INDEPENDENT AUDITOR'S REPORT

To the Trustees of
CPM & Rosemurgy Properties 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CPM & Rosemurgy Properties 401(k) Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the years ended December 31, 2016 and 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by United of Omaha Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at year end is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

The supplemental Schedule H, line 4i – Schedule of Assets Held at End of Year does not disclose that the Plan has loans to participants, which are considered assets held for investment purposes. This information was not certified by the custodian. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. See Note 3 for additional information.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CPM & ROSEMURGY PROPERTIES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Effective Year – The effective date of the CPM & Rosemurgy Properties 401(k) Retirement Plan ("Plan") is July 1, 1994, and the Plan is accounted for on a calendar year basis. The Plan was established by the Board of Directors of Campbell Property Management & Real Estate, Inc. (the "Company").

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. An allowance for loan losses has been recorded as of December 31, 2016 of $1,438 to account for certain deemed distributions of participant loans and offset loans. An allowance for loan losses has been recorded as of December 31, 2015 of $6,010 to account for certain deemed distributions of participant loans and offset loans.

Investment Valuation and Income Recognition – Investments are reported at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The investment contracts are also reported at fair value which approximates contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The carrying value of accounts receivable and accounts payable approximates fair value due to their short-term nature.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – The Company has agreed and is responsible for part of the investment and audit expenses of the Plan. For the years ended December 31, 2016 and 2015, expenses of approximately $12,000 and $11,750, respectively, were paid directly by the Company in each year. Expenses totaling $16,288 and $15,967 for the years ended December 31, 2016 and 2015, respectively, were charged to participants' accounts. These expenses are part of the investment fees, fees for withdrawals of a participant or fees on loans to participants.

NOTE 2 – PLAN DESCRIPTION

The following brief description of the Plan is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan agreement, which is available to all participants upon request.

General – The Plan is a defined contribution plan with discretionary contributions made by participating employees. The Plan was formed for all employees who have met the eligibility requirements, generally attainment of age twenty-one and one year of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may elect to defer from 1% to 20% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds and an insurance investment contract as investment options for participants. The Company may contribute at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in Employer Contributions and their related investment earnings according to the following schedule:

Years of Service	Vested Percent
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Employer contributions automatically become fully vested upon reaching the Plan's normal retirement age, death, or disability.

Funding Policy – The Plan provides for discretionary profit-sharing or matching contributions to be made by the Company to all employees.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 4.5% percent, which are commensurate with commercial lending institutions. Interest rates for outstanding loans are determined at the time of the loan. Principal and interest is paid ratably through monthly payroll deductions.

Hardship Withdrawals – Upon meeting certain hardship qualifications, a participant may be approved to draw upon his/her vested contributions.

NOTE 2 – PLAN DESCRIPTION (Continued)

Payment of Benefits – A member may retire on a normal retirement benefit on the first day of any month coinciding with or following attainment of age 65. Generally, distributions must begin no later than April 1, following the close of the calendar year in which the participant becomes age 70½, even if the participant is still working. The participant elects the form of benefit payment based on the account balance and certain guidelines within the Plan description. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts – Forfeitures are created when participants terminate employment before becoming fully vested in discretionary contributions. At December 31, 2016, there were no forfeitures under the Plan. For the year ended December 31, 2016, forfeited non-vested accounts totaled $0.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan's investments are held by United of Omaha Life Insurance Company ("Mutual of Omaha"), the custodian of the Plan. The following information was obtained from information that has been prepared and certified as complete and accurate by the custodian, and is included in the accompanying financial statements and supplemental schedule.

The information certified below by the custodian does not disclose that the Plan has loans to participants, which are considered assets held for investment purposes. This information was not certified by the custodian. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Inputs to the valuation methodology include:

- Quoted prices for identical assets or liabilities in active markets;

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds in pooled separate accounts: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. While the underlying asset values may be based on quoted market prices, the net asset value of the portfolios is not publicly quoted. Accordingly, these investments have been reported as level 2.

