NOTE A--DESCRIPTION OF PLAN

The following description of the Fullerton Engineering Consultants, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Users of the financial statements should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Fullerton Engineering Consultants, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determining the appropriateness of investment offerings, and monitoring investment performance.

The Plan was originally established on January 1, 2010, subsequently restated January 1, 2015, and amended effective January 1, 2016 (see Note I). The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). An eligible full-time employee will become eligible to participate with respect to elective deferrals as of the first day of the Plan year quarter coinciding with, or next following, after six months of employment.

Contributions

Eligible participants may elect to contribute annual pre-tax or after-tax compensation to the Plan by means of a salary deferral agreement. Contributions are subject to limitations as provided in the Code and as described in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover) in accordance with the Plan provisions. Additionally, each participant my elect to separately defer up to 100% of any cash bonus.

Effective January 1, 2016, the Plan was amended so that the computation period will be each payroll period for the safe harbor matching contributions. The Company matches 100% of the participant's deferrals that are not in excess of 3% of compensation, plus 50% of the amount of the participant's deferrals that exceed 3% of compensation, but not in excess of 5% of the compensation. The contribution is based on a participant's compensation for the Plan year, subject to statutory limits and is allocated to those who have met the eligibility requirements.

To be eligible for elective deferrals, participants must be twenty-one years or older and have completed six months of service. To receive a share of the Company's non-elective safe-harbor contribution, participants must be twenty-one years or older and have completed one year (1,000 hours of service) of continuous employment. Employees are not required to be employed on the last day of the Plan year to be eligible to share in the safe-harbor contribution.

Salary deferral contributions are funded proximate to the withholding date. Safe harbor contributions are at such time the Employer determines. All contributions invested are directed by the participant into various investment options offered by the Plan.

NOTE A--DESCRIPTION OF PLAN-continued

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and Company safe harbor and profit sharing contributions, if any, as well as allocations of (a) Plan earnings or losses, (b) forfeitures of terminated participants' non-vested accounts, and (c) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant account balances or compensation, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may elect the way in which contributions are invested in a variety of investment choices within the Plan as more fully described in the Plan's literature. The investment elections will apply to both participant and employer contributions. Participants may change their investment options at any time. During any period in which there is no participant direction on file with the Custodian as to the investment of a participant's account, 100 percent of that participant's account will be invested in the investment option designated from time to time by the Custodian as the default investment. The Plan currently offers various shares of mutual funds and money market deposit accounts as investment options for participants.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's safe harbor contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions plus actual earnings thereon is based on years of credited service as presented below. A participant is 100% vested after six years of credited service. Participants who attain the normal retirement age of 65, or who terminate employment due to death or disability become 100% vested in their account balances.

Years of Credited Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. The $50,000 maximum loan amount is reduced by the participants highest outstanding loan balance in the previous 12 months over the existing loan balance, if any, on the date a new loan is made. The loans are secured by the nonforfeitable balance in the participant's account and bear interest at the prime rate plus 1%. Loan terms may not exceed 5 years unless the loan is obtained for the purchase of a participant's residence, in which case the loan term may not exceed 15 years. Principal and interest are typically paid ratably through periodic payroll deductions. The interest rate applied to current outstanding loans is 4.50%.

NOTE A--DESCRIPTION OF PLAN-continued

Payment of Benefits

Upon termination of employment due to death, disability, retirement or Plan termination, a participant is entitled to 100% of their account balance in a lump-sum cash distribution or as a direct rollover to an individual retirement account ("IRA"). For termination of employment for other reasons, a participant is entitled to a lump-sum cash distribution of 100% of the participant's contributions and the vested portion of the Company's contributions based upon the Plan's vesting provisions.

All distributions will be made as soon as administratively feasible. Unless a participant otherwise elects, payments of benefits will begin no later than the 60th day after the close of the Plan year. However, those account balances in excess of $5,000 (including rollover account balances), will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution. In-service and hardship withdrawals, subject to certain restrictions, are also permitted.

Mandatory distributions greater than $1,000, may be paid in a direct rollover to an IRA designated by the Plan Administrator. These distributions will be made if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

Forfeited Accounts

Forfeited non-vested accounts may be made available to reinstate previously forfeited account balances of participants, to reduce any required employer contributions or pay any administrative expenses. There were no forfeited non-vested accounts at December 31, 2016. The forfeiture account balance as of December 31, 2015 was $952. During the year ending December 31, 2016, $904 of forfeited non-vested accounts were used to reduce the employer's safe-harbor contribution and $48 of forfeited non-vested accounts were used to reduce administrative expenses.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator and Trustees determine the Plan's valuation policies utilizing information provided by investment advisers and TD Ameritrade Trust Company (the "Custodian"). See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, as applicable, are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid out of Plan assets unless paid by the Company (see Note E). Fees related to the administration of benefit payments and notes receivable from participants are paid by the individual participant accounts. Investment related expenses are included in net appreciation in fair value of investments.

Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient for Plans with fiscal year end that does not coincide with a month-end. Parts I and II are effective for fiscal years beginning after December 15, 2015 to be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 to be applied prospectively, with early application permitted.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Accounting Pronouncements-continued

Plan management adopted Part II and applied to the current year disclosures. As a result, the Plan does not disclose individual investments greater than 5% of net assets, discloses the net appreciation/depreciation in investments only in aggregate, not by investment type, and no longer discloses investments in the ASC 820 hierarchy table by the nature, characteristics, and risk of the investment, but only by general type of investment. Parts I and III are currently not applicable to this Plan. There was no impact on the Plan's changes in net assets available for benefits or net assets available for benefit upon adoption of the new standard.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 6, 2017, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE C--FAIR VALUE MEASUREMENTS-continued

Should an investment be re-characterized from one level to another level, Plan management would state the basis for the change. Under such circumstances the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when change occurs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Level 1: Registered investment companies are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total Fair Value
December 31, 2016				
Registered investment companies	$ 3,057,453	$ -	$ -	$ 3,057,453
Total assets in the fair value hierarchy	$ 3,057,453	$ -	$ -	3,057,453
Money market deposit accounts				275,601
Investments at fair value				$ 3,333,054
December 31, 2015				
Registered investment companies	$ 2,519,344	$ -	$ -	$ 2,519,344
Total assets in the fair value hierarchy	$ 2,519,344	$ -	$ -	2,519,344
Money market deposit accounts				250,385
Investments at fair value				$ 2,769,729

NOTE D--INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable held from participants at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodian as of December 31, 2016 and 2015. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by the Custodian as of December 31, 2016 and 2015 and for the year ended December 31, 2016.

Except for comparing such information as certified by the Custodian to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information. The following represents a summary of information certified by the Custodian as of December 31, 2016 and 2015:

	2016	2015
Shares of registered investment companies, at fair value:	$ 3,057,453	$ 2,519,372
Money market deposit accounts	275,601	250,385
Notes receivable from participants	88,461	7,558
Net appreciation in fair value on shares of registered investment companies	237,139	
Dividends	91,749	
Interest	26	
Interest on notes receivable from participants	1,955	

NOTE E--RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for these investment management services are included in net depreciation of fair value of registered investment companies on the accompanying statement of changes in net assets.

The Custodian provides certain administrative services to the Plan pursuant to a service agreement between the Plan and the Custodian. The Custodian receives revenue from the Plan for performance of these services. This revenue is also used to offset certain amounts owed to the financial advisors, authorized representatives and other third-party administrators for the services they provide the Plan.

A third-party administrator also performs administrative and recordkeeping services for the Plan and receives fees paid by the Company for these services.

Certain employees of the Company provide administrative services for the Plan and the Company is not reimbursed for their services.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G--TAX STATUS

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype adopted by the Plan, as then designed, qualifies under the Code section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability, if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is still subject to income tax examinations for the Plan year ending December 31, 2013

NOTE H--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Custodian. These investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to the changes in the value of its underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The participants who have borrowed from the Plan are all employees of the Company in the Chicago area, and their ability to repay the loans could be affected by the economic conditions in the industry in general, the economic conditions in Chicago metropolitan area or the economic situation of the Company itself.

NOTE I--COMPANY CORRECTIVE ACTION FOR LOST EARNINGS

During the Plan year ended December 31, 2015, the Plan engaged in prohibited transactions of $30,810 related to late deposits of deferred compensation. The Plan Sponsor completed a self-correction action by depositing $42 by July 31, 2016 to provide for lost earnings on the late deferrals.

NOTE J--PLAN AMENDMENTS

Effective January 1, 2016, the Plan was amended to so that the computation period will be each payroll period for the safe harbor matching contributions. The Company now matches 100% of the participant's deferrals that are not in excess of 3% of compensation, plus 50% of the amount of the participant's deferrals that exceed 3% of compensation, but not in excess of 5%.

Effective January 1, 2015, the Plan was amended to permit in-plan Roth transfers.
