1. Description of the Plan

The following description of the Phillips Auctioneers LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to qualifying employees of Phillips Auctioneers LLC (the "Plan Sponsor" or "the Company"). The Plan was spun-off from ADP Total Source Retirement Savings Plan ("ADP Plan") effective January 1, 2014. On February 27, 2014, the participants' account balances and the related assets for those participants were transferred from the ADP Plan to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

All employees who have attained the age of 21 are eligible to participate in the Plan and to receive the Company's matching contributions. Entry into the Plan is the first day of the month coinciding with or next following the date the employee has met the eligibility requirements. There is a 1 year of service requirement (1,000 hours) for the Company's profit sharing contribution.

Effective July 1, 2016 the Plan was amended and restated. The key provisions included the Plan now being based on the Volume Submitter 401(k) and Profit Sharing Plan of Automatic Data Processing (ADP), an employer matching contribution of 3% and a discretionary employer profit sharing contribution. There was also a change in trustees from Mid Atlantic Trust Company to Reliance Trust Company.

Contributions

Employees may elect to defer, through payroll deductions, a portion of their compensation up to the maximum allowable by the law. These deferrals may be made as either pretax or Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations as defined by the Internal Revenue Code ("IRC").

The Company may contribute a discretionary matching contribution equal to the percentage of each qualifying contributing participant's elective deferral which the Company, in its sole discretion, determines from year to year. The amount, the allocation formula, and the percentage or dollar amount limit applicable to such match, if any, is at the complete and sole discretion of the Company and may vary from year to year. For the years ending December 31, 2016 and 2015, there was an employer matching contribution of $195,589 and $0, respectively.

The Company may contribute a discretionary profit sharing contribution. The profit sharing contribution would be allocated to each eligible participant's account in the proportion of the individual participant's compensation to total participants' compensation. A participant must be employed at the end of the year or terminated during the Plan year due to death, disability or retirement. There were no employer profit sharing contributions made in 2016 or 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts was based on the following schedule:

Matching or Profit Sharing Contributions	
Years of Service	Vesting Percentage
1	50%
2	100%

Effective July 1, 2016 the vesting schedule changed to the following for the new matching contributions:

Years of Service	Vesting Percentage
At least 2, but less than 3	50%
At least 3, but less than 4	75%
At least 4, but less than 5	100%

Payment of Benefits

A participant's vested interest in the Plan's assets is distributable generally upon termination of service due to death, disability, or retirement. Withdrawals from the Plan may also be made upon attainment of age 59 ½ or circumstances of financial hardship in accordance with Plan provisions.

Participants may elect to receive distributions as either a lump-sum amount equal to the value of the participant's vested interest in her or her account, annual installments over a period not exceeding the life expectancy of the participant or elected beneficiary, or through the purchase of an annuity contract.

Forfeitures

Forfeitures resulting from the nonvested portions of accounts of participants who terminate prior to being fully vested are generally used to reduce future Company contributions or to pay administrative expenses. Forfeited amounts at December 31, 2016 and 2015 were approximately $0 and $2,230, respectively. During the plan year ended December 31, 2015, forfeitures of $25,133 were used to reimburse the Company for previous administrative expenses it had paid (see Note 8 for additional information about this transaction).

Notes Receivable from Participants

Participants may borrow from their pretax account balance a minimum of $1,000. The maximum amount of an outstanding loan cannot exceed the lesser of 95% of one-half of the vested account balance or 95% of the total vested account balance excluding the Roth contribution balance. Under no event will the loan amount exceed $50,000. The $50,000 is reduced by the highest outstanding loan balance during the 1 year period ending on the day before the date of the loan agreement becomes effective. A participant may have one loan outstanding at any time. The loans are secured by the vested account balance in the participant's account and bear interest at 1% over the prime interest rate that ranged from 3.5 to 3.25 at December 31, 2016 and 2015, respectively. The loans are repaid ratably through payroll deductions over a period of 4.5 years or less with the exception of loans used to acquire a primary residence.

