Independent Auditor's Report

To the Board of Trustees
NYCHSRO/MEDREVIEW, INC. 401(K) PLAN

Report on the 2015 Financial Statements

I was engaged to audit the accompanying financial statements of NYCHSRO/MEDREVIEW, INC. 401(K) PLAN (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the 2015 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility on the 2015 Financial Statements

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2015 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by AXA Equitable Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. I was informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2015 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion on the 2015 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I was not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Emphasis of Matters on the 2015 Financial Statements

As more fully discussed in Note 2 to the accompanying financial statements, in 2015 the Plan adopted new disclosure guidance related to its investments. Prior and current year disclosures have been revised to reflect the retrospective application of adopting these changes in disclosure. My opinion is not modified with respect to this matter.

As discussed below, in the Other Matter – 2014 Financial Statements paragraph, the financial statements of NYCHSRO/MEDREVIEW, INC. 401(K) PLAN as of December 31, 2014 and for the year then ended, were audited by another auditor who has deceased and, accordingly, ceased operations. As described in Note 10, the 2014 financial statements have been reclassified and restated; these changes had no impact on the net assets or changes in net assets available as of January 1, 2014 and 2015. I have audited the adjustments described in Note 10 that were applied to reclassify and restate the balances from the 2014 financial statements. In my opinion, such adjustments are appropriate and have been properly applied. However, I was not engaged to audit, review, or apply any procedures to the 2014 financial statements of the Plan other than with respect to such adjustments and, accordingly, I do not express an opinion or any other form of assurance on the 2014 financial statements taken as a whole.

Other Matter on the 2015 Financial Statements

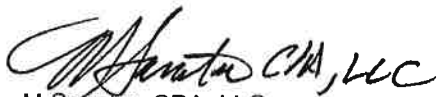

The supplemental schedule appearing on page 12, as of December 31, 2015, is required by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations on the 2015 Financial Statements

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by a predecessor auditor (a sole practitioner) who has deceased, and, accordingly, ceased operations. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the predecessor auditor not to perform, and he did not perform, any auditing procedures with respect to the information certified by AXA Equitable Life Insurance Company, the custodian of the Plan. The predecessor's report, dated October 2015, indicated that (a) because of the significance of the information that he did not audit, the predecessor sole practitioner was unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of NYCHSRO/MEDREVIEW, INC. 401(K) PLAN (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution Northeast Professional Planning Group, Inc. volume submitter plan, established January 1, 1995. The Plan was amended and restated on March 4, 2016 effective January 1, 2016. The Plan covers all full time employees of New York County Health Services Review Organization, Inc. and MedReview, Inc. (collectively, the "Employer" or "Company") who have completed one month of eligible service and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Board of Trustees of the Plan is responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions
Each year, participants may contribute to the Plan from 1 to 100 percent (in full percentage points) of their "before-tax" earnings, as defined in the Plan, up to a maximum in accordance with Section 415(c) of the Internal Revenue Code ("IRC") and adjusted annually for inflation thereafter. Participants direct the investment of their contributions and the employer contributions into various investment options offered by the Plan. The Plan accepts Roth Elective Deferrals made on behalf of participants. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). The Employer can also make discretionary contributions. The Employer did not make any discretionary contributions in 2015 and 2014. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts
Each participant's account is credited with the participant's contributions as well as an allocation of (a) the Employer's discretionary contribution, if any, (b) Plan earnings or losses (which include an allocation of Plan administrative expenses that are paid by the Plan), and (c) Plan administrative expenses. Allocations are based on the participant's earnings (losses) and expenses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants immediately vest 100 percent in their voluntary contributions and employer discretionary contributions plus actual earnings thereon.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. Loans must be repaid over a period not to exceed five years, or 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a fixed rate of interest of 4.25 percent, which is commensurate with local prevailing rates. In the event of termination of employment, participants are required to repay the remaining balance of the loans. Principal and interest are paid ratably through systematic payroll deductions.

Note 1 - Description of Plan (continued)

Payment of Benefits
On termination of services, including death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not to exceed the life expectancy of the participant. For termination of services for other reasons, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the plan agreement. A participant may receive in-service distributions if they have achieved the age of 59 ½.

Note 2 - Summary of Significant Accounting Policies

Change in Accounting Principles
In May 2015, the financial accounting standards board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent), which exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy and modifies other disclosure requirements. The guidance requires retrospective application and is effective for year ends beginning after December 15, 2016. Early adoption is permitted. During 2015, the trustees of the Plan elected to early adopt the provisions of this new standard with retroactive effect for 2014. Accordingly, the amendment was retrospectively applied resulting in a change in the fair value hierarchy and elimination of certain other investment disclosures. The adoption of this standard had no impact on the net assets available for benefits and the changes in net assets available for benefits.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefits Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and eliminates certain related disclosures. Contract value will become the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type as well as certain other disclosures. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type of investment; plans are no longer required to also disaggregate investments by nature, characteristics and risks. Part III is not applicable to the Plan. This standard is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, and is to be applied retrospectively. During 2015, the trustees elected to early adopt Parts I and II of this new standard with retrospective effect for 2014. Accordingly, the amendment was retrospectively applied resulting in the measurement of fully benefit-responsive investment contracts at contract value and the elimination of certain related disclosures. The adoption of this standard had no impact on the net assets available for benefits and the changes in net assets available for benefits.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2 - Summary of Significant Accounting Policies (continued)

Investment Contracts
Investments held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Investment contracts with AXA Equitable Life Insurance Company ("AXA"), the custodian of the Plan, are valued at contract value, which approximates fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Employer determines the Plan's valuation policies utilizing information provided by the Plan's investment adviser and trustee.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid by the Plan.

Administrative Expenses
The Plan's expenses are paid by either the Plan or the Company as provided by the Plan agreement. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 6, 2016, the date the financial statements were available to be issued.

Note 3 - Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net depreciation in the fair value of investments, and interest and dividends for the year ended December 31, 2015, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by AXA, the custodian of the Plan.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2015 and 2014.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 - Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's recurring investments at fair value at December 31, 2015 and 2014:

	Investments at Fair Value at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,626,619	-	-	$ 2,626,619

	Investments at Fair Value at December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,629,376	-	-	$ 2,629,376

Note 5 – Investment Contract with Insurance Company

In 2015 and 2014 the Plan entered into a fully benefit-responsive investment contract with AXA totaling $1,570,290 for 2015 and $1,525,896 for 2014. AXA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula established by the contract issuer and is reviewed on a quarterly basis for resetting. The average yield earned by the Plan and the average interest rate credit to participants is the same at December 31, 2015 and 2014. The Guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This guaranteed investment contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under their terms of the Plan. Contract value, as reported to the Plan by AXA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and/or regulatory events.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to

Note 5 – Investment Contract with Insurance Company (continued)

qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator, as well as the Company and its management, do not believe that there are events that are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	2015	2014
Based on actual earnings	2.50%	2.50%
Based on interest rate credited to participants	2.50%	2.50%

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax Status

On September 30, 2014, the Plan received a determination letter from the IRS stating that the Volume Submitter Profit Sharing Plan adopted by the Company, in which the IRS stated that the Plan, as then designed in 2011, was in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; the Plan is currently being audited by the Department of Labor for the year 2015. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2012.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Related Party Transactions

The investments owned by the Plan are managed by AXA, the custodian, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments, as they are paid by revenue sharing, rather than direct payment.

As described in Note 2, the Plan made direct payments to the third party administrator of $827 for the year ended December 31, 2015, which was not covered by revenue sharing. The Employer pays directly any other fees related to the Plan's operations.

Note 10 – Reclassifications and Restatement

Certain amounts in the accompanying financial statements have been reclassified and restated. These reclassifications and restatements did not result in any changes to the previously reported net assets and changes in net assets as of and for the years ending December 31, 2015 and 2014.
