SCI 401(k) Plan

Notes to Financial Statements

December 31, 2016

1. Description of the Plan

SCI 401(k) Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Sable Construction, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective May 15, 2016, the Plan was restated and the custodian of the Plan changed from Nationwide Trust Company ("Nationwide") to United of Omaha Life Insurance Company ("Mutual of Omaha").

Eligibility

Qualified employees of the Company are eligible to participate in the Plan on the first day of the month after completing six month of service. Effective May 15, 2016, the Plan was amended so employees who were hired prior to May 1, 2016 are immediately eligible and employees hired May 1, 2016 and later are eligible to participate in the Plan upon the completion of 12 months of service. All newly eligible employees are automatically enrolled in the Plan with a deferral percentage of 2% as soon as administratively feasible following the employee's eligibility date, unless the employee elects to opt out of the Plan. The automatic deferral amount will increase on January 1st by 1% each year up to a maximum of 10%.

Contributions

Each year, participants may contribute up to 80% of their eligible compensation, as defined in the Plan, on both a pre-tax basis and after-tax ("Roth") basis, not to exceed the annual limit established by the Internal Revenue Code (the "Code"). Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Company makes contributions to the Plan equal to 25% of the participant contributions not to exceed 4% of eligible earnings, up to the maximum amounts permitted by the Internal Revenue Service ("IRS"). The Company may also make discretionary profit sharing contributions. None were made in 2016.

Participants direct the investment of the contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings

1. Description of the Plan (continued)

or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

Nonvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant receives a distribution of their vested account, as defined by the Plan. Amounts are retained in the Plan and used to pay Plan administrative expenses and to reduce future employer's matching contributions in the subsequent year. During 2016, the Plan utilized $38 of forfeitures to fund employer contributions. As of December 31, 2016 and 2015, there was $1,029 and $1,137 of unallocated forfeitures, respectively.

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan, lump sum payment or installments. Hardship withdrawals are available and will result in a six month suspension during which no contributions may be made to the participant's account. For terminated participants' account balances that are less than $5,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. If the participant's vested portion is greater than $5,000, the participant may elect to maintain the vested portion in the Plan.

1. Description of the Plan (continued)

Notes Receivable From Participants

Participants are permitted to borrow a maximum amount of the lesser of $50,000 or 50% of their vested account balance. The minimum that can be borrowed is $1,000 and only one loan can be outstanding at a time. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a reasonable interest rate as determined by Mass Mutual. Notes receivable from participants terms range from one to five years or a reasonable amount of time for the purchase of a principal residence. Principal and interest is paid through payroll deductions with equal installments made each pay period.

Administrative Expenses

The Company may pay certain administrative and operating expenses of the Plan at no obligation to the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefits are recorded when paid to participants.

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect

2. Summary of Significant Accounting Policies (continued)

certain amounts reported in the financial statements and the accompanying notes and schedule. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

The Plan has evaluated subsequent events through September 28, 2017 the date the financial statements were available to be issued.

Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 amends Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07

2. Summary of Significant Accounting Policies (continued)

is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The standard requires the use of the retrospective transition method. Management has elected to adopt early.

3. Investment Contracts

During 2016, the Plan entered into a benefit-responsive group annuity contract with Mutual of Omaha where the contributions are maintained in a general account. The contract is a traditional investment contract and meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Certain events limit the Plan's ability to transact at contract value with Mass Mutual. Such events include the following: amendments to the Plan documents (including complete or partial plan termination or merger with another plan); changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. The contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

4. Investments

All investment information disclosed in the accompanying financial statements, notes and schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividend income and interest income from notes receivable from participants for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide and Mutual of Omaha, the custodians of the Plan.

5. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts are valued based on the NAV as determined by the issuer based on the fair value of the underlying securities of the valuation, which is the practical expedient. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying securities that make up the fund, which are predominately traded on an active market. These securities are redeemable at fair value on a daily basis. There are no unfunded commitments as of December 31, 2015 and 2014. The redemption frequency is daily and there is no notice period on participant directed distributions.

5. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments measured at net asset value*	**$ –**	**$ –**	**$ –**	**$ 638,129**
Total assets at fair value	**$ –**	**$ –**	**$ –**	**$ 638,129**

	Assets at Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments measured at net asset value*	$ –	$ –	$ –	$ 627,563
Total assets at fair value	$ –	$ –	$ –	$ 627,563

*Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be come 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

7. Party-in-Interest Transactions

Plan assets include investment in funds managed by Nationwide and Mutual of Omaha. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

8. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2014 stating that the form of the plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax exempt. The Company has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company has indicated it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

9. Reconciliation of Financial Statements to Form 5500
