NOTE A - DESCRIPTION OF PLAN

The following description of the Seidner & Co., Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 70% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Plan participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers interest bearing cash, nineteen mutual funds and one collective/common trust as investment options for participants. The Company may provide discretionary matching contributions as determined annually by their board of directors. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Effective September 1, 2015, employer matching contributions were made at 100% for the first 2% of employee contributions and 50% for additional employee contributions up to 4%.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 1% over the prime rate (as printed in the Wall Street Journal) at the time the loan is taken. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over his or her life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The plan's financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under this method, investments are recorded at fair value and all other transactions are recorded on a cash basis.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain transaction fees are charged to individual participants' accounts. All other expenses of maintaining the plan are paid by the plan sponsor.

Date of Management Review

Subsequent events were evaluated through October 10, 2017 which is the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	(Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2016				
Money market cash	$ 190,572	$ 190,572		
Common/Collective Trust	191,042	191,042		
Mutual Funds	942,576	942,576		
	$ 1,324,190	$ 1,324,190		
December 31, 2015				
Money market cash	$ 180,991	$ 180,991		
Common/Collective Trust	167,641	167,641		
Mutual Funds	825,978	825,978		
	$ 1,174,610	$ 1,174,610		

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs – quoted prices in active markets for identical assets

Level 2 inputs – quoted prices in active or inactive markets for the same or similar assets

Level 3 inputs – estimates using the best information available when there is little or no market

The Plan is required to measure certain investments at fair value. The specific technique used to measure fair value for the financial element is described in the note that relate to the element.

NOTE D – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

	December 31,	
	2016	2015

Participant Loans	18,272	33,544
Investment Income (Loss)	89,877	1,599
Administrative expenses	1,085	925

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE G - TAX STATUS

The Plan, as adopted, is a standardized plan of Paychex Retirement Services. The Internal Revenue Service has determined and informed Paychex Inc. of a favorable tax determination letter and the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE A - DESCRIPTION OF PLAN

The following description of the Seidner & Co., Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 70% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Plan participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers interest bearing cash, nineteen mutual funds and one collective/common trust as investment options for participants. The Company may provide discretionary matching contributions as determined annually by their board of directors. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Effective September 1, 2015, employer matching contributions were made at 100% for the first 2% of employee contributions and 50% for additional employee contributions up to 4%.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 1% over the prime rate (as printed in the Wall Street Journal) at the time the loan is taken. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over his or her life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The plan's financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under this method, investments are recorded at fair value and all other transactions are recorded on a cash basis.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain transaction fees are charged to individual participants' accounts. All other expenses of maintaining the plan are paid by the plan sponsor.

Date of Management Review

Subsequent events were evaluated through October 10, 2017 which is the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	(Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2016				
Money market cash	$ 190,572	$ 190,572		
Common/Collective Trust	191,042	191,042		
Mutual Funds	942,576	942,576		
	$ 1,324,190	$ 1,324,190		
December 31, 2015				
Money market cash	$ 180,991	$ 180,991		
Common/Collective Trust	167,641	167,641		
Mutual Funds	825,978	825,978		
	$ 1,174,610	$ 1,174,610		

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs – quoted prices in active markets for identical assets

Level 2 inputs – quoted prices in active or inactive markets for the same or similar assets

Level 3 inputs – estimates using the best information available when there is little or no market

The Plan is required to measure certain investments at fair value. The specific technique used to measure fair value for the financial element is described in the note that relate to the element.

In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE G - TAX STATUS

The Plan, as adopted, is a standardized plan of Paychex Retirement Services. The Internal Revenue Service has determined and informed Paychex Inc. of a favorable tax determination letter and the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
