & Research Co., dated March 31, 2014, which states that the form of the prototype plan qualifies under the applicable provisions of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2016 and 2015:
