NOTES TO FINANCIAL STATEMENTS

Dreison International, Inc. 401(k) Savings and Retirement Plan

1 Description of Plan

The following description of The Dreison International, Inc. 401(k) Savings and Retirement Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began January 1, 1995 is a defined contribution plan covering all employees of Dreison International, Inc. and its subsidiaries (collectively referred to as the 'Company') who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 1, 2016, the Plan Sponsor changed third-party administrators from Ascensus to Fidelity Retirement Services. Immediately subsequent to this date, all Plan assets were transferred from Ascensus Trust Company to Fidelity Management Trust Company. The plan was restated at this time.

Eligibility:

All employees of the Company age twenty-one and older and who are employed for six months are eligible to participate in the Plan.

Contributions:

Employee Deferral –The Plan allows for auto enrollment at a rate of 3% for newly eligible employees. A 1% auto escalate clause is effective, up to a maximum rate of 10%, unless the participant directs otherwise. Effective October 1, 2016, those who are existing eligible employees who are not participating will be automatically enrolled at 3%. Participants can elect up to 100% of their compensation to be contributed to the Plan by the Company as pre tax deferrals.

Employer Contributions - The Company may make contributions to each eligible participant's account by matching a percentage of the Participant's elective deferral for the plan year.

The Company may also make additional contributions. Such additional contributions, if any, shall be allocated to each Participant in proportion to his or her compensation for the calendar year.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

Participants' Accounts:

401(k) Accounts - Each participant's account is credited with the participant's elective contributions, employer contributions, earnings and losses thereon.

1 Description of Plan, Continued

Vesting:

Vesting in the participant's account balance is based on years of service. A participant is vested as follows:

Years of Service	%
1	0%
2	0%
3	100%

Forfeitures:

Forfeited non-vested accounts totaled \$830 and \$120 as of December 31, 2016 and 2015 respectively. Forfeitures are applied against employer contributions.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts, with a minimum loan of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their qualified account balance. Their qualified account balance is their account balance that is subject to reduction of the average balance outstanding from a previous loan during the preceding twelve months. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at prime plus 2% fixed at time of loan issuance. Principal and interest are paid ratably through payroll deductions.

Other Plan Provisions:

Normal retirement age is 65. The Plan also provides for early payment of benefits after reaching age 59-1/2.

Payment of Benefits:

Upon termination of service by termination, retirement, death or total and permanent disability, a participant may receive a lump sum amount equal to the value of his or her account or as payments over a specified period of time. In addition, installment payments and partial withdrawals are also allowed. Benefits are recorded when paid.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments (except for fully benefit responsive contracts, which are recorded at contract value) are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

All administrative fees are shared by Dreison International, Inc. and the plan participants.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

Dreison International, Inc. 401(k) Savings and Retirement Plan

2 Summary of Significant Accounting Policies, Continued

Risks and Uncertainties:

The Plan's investment include investments in mutual funds and stable value funds with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 11, 2017, which is the date the financial statements were available to be issued.

Effective April 1, 2017, the adoption agreement for the Plan was amended to change the enrollment dates to the first of the month following an employee's eligibility to participate in the Plan.

3 Tax Status

On March 31, 2008, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2016, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

NOTES TO FINANCIAL STATEMENTS

Dreison International, Inc. 401(k) Savings and Retirement Plan

4 Fair Value Measurements, Continued

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices. These fall into the Level 1 category of the valuation hierarchy.

Stable Value Fund:

The fund is a common collective trust. The fair value of the investments is based on a Net Asset Value per unit calculated on a daily basis and fall into the Level 2 category of the valuation hierarchy. Purchases and sales are transacted daily and there are no restrictions or unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

8 Benefit-Responsive Contract

The Plan holds a benefit-responsive insurance contract with Standard Insurance Company (Standard). The contract meets the fully benefit responsive insurance contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the plan for employee contributions, (3) any substantive modification of the plan or the administration of the Plan that is not consented to by the wrap issuer, (4) complete or partial termination of the Plan, (5) any change in law, regulation, or administrative ruling applicable to the plan that could have a material adverse effect on a portfolio's cash flow, (6) merger or consolidation of the plan with another plan, the transfer of assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the plan sponsor, (7) any communication given to participants by the plan sponsor or any other plan fiduciary that is designed to induce or influence participants not to invest in a portfolio or to transfer assets out of a portfolio, (8) exclusion of a group of previously eligible employees from eligibility in the plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program, and (10) any transfer of assets from a portfolio directly to a competing option. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

The issuer may terminate the contract for cause at any time.

