# POWER FINANCIAL CREDIT UNION
# 401(k) PLAN
# NOTES TO THE FINANCIAL STATEMENTS

## *NOTE 1: DESCRIPTION OF PLAN*

The following description of the Power Financial Credit Union 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General*: The Plan is a defined contribution plan covering substantially all employees of Power Financial Credit Union (the "Credit Union"). Eligibility is subject to the minimum age and length of service requirements specified in the Plan. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 ("ERISA").

*Eligibility and Vesting*: All employees are eligible to participate in the Plan on the first entry date provided the employee attain age 18 and has completed three months of credited service. Participants are immediately vested in their voluntary, safe harbor and rollover contributions plus actual earnings thereon. All employees will become fully vested in Employer non-elective profit sharing and/or matching contributions after five years of credited service.

*Contributions*: Participants may elect to defer to the Plan a portion of their eligible earnings on a pre-tax and/or post-tax basis up to the maximum allowed under Section 402(g) of the Internal Revenue Code ("IRC"). Participants may also contribute funds from another qualified plan as rollover contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan makes a safe harbor matching contribution equal to 100% of the Participant's elective deferrals that do not exceed 3% of the Participant's Compensation, plus 50% of the Participant's elective deferrals that exceed 3% of the Participant's Compensation but do not exceed 6% of the Participant's Compensation.

*Participant Accounts*: Each participant's account is credited with the participant's contribution, the Credit Union's contribution, if any, and allocations of the Plan earnings and losses, reduced by distributions and certain plan expenses. Allocations are based on participant contributions, participant earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Notes Receivable from Participant*: Participants may borrow from their fund accounts at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rates of 4.43% to 5.50%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

*Payment of Benefits*: Upon termination of service due to death, disability, or retirement, benefits are paid either in a lump sum, in equal installments or make partial withdrawals. For termination of service for other reasons, a participant may receive that value of the vested interest in his or her account as a lump-sum distribution.

*Forfeitures*: A participant vests in the employer contributions in accordance with the provisions of the Plan. Forfeitures of non-vested amounts remain in the Plan and may first be used to reduce future contributions of the plan sponsor, pay administrative expenses or reallocate amongst participants. There were approximately $33,000 and $32,000 in forfeited amounts available December 31, 2016 and 2015. There were no forfeited amounts used to pay administrative expenses or reduce employer contributions for the years ending December 31, 2016 and 2015, respectively.

## *NOTE 2: SUMMARY OF ACCOUNTING POLICIES*

*Basis of Presentation*: The Plan's financial statements are on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

*Use of Estimates*: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator/Management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

*Investment Valuation and Income Recognition*: I Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fixed Select fund is stated contract value on the balance sheet for the year ending December 31, 2016 and 2015, since the account is fully benefit responsive. Pooled separate accounts are valued by the asset custodian at fair value, which represents the cumulative market values of the funds underlying the investments.

*Notes Receivable from Participants*: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

*Payment of Benefits:* Benefits are recorded when paid.

*Recent Accounting Pronouncements:* In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Plans, Defined Contribution Plans, and Health and Welfare Benefit Plans - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical.* The ASU is effective for fiscal years beginning after December 15, 2015. The Plan adopted the ASU for the 2016 Plan year, and Parts (I) and (II) were applied retrospectively to December 31, 2015. Prior year disclosures have been revised to reflect this application.

Part (I) designates contract value as the only required measurement for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there is no longer an adjustment from fair value to contract value on the face of the financial statements.

Part (II) eliminates the requirements for plans to disclose (1) individual investments that represents 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period are still required to be presented in the aggregate.

Part (III) permits plans to measure investments and investment-related accounts as of month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

*Administrative Expenses*: Certain expenses of maintaining the Plan are paid directly by the Credit Union and are excluded from these financial statements. Fees related to the administration of notes receivable and distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

*Subsequent Events:* Credit Union Management has evaluated subsequent events through October 4, 2017, the date on which the financial statements were available to be issued.

## *NOTE 3: INVESTMENT CONTRACT WITH INSURANCE COMPANY*

The Plan holds investment contracts with Nationwide Life Insurance Company . The assets are invested in funds, which are fully benefit-responsive, reported as the Fixed Select Option in the Plan's accounting records. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contracts meet the fully benefit-responsive investment contract criteria, the contracts are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by Nationwide Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a periodic basis.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual agreements may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

## *NOTE 4: INVESTMENTS - UNAUDITED*

Nationwide Life Insurance Company holds investment assets and executes transactions therein, and substantially all information pertaining to investments which is included in the financial statements has been certified by them. This information has not been audited by independent public accountants.

## *NOTE 5: FAIR VALUE MEASUREMENTS*

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

The availability of inputs relevant to the asset or liability and the relative reliability of the inputs might affect the selection of appropriate valuation techniques.

***Level 1 Inputs***
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

***Level 2 Inputs***
Inputs to the valuation methodology include:

(a) quoted market prices for similar assets or liabilities in active markets;
(b) quoted market prices for identical or similar assets or liabilities in inactive markets;
(c) inputs other than quoted market prices that are observable for the asset or liability;
(d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

***Level 3 Inputs***
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2016. Based on the adoption of ASU 2015-12, as described in Note 2, the fully benefit responsive investment contract is reported at contract value and therefore the fair value disclosure is not applicable for years ending December 31, 2016 and 2015.

*Pooled Separate Accounts (PSA):* Pooled separate accounts are valued based upon unit values multiplied by the number of units held. Unit calculations are equal to the previous day's unit value multiplied by a Net Investment Factor, using the NAV plus any dividends, capital gains, less a daily administrative charge.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

| | Assets at Fair Value as of December 31, 2016 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Pooled Separate Accounts | $ - | $ 7,264,797 | $ - | $ 7,264,797 |

| | Assets at Fair Value as of December 31, 2015 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Pooled Separate Accounts | $ - | $ 6,387,856 | $ - | $ 6,387,856 |

**Fair Value of Investments in Entities that Use NAV**

The following sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of:

| **December 31, 2016** | ***Fair Value*** | ***Unfunded Commitments*** | ***Redemption Frequency*** | ***Redemption Notice Period*** |
|---|---|---|---|---|
| Pooled Separate Accounts | $ 7,264,797 | $ - | Daily | Daily |

| **December 31, 2015** | ***Fair Value*** | ***Unfunded Commitments*** | ***Redemption Frequency*** | ***Redemption Notice Period*** |
|---|---|---|---|---|
| Pooled Separate Accounts | $ 6,387,856 | $ - | Daily | Daily |

## *NOTE 6: TRANSACTIONS WITH PARTIES-IN-INTEREST*

Certain plan investments are shares and mutual funds managed by Nationwide Life Insurance Company. Nationwide Life Insurance Company is a custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

## *NOTE 7: TAX STATUS*

The Internal Revenue Service has determined and informed the Credit Union by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan management believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

## *NOTE 8: PLAN TERMINATION*

Although it has not expressed any intent to do so, Power Financial Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

## *NOTE 9: RECONCILIATION TO FORM 5500*

The Plan holds investments in a pooled separate account, as classified in the financial statements included herein. The pooled separate account did not file a Form 5500 for the direct filing entities, therefore, the underlying assets, which are deemed subaccounts of the pooled separate account, have been reported on the Form 5500, Schedule H, as mutual funds.

## *NOTE 10: RISKS AND UNCERTAINTIES*

The Plan invests in various investments which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
