1 DESCRIPTION OF PLAN

The following description of the Anamet Electrical, Inc. (Employer) Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL -- The Plan is a defined contribution plan covering substantially all employees age 18 or older with ninety days of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS -- Employees may elect to contribute, on a pre-tax or post-tax basis, up to the I.R.C. 402(g) limit ($18,000 for the years ended December 31, 2016 and 2015) of covered compensation. Employees age 50 or over may elect to make a catch-up contribution, on a pre-tax or post-tax basis, up to the I.R.C. 414(v) limit ($6,000 for the years ended December 31, 2016 and 2015) of covered compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions made on a pre-tax or post-tax basis are subject to certain maximum limitations as defined by the IRS.

Employees may elect to have all or any portion of his or her deferral contributions and catch-up contributions treated as designated Roth contributions. For the calendar year, the maximum amount of elective contributions that an employee can designate as Roth contributions equals the maximum amount of deferral contributions and catch-up contributions according to the I.R.C. limits above, reduced by the aggregate amount of the employee's deferral contributions and catch-up contributions for the calendar year that the employee does not designate as Roth contributions.

The Employer may make matching contributions to participants during the Plan year, and the Plan Administrator determines the dates the matching contribution is allocated. For the years ended December 31, 2016 and 2015, the Employer contributed an amount equal to 50% of employee contributions up to a maximum of 4% of compensation. Each year, the Employer may also, contribute an additional discretionary amount. The Employer did not make a discretionary contribution for the years ended December 31, 2016 and 2015.

PARTICIPANT ACCOUNTS -- Each participant's account is credited with the participant's contribution, the Employer's matching contribution, and an allocation of the discretionary profit-sharing contribution and fund earnings. Allocations are based upon covered compensation or account balances as defined in the Plan agreement.

Participants may transfer amounts between funds at any time during the year. The custodian reinvests the amounts to reflect these changes. At the end of the year, the investments are presented net of any transfers in process as directed by the participants.

VESTING -- All participant contributions and income thereon are fully vested at all times. Vesting of amounts related to Employer contributions is based on years of service. A participant is 20% vested after one year, 40% vested after two years, 60% vested after three years, 80% vested after four years, and 100% vested after completion of five years of service. Employer contributions and income thereon vest immediately in the case of death, permanent disability, normal retirement, attainment of age 65, or upon termination of the Plan.

1 DESCRIPTION OF PLAN (continued)

LOANS TO PARTICIPANTS -- Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested plan account balance. The loans are secured by the balance in the participant's account and bear an interest rate of 4.75%-5.00%, which is a reasonable rate of interest based on the prevailing interest rates charged by persons in the business of lending money for loans under similar circumstances, as determined by the Plan administrator. Principal and interest is paid through payroll deductions. A loan set up fee of $125 is charged to participants requesting loans. Participants are allowed one outstanding loan at a time.

PAYMENT OF BENEFITS -- Upon termination or retirement, a participant's account can be distributed in the form of a lump-sum payment, an annuity, or may be deferred until April 1 of the calendar year next following the later of the calendar year in which the participant attains age 70 1/2 or the calendar year in which the participant retires.

FORFEITURES -- For the years ended December 31, 2016 and 2015, forfeitures may be used to first pay the reasonable expenses of administrating the Plan and then to reduce the Employer's contributions. Forfeitures amounted to $1,971 and $1,711 for the years ended December 31, 2016 and 2015, respectively. The amount of expenses paid with forfeitures were $0 and $2,349 for the years ended December 31, 2016 and 2015, respectively. The amount of forfeitures applied to reduce the contributions of the Employer were $7,036 and $0 for the years ended December 31, 2016 and 2015, respectively. The forfeiture account balance was $1,413 and $6,513 at December 31, 2016 and 2015, respectively.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION -- The accompanying financial statements of the Plan have been prepared on the accrual basis and present the net assets available for plan benefits and changes in those net assets, except for benefits, which are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION -- The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments held by an investment company are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of an investment company attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined-contribution plans.

ESTIMATES -- The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

ACCOUNTING PRONOUNCEMENTS -- In July 2015, the FASB issued new accounting guidance ASU 2015-12, *Plan Accounting, Defined Benefit Pension Plans (Topic 960), Health and Welfare Plans (Topic 965): (Part I) Fully-Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. The Plan will continue to disaggregate investments that are measured using fair value by general type; however, the Plan will no longer disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of asset. Part III is not applicable to the Plan. The Plan has adopted FASB ASU 2015-12 as of January 1, 2016. Parts I and II are to be applied retrospectively. The Plan adopted this guidance in 2016 and retrospectively adjusted the 2015 reported amounts.