NOTES TO FINANCIAL STATEMENTS

Dreison International, Inc. 401(k) Savings and Retirement Plan

1 Description of Plan

The following description of The Dreison International, Inc. 401(k) Savings and Retirement Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began January 1, 1995 is a defined contribution plan covering all employees of Dreison International, Inc. and its subsidiaries (collectively referred to as the 'Company') who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 1, 2016, the Plan Sponsor changed third-party administrators from Ascensus to Fidelity Retirement Services. Immediately subsequent to this date, all Plan assets were transferred from Ascensus Trust Company to Fidelity Management Trust Company. The plan was restated at this time.

Eligibility:

All employees of the Company age twenty-one and older and who are employed for six months are eligible to participate in the Plan.

Contributions:

Employee Deferral –The Plan allows for auto enrollment at a rate of 3% for newly eligible employees. A 1% auto escalate clause is effective, up to a maximum rate of 10%, unless the participant directs otherwise. Effective October 1, 2016, those who are existing eligible employees who are not participating will be automatically enrolled at 3%. Participants can elect up to 100% of their compensation to be contributed to the Plan by the Company as pre tax deferrals.

Employer Contributions - The Company may make contributions to each eligible participant's account by matching a percentage of the Participant's elective deferral for the plan year.

The Company may also make additional contributions. Such additional contributions, if any, shall be allocated to each Participant in proportion to his or her compensation for the calendar year.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

Participants' Accounts:

401(k) Accounts - Each participant's account is credited with the participant's elective contributions, employer contributions, earnings and losses thereon.

Vesting:

Vesting in the participant's account balance is based on years of service. A participant is vested as follows:

Years of Service	%
1	0%
2	0%
3	100%

Forfeitures:

Forfeited non-vested accounts totaled \$830 and \$120 as of December 31, 2016 and 2015 respectively. Forfeitures are applied against employer contributions.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts, with a minimum loan of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their qualified account balance. Their qualified account balance is their account balance that is subject to reduction of the average balance outstanding from a previous loan during the preceding twelve months. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at prime plus 2% fixed at time of loan issuance. Principal and interest are paid ratably through payroll deductions.

Other Plan Provisions:

Normal retirement age is 65. The Plan also provides for early payment of benefits after reaching age 59-1/2.

Payment of Benefits:

Upon termination of service by termination, retirement, death or total and permanent disability, a participant may receive a lump sum amount equal to the value of his or her account or as payments over a specified period of time. In addition, installment payments and partial withdrawals are also allowed. Benefits are recorded when paid.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments (except for fully benefit responsive contracts, which are recorded at contract value) are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

All administrative fees are shared by Dreison International, Inc. and the plan participants.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

Dreison International, Inc. 401(k) Savings and Retirement Plan

2 Summary of Significant Accounting Policies, Continued

Risks and Uncertainties:

The Plan's investment include investments in mutual funds and stable value funds with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 11, 2017, which is the date the financial statements were available to be issued.

Effective April 1, 2017, the adoption agreement for the Plan was amended to change the enrollment dates to the first of the month following an employee's eligibility to participate in the Plan.

3 Tax Status

On March 31, 2008, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2016, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

NOTES TO FINANCIAL STATEMENTS

Dreison International, Inc. 401(k) Savings and Retirement Plan

4 Fair Value Measurements, Continued

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices. These fall into the Level 1 category of the valuation hierarchy.

Stable Value Fund:

The fund is a common collective trust. The fair value of the investments is based on a Net Asset Value per unit calculated on a daily basis and fall into the Level 2 category of the valuation hierarchy. Purchases and sales are transacted daily and there are no restrictions or unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

8 Benefit-Responsive Contract

The Plan holds a benefit-responsive insurance contract with Standard Insurance Company (Standard). The contract meets the fully benefit responsive insurance contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the plan for employee contributions, (3) any substantive modification of the plan or the administration of the Plan that is not consented to by the wrap issuer, (4) complete or partial termination of the Plan, (5) any change in law, regulation, or administrative ruling applicable to the plan that could have a material adverse effect on a portfolio's cash flow, (6) merger or consolidation of the plan with another plan, the transfer of assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the plan sponsor, (7) any communication given to participants by the plan sponsor or any other plan fiduciary that is designed to induce or influence participants not to invest in a portfolio or to transfer assets out of a portfolio, (8) exclusion of a group of previously eligible employees from eligibility in the plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program, and (10) any transfer of assets from a portfolio directly to a competing option. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

The issuer may terminate the contract for cause at any time.