Guaranteed investment contract with an insurance company: As there is no observable market price for these types of contracts, the fair value is calculated by projecting contract balances, at the valuation date, forward to maturity dates using the contract guaranteed interest rate net of management fees and then discounting this value back using the current new money declared interest rates for each appropriate maturity term. In cases where the remaining maturity term does not fall on a declared rate term, the rate from the nearest two maturity term rates is linearly interpolated.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual funds in pooled separate accounts	$ -	$ 2,520,938	$ -	$ 2,520,938
Guaranteed investment contract with an insurance company	-	-	401,287	401,287
Total assets at fair value	$ -	$ 2,520,938	$ 401,287	$ 2,922,225

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds in pooled separate accounts	$ -	$ 2,340,560	$ -	$ 2,340,560
Guaranteed investment contract with an insurance company	-	-	383,170	383,170
Total assets at fair value	$ -	$ 2,340,560	$ 383,170	$ 2,723,730

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2016.

Level 3 Assets

Year Ended December 31, 2016

	Guaranteed investment contract with an insurance company
Balance, beginning of year	$ 383,170
Purchases, sales, issuances, and settlements (net)	(15,101)
Transfers in/out (net)	30,844
Interest	2,374
Balance, end of year	$ 401,287

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The fair value is estimated by discounting the cash flows of the guaranteed interest account to December 31, 2016 using a discount rate that represents the December 31, 2016 interest rate that would be credited on accounts of similar duration.

Fair Value Discount Rates (Current Declared Interest Rates) Term (in Years)

Net Rate as of	0.25	0.5	1	2	3	4	5	6	7	8	9
12/31/2016	0%	0%	0%	0%	0.51%	1.02%	1.30%	1.50%	1.69%	1.82%	1.89%

NOTE 5 – TERMINATED PARTICIPANTS

Account balances for participants who had terminated their employment with the Company aggregated $198,443 at December 31, 2016 and $229,587 at December 31, 2015, and are included in net assets available for benefits.

NOTE 6 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2011, the Plan entered into benefit-responsive guaranteed investment contracts with Mutual of Omaha. Mutual of Omaha maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contracts meet the fully benefit-responsive investment contract criteria. Contract value is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual of Omaha, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contracts at December 30, 2016 was $400,898. The crediting interest rates are declared at the beginning of each month. The crediting interest rates are applicable to deposits received during that month and will be guaranteed that month's rate for five years. The interest rates that are declared are based on current market conditions and what assets can be purchased to support Mutual of Omaha's corresponding liability. The yield on the asset less the predetermined product expense loads, including variables such as payment of commissions, equals the net interest rate to the contract holder.

The guaranteed investment contracts may be terminated by the Plan sponsor by providing written notice of termination to Mutual of Omaha. Withdrawals other than annuity purchase withdrawals, participant directed transfers and plan benefit withdrawals that are made prior to the maturity date will be deemed employer directed withdrawals. Employer directed withdrawals will be paid at the market value provided such withdrawals do not exceed the net asset value as of the date the withdrawal is made. Employer directed withdrawals will be subject to a liquidation charge, unless outlined as exempt in the agreement. No liquidation charge will be applied if the Plan sponsor terminates the contract as a result of a contract amendment, pursuant to the terms of the agreement.

Average yields of benefit-responsive guaranteed investment contracts are as follows:

Average yields	2016	2015
Based on actual earnings	0.62%	0.66%
Based on interest rate credited to participants	0.62%	0.66%

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds administered by Mutual of Omaha, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid for the investment management services are paid by the Company.

NOTE 8 – PLAN TERMINATION

While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall immediately become 100% vested in their accounts, including all employer contributions.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations between the financial statements to Schedule H of Form 5500 for the year ended December 31, 2016:

	2016
Notes receivable from participants per the financial statements	$ 51,978
Plus: allowance for uncollectible amounts and offset loans	1,438
Participant loans per Form 5500	$ 53,416

	2016
Benefits paid to participants per the financial statements	$ 255,469
Plus: deemed distributions reported in the prior year	2,561
Benefits paid to participants per Schedule H of Form 5500	$ 258,030

NOTE 10 – TAX STATUS

The Company's Plan has been adopted using Plan options offered under The Guardian Insurance & Annuity Company, Inc., Inc. Prototype "Flexinvest" Profit-Sharing 401(k) Plan (the "Prototype"). This Prototype has been determined to be acceptable under Section 401 of the Internal Revenue Code by the U.S. Treasury Department. The Company has received a determination letter from the U.S. Treasury Department regarding qualification of its Plan specifically. The Plan assets were transferred to Mutual of Omaha during a prior year. The Plan type is a trustee profit sharing 401(k) salary deferred thrift Plan. The Prototype was not changed when Mutual of Omaha became the custodian of the Plan.

The Plan has been amended since receiving its determination letter dated August 17, 1995. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 – DATE OF MANAGEMENT'S REVIEW

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2017, the date that the financial statements were available to be issued.

COMMUNICATION OF SIGNIFICANT DEFICIENCIES

To the Management of CPM & Rosemurgy Properties 401(k) Retirement Plan:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of CPM & Rosemurgy Properties 401(k) Retirement Plan (the "Plan") as of and for the year ended December 31, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

1) One of the employees selected for loan testing requested a payback term of 60 months; however, the loan was set up with a repayment period of 60 payments instead (approximately 2.3 years instead of 5 years).

   Management Response: Due to a clerical error by the payroll department at Complete Property Maintenance who set up the loan payments, the loan payment amount was based on a bi-weekly payroll basis instead of a weekly payroll basis thereby reducing the loan term by about half.

2) The supplemental Schedule H, line 4i—Schedule of Assets Held at End of Year as of December 31, 2016 that accompanies the Plan's financial statements does not disclose that the Plan has loans to participants, which are considered assets held for investment purposes. This information was not certified by the Custodian. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. We recommend that the Plan Administrator ensure that the Custodian certifies all the necessary information that is required for disclosure in the financial statements.

Management Response: Mutual of Omaha and MG Trust can only certify assets they're holding in their investments. Since loans are not part of the investments from an investment provider perspective, they can't certify the loan assets. A record keeper cannot certify assets (which excludes Ascensus from doing the certification).

The above paragraph was the explanation provided to us by our 401k provider and record keeper. Although they will not certify the loans they do track the loan payments per the loan schedule and notify us of any discrepancies.

This communication is intended solely for the information and use of Plan management, Department of Labor, and Internal Revenue Service and is not intended to be and should not be used by anyone other than these specified parties.

CPM & Rosemurgy Properties 401(k) Retirement Plan's management responses (as noted above) to the findings in our audit have not been subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
CPM & Rosemurgy Properties 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CPM & Rosemurgy Properties 401(k) Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the years ended December 31, 2016 and 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by United of Omaha Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at year end is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

The supplemental Schedule H, line 4i – Schedule of Assets Held at End of Year does not disclose that the Plan has loans to participants, which are considered assets held for investment purposes. This information was not certified by the custodian. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. See Note 3 for additional information.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CPM & ROSEMURGY PROPERTIES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Effective Year – The effective date of the CPM & Rosemurgy Properties 401(k) Retirement Plan ("Plan") is July 1, 1994, and the Plan is accounted for on a calendar year basis. The Plan was established by the Board of Directors of Campbell Property Management & Real Estate, Inc. (the "Company").

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. An allowance for loan losses has been recorded as of December 31, 2016 of $1,438 to account for certain deemed distributions of participant loans and offset loans. An allowance for loan losses has been recorded as of December 31, 2015 of $6,010 to account for certain deemed distributions of participant loans and offset loans.

Investment Valuation and Income Recognition – Investments are reported at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The investment contracts are also reported at fair value which approximates contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The carrying value of accounts receivable and accounts payable approximates fair value due to their short-term nature.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – The Company has agreed and is responsible for part of the investment and audit expenses of the Plan. For the years ended December 31, 2016 and 2015, expenses of approximately $12,000 and $11,750, respectively, were paid directly by the Company in each year. Expenses totaling $16,288 and $15,967 for the years ended December 31, 2016 and 2015, respectively, were charged to participants' accounts. These expenses are part of the investment fees, fees for withdrawals of a participant or fees on loans to participants.

NOTE 2 – PLAN DESCRIPTION

The following brief description of the Plan is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan agreement, which is available to all participants upon request.

General – The Plan is a defined contribution plan with discretionary contributions made by participating employees. The Plan was formed for all employees who have met the eligibility requirements, generally attainment of age twenty-one and one year of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may elect to defer from 1% to 20% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds and an insurance investment contract as investment options for participants. The Company may contribute at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in Employer Contributions and their related investment earnings according to the following schedule:

Years of Service	Vested Percent
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Employer contributions automatically become fully vested upon reaching the Plan's normal retirement age, death, or disability.

Funding Policy – The Plan provides for discretionary profit-sharing or matching contributions to be made by the Company to all employees.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 4.5% percent, which are commensurate with commercial lending institutions. Interest rates for outstanding loans are determined at the time of the loan. Principal and interest is paid ratably through monthly payroll deductions.

Hardship Withdrawals – Upon meeting certain hardship qualifications, a participant may be approved to draw upon his/her vested contributions.

NOTE 2 – PLAN DESCRIPTION (Continued)

Payment of Benefits – A member may retire on a normal retirement benefit on the first day of any month coinciding with or following attainment of age 65. Generally, distributions must begin no later than April 1, following the close of the calendar year in which the participant becomes age 70½, even if the participant is still working. The participant elects the form of benefit payment based on the account balance and certain guidelines within the Plan description. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts – Forfeitures are created when participants terminate employment before becoming fully vested in discretionary contributions. At December 31, 2016, there were no forfeitures under the Plan. For the year ended December 31, 2016, forfeited non-vested accounts totaled $0.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan's investments are held by United of Omaha Life Insurance Company ("Mutual of Omaha"), the custodian of the Plan. The following information was obtained from information that has been prepared and certified as complete and accurate by the custodian, and is included in the accompanying financial statements and supplemental schedule.

The information certified below by the custodian does not disclose that the Plan has loans to participants, which are considered assets held for investment purposes. This information was not certified by the custodian. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Inputs to the valuation methodology include:

- Quoted prices for identical assets or liabilities in active markets;

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds in pooled separate accounts: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. While the underlying asset values may be based on quoted market prices, the net asset value of the portfolios is not publicly quoted. Accordingly, these investments have been reported as level 2.

Guaranteed investment contract with an insurance company: As there is no observable market price for these types of contracts, the fair value is calculated by projecting contract balances, at the valuation date, forward to maturity dates using the contract guaranteed interest rate net of management fees and then discounting this value back using the current new money declared interest rates for each appropriate maturity term. In cases where the remaining maturity term does not fall on a declared rate term, the rate from the nearest two maturity term rates is linearly interpolated.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual funds in pooled separate accounts	$ -	$ 2,520,938	$ -	$ 2,520,938
Guaranteed investment contract with an insurance company	-	-	401,287	401,287
Total assets at fair value	$ -	$ 2,520,938	$ 401,287	$ 2,922,225

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds in pooled separate accounts	$ -	$ 2,340,560	$ -	$ 2,340,560
Guaranteed investment contract with an insurance company	-	-	383,170	383,170
Total assets at fair value	$ -	$ 2,340,560	$ 383,170	$ 2,723,730

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2016.

Level 3 Assets

Year Ended December 31, 2016

	Guaranteed investment contract with an insurance company
Balance, beginning of year	$ 383,170
Purchases, sales, issuances, and settlements (net)	(15,101)
Transfers in/out (net)	30,844
Interest	2,374
Balance, end of year	$ 401,287

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The fair value is estimated by discounting the cash flows of the guaranteed interest account to December 31, 2016 using a discount rate that represents the December 31, 2016 interest rate that would be credited on accounts of similar duration.

Fair Value Discount Rates (Current Declared Interest Rates) Term (in Years)

Net Rate as of	0.25	0.5	1	2	3	4	5	6	7	8	9
12/31/2016	0%	0%	0%	0%	0.51%	1.02%	1.30%	1.50%	1.69%	1.82%	1.89%

NOTE 5 – TERMINATED PARTICIPANTS

Account balances for participants who had terminated their employment with the Company aggregated $198,443 at December 31, 2016 and $229,587 at December 31, 2015, and are included in net assets available for benefits.

NOTE 6 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2011, the Plan entered into benefit-responsive guaranteed investment contracts with Mutual of Omaha. Mutual of Omaha maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contracts meet the fully benefit-responsive investment contract criteria. Contract value is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual of Omaha, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contracts at December 30, 2016 was $400,898. The crediting interest rates are declared at the beginning of each month. The crediting interest rates are applicable to deposits received during that month and will be guaranteed that month's rate for five years. The interest rates that are declared are based on current market conditions and what assets can be purchased to support Mutual of Omaha's corresponding liability. The yield on the asset less the predetermined product expense loads, including variables such as payment of commissions, equals the net interest rate to the contract holder.

