Intelius, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Intelius, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, which is sponsored by Intelius, Inc. (the “Company”), provides certain benefits Company employees. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (“IRC”). The purpose of the Plan is to enable employees to save for retirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance

Eligibility

All Company employees who attain the age of 21 are eligible to participate in the Plan and may join effective the first day of the month following the date of hire.

Contributions

Participants may elect to make pre-tax and Roth (after-tax) contributions based on a percentage of their eligible compensation, as defined in the Plan agreement, subject to certain Internal Revenue Service (IRS) limitations, which for 2016 were \$18,000 for participants; additional catch-up contributions of \$6,000 were permitted for participants who attained age 50 before the end of the Plan year. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes employer matching contributions up to 4% of each participant’s eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and employer contributions, Plan earnings less any participant and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their contributions and employer matching contributions, plus actual earnings thereon.

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of a participant's vested account balance. All notes must be repaid over a term not to exceed five years, unless the note is for the purchase of a primary residence, in which case the note may be for a maximum of up to 10 years. Participants are allowed only one outstanding note at a time; principal and interest are paid ratably through payroll deductions. Notes are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator. Interest rates ranged between 4.25% to 4.50% for loans held by the Plan as of December 31, 2016 and 2015.

Payment of Benefits

Participants may withdraw the vested value of their accounts upon retirement, disability, death, or termination of employment. Participants may elect to receive a lump sum amount equal to the value of the vested interest in their account. The Plan also allows hardship withdrawals to participants meeting certain criteria. Upon execution of a hardship withdrawal, participant deferrals are suspended for a period of six months.

Upon termination, if the participant's vested benefit under the Plan does not exceed \$1,000, then the Plan Administrator may direct the trustee to make a single lump sum distribution to the participant without prior written consent. If the vested benefit under the Plan exceeds \$1,000, then the participant must consent to the distribution before it may be made.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-requested services are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

Risks and Uncertainties

The Plan allows participants to direct their balances into various investment options offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investments could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at amortized cost, plus any accrued and unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient*.

Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile contract value to fair value on the face of the financial statements.

Part II eliminates the requirements for plans to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. Part II also requires that investments be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in *Topic 820* and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

Part III provides a practical expedient to permit plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The ASU is effective for fiscal years beginning after December 15, 2015. Retrospective application is required for items I and II, however, only prospective application is allowed for item III. The Company adopted Part II of these provisions effective January 1, 2016. Parts I and III of the ASU have no impact on the Plan's financial statements.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and the supplemental schedule of assets (held at year end) is complete and accurate.

<i>December 31,</i>	2016	2015
Investments at fair value	\$ 7,163,492	\$ 7,474,967
<i>Year ended December 31,</i>	2016	
Interest and dividends	\$	261,404
Net appreciation in fair value of investments		304,615
Total Net Investment Income	\$	566,019

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market funds are stated at cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The tables below set forth by level within the fair value hierarchy the Plan investments as of December 31, 2016 and 2015:

Investment Assets at Fair Value at December 31, 2016

5. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the trustee were \$3,526 for the year ended December 31, 2016.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their employer matching contributions.

7. Income Tax Status

In a letter furnished to the Plan recordkeeper dated March 31, 2008, the Internal Revenue Service determined that the prototype of the plan used to develop the Plan is acceptable under the applicable sections of the IRC for use by employers for the benefit of their employees. The Company adopted the prototype plan and the Plan has since been amended. However, the Plan administrator believes that the Plan is designed and currently operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Prohibited Transactions - Delinquent Transmittal

During the year ended December 31, 2015, the Plan Sponsor identified one late participant deferral. The late remittance is included in the Supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2015, which has been attached as a Supplemental Schedule to these financial statements.

During 2016, the Plan Sponsor corrected the participant and employer match missed contributions through the IRS Self Correction Program utilizing the Voluntary Fiduciary Correction Program Online Calculator. The Plan Sponsor has further implemented procedures to help ensure all future remittances are made within the prescribed time-period.