Administrative Expenses

Expenses associated with the administration of the Plan may be paid by forfeitures (if any) of the Plan or by the Plan Sponsor. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses.

Excess Employee Contributions

Excess employee contributions represent contributions withheld from Participants in excess of IRC limitations that were refunded to Participants subsequent to year end. Excess employee contributions at December 31, 2015, were $28,614. This amount was refunded to participants in March 2016.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as, interest rate, credit and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid except for refunds of any employee contributions in excess of IRC limitations discussed in Note 1 are accrued.

3. Information Certified by the Plan's Trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly for the years ending December 31, 2016 and 2015, the trustees, Reliance Trust Company and Mid Atlantic Trust Company, respectively, has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate:

December 31,	**2016**	2015
Mutual funds	**$3,125,718**	$ 2,615,125
Notes receivable from participants	**30,228**	18,346

Year ended December 31,	**2016**	2015
Net appreciation (depreciation) in fair value	**$ 96,810**	$ (109,508)
Interest and dividends	**80,425**	114,414
Interest income on notes receivable from participants	**723**	990

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule of assets held.

4. Fair Value Measurement

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation

techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 – Quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by unobservable market data by correlation or other means.

Level 3 – Inputs that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following summarizes the valuation methodologies used for assets measured at fair value.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value for the years ended December 31, 2016 and 2015:

	Investment Assets at Fair Value at December 31, 2016			
Assets	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	**$3,125,718**	**$ -**	**$ -**	**$ 3,125,718**
Total	**$3,125,718**	**$ -**	**$ -**	**$ 3,125,718**

	Investment Assets at Fair Value at December 31, 2015			
Assets	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,615,125	$ -	$ -	$ 2,615,125
Total	$ 2,615,125	$ -	$ -	$ 2,615,125

5. Party-In-Interest Transactions

Notes receivable from participants qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become 100% vested in the Company's contributions.

7. Tax Status

The Plan is based on the Volume Submitter Profit Sharing Plan with CODA sponsored by Paychex Retirement Plan Services ("Paychex Plan"). The IRS ruled on March 31, 2008 that the Paychex Plan qualifies under Section 401(a) of the IRC and the related trust is, therefore, not subject to tax under the present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Non Exempt Transaction

During 2015, the Plan Sponsor submitted plan expenses it had paid in prior years for reimbursement from the Plan's forfeiture account. This was done in consultation with the Plan's third party administrator and a reimbursement check was issued in the amount of $25,134. However, it has been subsequently determined that the Plan Sponsor was not provided correct advice and should not have been reimbursed because the expenses incurred by the plan were more than one year ago. In addition, although the original payments made by the Plan Sponsor were proper plan expenses any payments from the forfeiture account should have been made directly to the vendor or service provider and not as a reimbursement to the Plan Sponsor. Therefore, the amount of $25,134 has been determined to be a Non Exempt Transaction and is being reported on Schedule G of the 2015 and 2016 Form 5500. The amount of $25,134 is deemed to be an employer contribution and contribution receivable at December 31, 2016 and for the year then ended. The Plan was repaid subsequent to year end.

9. Reconciliation of Plan Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 at December 31, 2016 and 2015 to the financial statements:

December 31,		**2016**		2015

Add: Employer and employee contributions receivable		**121,022**		-
Net assets available for benefits, per the financial statements	**$**	**3,276,968**	$	2,604,857

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the Form 5500 for the year ended December 31, 2016 and 2015 to the financial statements:

December 31, 2016				
Net increase in net assets, per the Form 5500	**$**	**551,089**	$	47,743
Add: Employer and employee contributions receivable		**121,022**		-
Net increase in net assets, per the financial statements	**$**	**672,111**	$	47,743

10. Subsequent Events

The Plan has evaluated subsequent events through October 11, 2017, the date the financials were available to be issued, and has determined that there were no subsequent events to recognize or disclose in the financial statements.