The guaranteed investment contracts may be terminated by the Plan sponsor by providing written notice of termination to Mutual of Omaha. Withdrawals other than annuity purchase withdrawals, participant directed transfers and plan benefit withdrawals that are made prior to the maturity date will be deemed employer directed withdrawals. Employer directed withdrawals will be paid at the market value provided such withdrawals do not exceed the net asset value as of the date the withdrawal is made. Employer directed withdrawals will be subject to a liquidation charge, unless outlined as exempt in the agreement. No liquidation charge will be applied if the Plan sponsor terminates the contract as a result of a contract amendment, pursuant to the terms of the agreement.

Average yields of benefit-responsive guaranteed investment contracts are as follows:

Average yields	2016	2015
Based on actual earnings	0.62%	0.66%
Based on interest rate credited to participants	0.62%	0.66%

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds administered by Mutual of Omaha, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid for the investment management services are paid by the Company.

NOTE 8 – PLAN TERMINATION

While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall immediately become 100% vested in their accounts, including all employer contributions.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations between the financial statements to Schedule H of Form 5500 for the year ended December 31, 2016:

	2016
Notes receivable from participants per the financial statements	$ 51,978
Plus: allowance for uncollectible amounts and offset loans	1,438
Participant loans per Form 5500	$ 53,416

	2016
Benefits paid to participants per the financial statements	$ 255,469
Plus: deemed distributions reported in the prior year	2,561
Benefits paid to participants per Schedule H of Form 5500	$ 258,030

NOTE 10 – TAX STATUS

The Company's Plan has been adopted using Plan options offered under The Guardian Insurance & Annuity Company, Inc., Inc. Prototype "Flexinvest" Profit-Sharing 401(k) Plan (the "Prototype"). This Prototype has been determined to be acceptable under Section 401 of the Internal Revenue Code by the U.S. Treasury Department. The Company has received a determination letter from the U.S. Treasury Department regarding qualification of its Plan specifically. The Plan assets were transferred to Mutual of Omaha during a prior year. The Plan type is a trustee profit sharing 401(k) salary deferred thrift Plan. The Prototype was not changed when Mutual of Omaha became the custodian of the Plan.

The Plan has been amended since receiving its determination letter dated August 17, 1995. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 – DATE OF MANAGEMENT'S REVIEW

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2017, the date that the financial statements were available to be issued.

COMMUNICATION OF SIGNIFICANT DEFICIENCIES

To the Management of CPM & Rosemurgy Properties 401(k) Retirement Plan:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of CPM & Rosemurgy Properties 401(k) Retirement Plan (the "Plan") as of and for the year ended December 31, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

1) One of the employees selected for loan testing requested a payback term of 60 months; however, the loan was set up with a repayment period of 60 payments instead (approximately 2.3 years instead of 5 years).

   Management Response: Due to a clerical error by the payroll department at Complete Property Maintenance who set up the loan payments, the loan payment amount was based on a bi-weekly payroll basis instead of a weekly payroll basis thereby reducing the loan term by about half.

2) The supplemental Schedule H, line 4i—Schedule of Assets Held at End of Year as of December 31, 2016 that accompanies the Plan's financial statements does not disclose that the Plan has loans to participants, which are considered assets held for investment purposes. This information was not certified by the Custodian. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. We recommend that the Plan Administrator ensure that the Custodian certifies all the necessary information that is required for disclosure in the financial statements.

Management Response: Mutual of Omaha and MG Trust can only certify assets they're holding in their investments. Since loans are not part of the investments from an investment provider perspective, they can't certify the loan assets. A record keeper cannot certify assets (which excludes Ascensus from doing the certification).

The above paragraph was the explanation provided to us by our 401k provider and record keeper. Although they will not certify the loans they do track the loan payments per the loan schedule and notify us of any discrepancies.

This communication is intended solely for the information and use of Plan management, Department of Labor, and Internal Revenue Service and is not intended to be and should not be used by anyone other than these specified parties.

CPM & Rosemurgy Properties 401(k) Retirement Plan's management responses (as noted above) to the findings in our audit have not been subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.
