PAN AM EQUITIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

1. DESCRIPTION OF PLAN

The following description of Pan Am Equities, Inc. 401(k) Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, refer to the agreement governing the Plan (the "Plan Document").

General

The Plan is a defined contribution plan established on January 1, 1987, covering eligible employees of Pan Am Equities, Inc. (the "Plan Sponsor") and Kimberly Hotel and New York Health and Racquet Club (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986 ("IRC"), as amended. Voya Retirement Insurance and Annuity Company (the "Custodian") serves as custodian to the Plan.

Eligibility

Employees are eligible to participate in the 401(k) portion and Company match portion of the Plan when they have completed one year of service and have attained 21 years of age. However, the participant's entry date will be the first day of the Plan year quarter following their eligibility.

Contributions

Participants may contribute up to 100% of their annual compensation, as defined in the Plan, subject to limits specified under IRC Sections 401(k), 404 and 415. Participants may also contribute amounts representing distributions from other qualified plans.

In 2015, the Plan provided for a matching contribution equal to 20% of the employee's deferral amount up to $5,000. The maximum match could not exceed $1,000. Effective January 1, 2016, the Plan provides for a matching contribution equal to 100% of the employee's deferral amount up to 2% of the employee's compensation, plus 50% of the employee's deferral amount, up to the next 2% of the employee's compensation. The maximum match cannot exceed $5,000.

The Plan also includes an option for the Company to provide eligible employees with a discretionary profit-sharing contribution on an annual basis. In order to share in the profit sharing, eligible employees must be employed on the last day of the Plan year and have completed a year of service during the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts an amount not to exceed the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. At December 31, 2016 and 2015, the interest rate on outstanding loans ranged from 4.25% - 4.50%, maturing on various dates through December 2021. Principal and interest are repaid ratably through semi-monthly payroll deductions.

1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants (Continued)

If a participant fails to make a payment when the note is due under the terms of the note, that participant will be in default. In the event of default, the note shall become due and payable immediately, and interest will continue to accrue until the entire note balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the note. Under certain circumstances, the note in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a note will reduce the benefit a participant would otherwise be entitled to from the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and any income or loss thereon. Participants begin to vest in the Company contributions based on the following schedule:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures of the Plan Sponsor's discretionary contributions are used first to pay for the administrative expenses of the Plan and then to reduce employer contributions. At December 31, 2016 and 2015, forfeited nonvested accounts totaled $1,583 and $838, respectively. During the years ended December 31, 2016 and 2015, the Plan Sponsor used approximately $1,000 and $500 of available forfeitures to reduce the administrative expenses of the Plan, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable balances are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for a discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The investments in pooled separate accounts are valued at the net asset value (the "NAV") per unit as determined by the Custodian at year end. The NAV is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under this standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurement (Continued)

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Payment of Benefits

Benefits are recorded when paid to participants.

Plan Expenses

Substantially all administrative expenses are paid by the Company.

Recently Adopted Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate New Asset Value per Share* ("ASU 2015-07"). The new guidance removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Investments that are measured at net asset value per share (or its equivalent) but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with related required disclosures. The update also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan elected to early-adopt ASU 2015-07 as of December 31, 2015, as permitted, and has applied the provisions of ASU 2015-07 retrospectively, as required.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"), which simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts, including common collective trust assets and pooled separate accounts. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recently Adopted Accounting Pronouncements (Continued)

Furthermore, the disclosure of the information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan elected to early-adopt ASU 2015-12, Parts I and II as of December 31, 2015, and has applied the provisions of ASU 2015-12 retrospectively, as required.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated subsequent events through October 5, 2017, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. INVESTMENT IN INSURANCE CONTRACT

As of December 31, 2016 and 2015, the Plan maintained an investment option in the Voya Fixed Account, which is a guaranteed investment contract ("GIC"). The contract underlying this investment option is considered to be fully benefit-responsive in accordance with ASC Topic 962. As of December 31, 2016 and 2015, the contract value of the investment in the Voya Fixed Account was $2,581,044 and $2,207,577, respectively.

The average yield based on actual interest credited to participants for the contract for the years ended December 31, 2016 and 2015, was 2.00% and 3.00%, respectively. The crediting interest rate to participants for the contract as of December 31, 2016 and 2015, was 2.00% and 3.00%, respectively. The guaranteed minimum crediting interest rate for the contract for the years ended December 31, 2016 and 2015, was 2.00% and 3.00%, respectively.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision; or (c) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe the occurrence of any such event would limit the Plan's ability to transact at contract value with participants. Therefore, management of the Plan has determined that the GIC is fully benefit-responsive.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their account balance.

6. TAX STATUS

The Plan is a prototype plan that is intended to operate as a qualified tax-exempt plan under the appropriate sections of the IRC. The Plan's third-party administrator has provided the Company with a copy of a letter from the Internal Revenue Service ("IRS") dated March 31, 2014, in which the IRS determined and informed the third-party administrator that the prototype plan, as designed, was in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) of the IRC and is exempt from federal income taxes under Section 501(a) of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Although the Plan has been amended since the third-party administrator received the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

7. PROHIBITED TRANSACTIONS

During the years ended December 31, 2016 and 2015, the Company was delinquent in remitting to the Custodian certain employee contributions totaling $15,310 and $2,011, respectively, within the time period set forth in ERISA Section 2510.3-102. All such delinquent participant contributions have been remitted to the Plan. The Company intends on making a contribution to the affected participant accounts to compensate for potential lost income due to the delays. The amount has not yet been determined, but the Company does not expect it to be material.

8. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the table below. The valuation techniques are as follows:

(a) *Market approach* - Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;

(b) *Cost approach* - Amount that would be required to replace the service capacity of an asset (replacement cost); and

(c) *Income approach* - Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

8. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's assets measured at fair value on a recurring basis, categorized by GAAP's valuation hierarchy as of December 31, 2016 and 2015:

	Fair Value at December 31, 2016	Level 1	Level 2	Level 3	Valuation Technique
Participant-directed brokerage accounts	$ 418,268	$ 418,268	$ -	$ -	(a)

Investments measured at net asset value[1]	9,947,996				
Total investments at fair value	$ 10,302,357				

[1] Includes pooled separate accounts which are measured at NAV as a practical expedient and not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statements of net assets available for benefits.

During the years ended December 31, 2016 and 2015, there were no transfers between levels of the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Participant-directed brokerage accounts: The self-directed brokerage account allows participants the opportunity to invest in a wide array of individual securities including stocks, corporate bonds, zero-coupon bonds, U.S. Treasury securities, mortgage securities and U.S. government agency bonds, certificates of deposit, unit investment trusts, foreign securities, exchange-traded funds and mutual funds, which are primarily valued using the methodologies described above for the Plan's investments in cash and cash equivalents, common stocks, debt and mutual funds.

Pooled separate accounts: Valued using the NAV provided by the Custodian. The NAV is based on the value of the underlying assets owned by the trust minus its liabilities and then divided by the number of shares outstanding.

9. NET ASSET VALUE PER SHARE

The following tables set forth a summary of the Plan's investments with a reported NAV per share at December 31, 2016 and 2015:
