Design Molded Plastics, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2016 and 2015

A. PLAN DESCRIPTION

The following description of the Design Molded Plastics, Inc. 401(k) Plan (the "Plan") sponsored by Design Molded Plastics, Inc. (the "Company" and "Plan Sponsor") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan, effective as of February 1, 2004, is a defined contribution plan with an Internal Revenue Code ("IRC") Section 401(k) arrangement which covers substantially all eligible employees who have attained age 21 and completed two months of service, except collective bargaining employees and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is the Plan's administrator. The Plan was restated effective January 1, 2016.

Contributions - Contributions to the Plan include both employee salary deferrals and employer contributions. Each year, subject to the IRC 402(g) limit, participants may contribute from 1% to a maximum of 100% of their annual compensation on a pre-tax or post-tax ("Roth") basis. The Plan does not automatically enroll participants. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan Sponsor may be required to limit contributions of certain employees to comply with the IRC.

The types of employer contributions are as follows:

Matching Contributions

The Plan requires the Plan Sponsor to match a portion of each participant's salary deferrals. For the years presented, the Company matched 100% of each dollar of contributions up to 3% of participants' annual compensation. Catch-up contributions are eligible for the match.

Discretionary Profit Sharing Contribution

The Plan Sponsor may make a discretionary profit sharing contribution. All eligible employees who have attained the age of 21 and have performed 1,000 hours of service in the Plan year and are employed at year end are eligible to participate. The Company did not make discretionary contributions for the years ended December 31, 2016 and 2015.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each eligible participant's account is credited with the participant's deferral contributions, employer matching contributions, allocation of the Company's discretionary contributions, rollover contributions, investment earnings thereon, and charged an allocation of administrative expenses. Allocations of administrative expenses may be charged based on participant account balances or may be charged equally to each participant. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct their contributions to the investment options offered by the Plan. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their deferral contributions, rollover contributions and actual earnings thereon. Employer contributions are vested on a graded schedule based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants - Participants may borrow from their salary deferral accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested balance. The note is secured by the balance in the participant's account. The loan bears interest at a rate determined at the time the loan is taken based on prime rate plus 1% (4.75% and 4.50% at December 31, 2016 and 2015, respectively). Principal and interest are paid ratably through payroll deductions.

Notes to the Financial Statements
December 31, 2016 and 2015

Payment of Benefits - Upon termination of service, death, disability, retirement, or other reasons, a participant may elect to receive his or her account balance as a lump-sum payment or in periodic installments, as defined. The Plan Administrator may automatically make a lump-sum distribution for account balances less than \$5,000. Participants terminated are entitled to receive their benefits as soon as administratively feasible. Distributions from a participant's account may be authorized at any time by the Plan Administrator under certain hardship conditions.

Forfeited Accounts - Unvested amounts forfeited by terminated participants may be used by the Plan for the payment of Plan expenses, reduction of employer matching contribution, or reduction of discretionary profit sharing contribution. Re-allocated forfeitures totaled \$3,277 and \$10,082 for the years ended December 31, 2016 and 2015, respectively.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are held in a trust and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the Plan document.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid from the Plan. Fees attributable to distributions and deferred payouts are paid by the participants. All other expenses of maintaining the Plan are paid by the Company. Investment related expenses are included in net appreciation of fair value of investments.

Recently Issued Accounting Standards - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820), to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient as well as to remove the

requirement to make certain disclosures for all investments that are eligible to be measured at fair using the net asset value per share practical expedient. The guidance is to be applied retrospectively and is effective for annual periods beginning after December 15, 2016, with early application permitted.

In July 2015, the FASB issued ASU 2015-12, *Defined Contribution Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient*. Part I removes the requirement to measure fully benefit-responsive investment contracts at fair value, with an adjustment to contract value and permits fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II removes the requirement to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The guidance in Part I and II is to be applied retrospectively. The guidance in Part III is to be applied prospectively. The guidance in Parts I, II and III is effective for annual periods beginning after December 15, 2016, with early application permitted.

The Plan Administrator has elected to apply the applicable sections of the guidance described above to the Plan's financial statements as of and for the years ended December 31, 2016 and 2015.

C. INFORMATION CERTIFIED BY THE CUSTODIAN

The Company has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Matrix, the custodian.

Matrix has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

Matrix has certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2016.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Design Molded Plastics, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2016 and 2015

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: The shares of the money market fund are valued in accordance with Securities and Exchange Commission Investment Company Act of 1940 regulations, restricting investments of a money market fund and permitting the penny-rounding method, which enables the fund to maintain a constant NAV of \$1.00 per share.

Common/collective trust fund: Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016		
	Level 1	Total

E. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Elsass Financial Group. Elsass Financial Group is the investment advisor for the Plan and, therefore, these transactions qualify as party in interest transactions.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

G. FEDERAL INCOME TAX STATUS

The Plan has adopted a volume submitter plan provided by FT William. FT William has received an opinion letter, dated March 31, 2014, from the IRS. The opinion letter states that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan Administrator believes that the Plan is currently being operated in compliance with the volume submitter plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to the Financial Statements
December 31, 2016 and 2015

I. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 11, 2017, the date that the Plan's annual financial statements were available to be issued.

Effective June 29, 2017, the Plan was amended to allow for the quarterly allocation of employer matching contributions, to remove the last day requirement for participants to receive an employer matching contribution and to change trustees.