RECLASSIFICATIONS -- Certain balances in the 2015 financial statements have been reclassified to conform with the 2016 presentation.

3 INVESTMENTS

The Plan has entered into a group annuity contract with John Hancock Life Insurance Company to hold the Plan's investments. Contributions may be allocated to sub-accounts which invest solely in shares of an underlying mutual fund.

The group annuity contract offers Pooled Separate Accounts with investment options (sub-accounts) that invest in mutual funds managed by unaffiliated mutual fund companies, mutual funds managed by John Hancock Investment Management Services, LLC and sub-advised by MFC Global Investment Management or unaffiliated third parties, or bank collective trusts managed by John Hancock Life Insurance Company or unaffiliated third parties.

4 FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures the fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are used only when Level 1 inputs are not available.

4 FAIR VALUE MEASUREMENTS (continued)

Level 2 Fair Value Measurements - The fair value of sub-accounts is equal to the market value of the underlying mutual funds as quoted by those funds. Investments in these accounts are represented by units and a per unit value. The unit values are calculated by John Hancock. The underlying measurements for the sub-accounts have observable (Level 1 or Level 2) inputs, including quoted prices for similar assets in active markets. While the underlying asset values are quoted prices, the net asset value of a sub-account is not publicly quoted. Accordingly, the fair value of these accounts is reported as Level 2.

	Fair Value	Significant Other Observable Inputs (Level 2)
December 31, 2016:		
Investments measured at fair value	$ 4,323,101	$ 4,323,101
Insurance company general account shares	1,417	1,417
Total investments at fair value	$ 4,324,518	$ 4,324,518
December 31, 2015:		
Investments measured at fair value	$ 3,896,574	$ 3,896,574
Insurance company general account shares	6,513	6,513

5 INVESTMENTS MANAGED BY JOHN HANCOCK LIFE INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract (John Hancock Stable Value Fund) with John Hancock Life Insurance Company. John Hancock maintains the contributions in a collective investment trust. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Investment contracts are valued at contract value principally because participants are able to transact at contract value when initiating benefit-responsive withdrawals, taking loans or making investment option transfers permitted by the participant plan. The stable value fund had a balance totaling $136,814 and $132,086 at December 31, 2016 and 2015, respectively. A benefit-responsive withdrawal includes a payment to a participant arising from retirement, termination of employment, disability or death. In the normal course, participant events are predictable (for participants as a group) such that the economic integrity of investment contracts is largely unaffected by participant withdrawals. Due to the diverse nature and number of plans invested in the Fund, the Plan Administrator believes the occurrence of an employer initiated event that would limit the ability of the Fund to transact at contract value with the participants to the Fund is not probable.

6 INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan has obtained a certification from John Hancock Life Insurance Company that all of the information provided by John Hancock Life Insurance Company is complete and accurate. The following information is included in the accompanying financial statements and was obtained from data that has been prepared and certified to as complete and accurate by John Hancock Life Insurance Company.

	2016	2015
Pooled separate accounts, at fair value	$ 4,323,101	$ 3,896,574
Pooled separate accounts, at contract value	136,814	132,086
Insurance company general account shares	1,417	6,513
Notes receivable from participants	123,844	101,848
Net appreciation (depreciation) in fair market value of investments	288,640	(40,091)
Interest on investments	419	59

7 PLAN ADMINISTRATIVE EXPENSES

Certain administrative expenses of the Plan have been paid by the Plan sponsor for the years ended December 31, 2016 and 2015, respectively. The Plan did not pay administrative expenses for participant loan processing fees, which were charged to participants' accounts.

8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested.

9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10 TAX STATUS

The Plan obtained its latest determination letter on December 5, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and the Plan continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11 PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in various John Hancock pooled separate accounts which qualify as party-in-interest transactions. In addition, Sinclair Insurance Group, third party administrator (TPA), provides investment management services to the Plan which also qualify as party-in-interest transactions. Fees paid directly to Sinclair Insurance Group by the Plan for these investment management services were $5,614 and $6,013 for the years ended December 31, 2016 and 2015, respectively. The Plan also transacts with certain parties who may perform services to the Plan. Such parties qualify as parties-in-interest.

12 SUBSEQUENT EVENTS

Subsequent events were evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued. Management believes no such events require additional disclosures.
