General – The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is funded by employee and employer contributions and covers all full-time and regular part-time employees of Try-It Distributing Co., Inc. (the "Company" or "Plan Sponsor"), its wholly-owned subsidiaries Balkan Beverage, LLC and Saratoga Eagle Sales & Service, Inc. and its affiliates Eagle Associates of WNY, Inc. and Eagle Associates of Niagara Frontier, Inc., who are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's administrative expenses are paid by the Plan Sponsor.

Contributions – Participants may make contributions to the Plan in the form of salary deductions of up to 75% of their compensation. Participant contributions are limited by the maximum allowable contribution under the IRC. The Plan also has a provision for employer matching contributions, whereby the Company will match 25% of employee contributions up to a maximum of $1,000 for each participant. The Company may also make a discretionary profit sharing contribution and the amount may vary from year to year. This contribution is determined at year-end by the Board of Directors. In order to share in the discretionary contribution, an employee must be employed on the last day of the Plan year and have completed one year of service as defined by the Plan.

Vesting – Participants are immediately vested in both their voluntary contributions and Company matching contributions and the earnings thereon. Vesting in the discretionary profit sharing contributions, and earnings thereon, are based on a graded vesting schedule with participants 100% vested after six years.

Forfeitures – Forfeitures for profit sharing contributions may first be used to reduce employer contributions, then used to pay administrative expenses of the Plan which would otherwise be paid by the Company, and then allocated to participants in the ratio which the compensation of each participant for the plan year bears to the total compensation for the plan year of all participants otherwise entitled to share in the employer contributions. There were no forfeitures available as of December 31, 2016 and 2015.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the employer contributions and Plan earnings. Allocations of earnings are based on participant account balances.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants shall become 100% vested and entitled to the amount of their account at the date of such termination.

1. PLAN DESCRIPTION (continued)

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participants' contributions. The Plan distributed the 2016 excess contributions to the applicable participant prior to March 15, 2017.

Payment of Benefits – Employees are eligible for retirement at normal retirement age 65 or early retirement age 55. Benefits are determined by the final value of the participant's account at the time of retirement, termination or death. Various payment options are available upon retirement including lump-sum cash or minimum distribution installments.

Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's normal retirement date or actual retirement date. Distributions are also permitted in the event of financial hardship, as defined by the Plan. In addition, in-service distributions may be made from any of the participant's vested accounts at any time upon or after the participant attains age 59 ½.

Transfer In – During 2015, union employee balances from the NYS Teamsters Council Pension and Retirement Fund were merged into the Plan, resulting in a transfer in of net assets into the Plan totaling $1,434,420.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments – The Plan establishes a fair value based on a hierarchy which identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded, on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded, on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2016 and 2015:

Mutual funds: Valued based on the net asset values of the shares held by the Plan at year end.

Common collective trusts: Are fully benefit-responsive and are valued based on the net asset values ("NAV") of the underlying investments in the funds. The common collective trusts have been measured at fair value using the NAV practical expedient as of December 31, 2016 and 2015.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through October 3, 2017, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures (as discussed in Note 2). The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value, with the exception of the common collective trusts that are measured at fair value using the NAV practical expedient. The fair value of the common collective trusts is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

	2016	2015
Level 1:		
Mutual funds	$ 20,502,126	$ 18,090,744
Investments measured at net asset value:		
Common collective trusts	3,434,906	3,641,139
Total investments at fair value	$ 23,937,032	$ 21,731,883

4. PARTY IN INTEREST TRANSACTIONS

Certain investments are shares of mutual funds managed by BlackRock, Inc., an affiliate of Merrill Lynch Trust Company, FSB ("Merrill Lynch"), which is a wholly-owned subsidiary of Bank of America, N.A. ("Bank of America"). As Bank of America is the Plan trustee as defined in the Plan document, these transactions qualify as party in interest transactions.

5. INCOME TAX STATUS

The Plan is utilizing a prototype plan which received a favorable determination letter from the IRS stating that the Plan is qualified under applicable sections of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan was amended subsequent to the IRS determination letter. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust income is tax exempt.
