Note A. Description of Plan

The following description of the Gold Standard Enterprises, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Gold Standard Enterprises, Inc. (the "Company") (the Plan sponsor) who have completed the requisite number of hours (500 or 1,000) within the specified amount of time (generally six months for new hires and one year for all others), and are age twenty-one or older. Eligible participants may enroll during two enrollment periods (January 1st and July 1st). The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

At December 31, 2014, the custodian of the Plan's assets was Great-West Life & Annuity Insurance Company ("Great-West"). During June 2015, the Plan sponsor executed an Adoption Agreement for the Transamerica Retirement Solutions Corporation Volume Submitter Plan with Transamerica Retirement Solutions ("Transamerica") which amended and restated the Plan. Transamerica became the record keeper of the Plan at that time and effectively became a trustee. All of the assets of the Plan were then transferred from Great-West to Reliance Trust Company, the new custodian created under a separate Directed Trustee Agreement, with the exception of the investment contracts held by Great-West (balance of $1,000,825 at December 31, 2015). Pursuant to the terms of the related contracts, Great-West exercised its right to defer payment for a period of twelve months from the contracts' termination date. The final transfer from Great-West to Transamerica occurred on June 28, 2016 in the amount of $870,749.

Investments

All investments are participant-directed. The Plan offers twenty-five mutual funds and a stable value fund as investment options for participants. A participant may maintain their entire account in one of the investment options or may elect to split their account among the investment funds in accordance with the terms of the Plan.

Contributions

Each year, participants may contribute any amount of pretax annual compensation, subject to certain Internal Revenue Code ("IRC") limitations, as defined in the Plan. Participants may also make Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. For the year ended December 31, 2016, the Company made a discretionary matching contribution of 50 percent of the first six percent of eligible compensation that participants contributed to the Plan, including catch-up contributions. Participants receiving matching contributions were required to work at least 500 hours during the Plan year and be employed on December 31st. The matching contributions are invested in the same investments chosen by the participant for their contributions at the time the matching contributions are made. Discretionary contributions are subject to certain IRC limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's discretionary contributions, and credited or charged with the Plan earnings/losses and plan expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A. Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service as follows:

Years of Service	Vesting %
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

On termination of service due to death, disability, retirement, or other termination of employment, a participant or his/her beneficiary may elect to receive a lump sum equal to the value of the participant's vested interest in his or her account. Benefits will also be paid to a participant or beneficiary who is required to receive lifetime required minimum distributions (RMD) and may receive the distributions payable in monthly, quarterly, semi-annual or annual installments equal to or exceeding the annual RMD amount.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $9,687 and $7,473, respectively. These accounts will be used to reduce the Company's future match contribution. All of the allocable forfeitures of $9,232 and $7,470 in 2016 and 2015, respectively, were used to reduce the Company's matching contribution.

Note B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B. Summary of Accounting Policies (continued)

Payment of Benefits
Benefits are recorded when paid.

Plan Expenses
Plan expenses (i.e., not participant specific expenses) are paid by the Plan, with the exception of the audit fee. The audit fee is paid directly by the Plan's sponsor and is excluded from these financial statements. Investment related expenses are included in the net appreciation or depreciation of fair value of investments.

During 2016, the Plan established an Expense Budget Account ("EBA"), for the purpose of paying plan expenses. The EBA is considered a Plan asset and is held by State Street Bank and Trust Company. For financial reporting, deposits to the EBA are included as "Other income" in the accompanying statement of changes in net assets available for benefits, and amounted to $14,307 for the year ended December 31, 2016. The balance in the EBA is $8,060 at December 31, 2016.

Note C. Recently Adopted Accounting Pronouncements

Effective January 1, 2016, the Plan adopted ASU No. 2015-12, "*Part II: Plan Investment Disclosures*" ("ASU No. 2015-12"). This update simplifies the required disclosures related to employee benefit plans. Part II eliminates the requirement to disclose (i) individual investments which comprise 5 percent or more of net assets available for benefits and (ii) the net appreciation or depreciation for investments by general type. Part II requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks.

The updated guidance was adopted retrospectively. As a result of the adoption of Part II of ASU 2015-12, these Notes to Financial Statements have been retrospectively adjusted to reflect the simplifications permitted by ASU 2015- 12.

Note D. Fair Value Measurements

ASC 820, "*Fair Value Measurements"*, the framework for measuring fair value, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note D. Fair Value Measurements (continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Mutual Funds: Valued at the daily closing price of shares held by the Plan as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Valued by Transamerica, the stable value fund (the "Fund") objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. To achieve this, the Fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

Unallocated Investment Contracts (December 31, 2015 only): Valued by Great-West at fair value which approximates contract value based on the valuation formula of similar annuity contracts with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	2016		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Significant Other Observable Inputs (Level 2)**	**Total**
Mutual Funds	**$ 11,778,370**	**$ -**	**$ 11,778,370**
Stable Value Fund	**-**	**1,006,174**	**1,006,174**
Total Assets at Fair Value	**$ 11,778,370**	**$ 1,006,174**	**$ 12,784,544**

	2015		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total
Mutual Funds	$ 10,000,378	$ -	$ 10,000,378
Stable Value Fund	-	180,607	180,607
Unallocated Investment Contracts	-	1,000,825	1,000,825
Total Assets at Fair Value	$ 10,000,378	$ 1,181,432	$ 11,181,810

The Plan did not have any investments valued using Level 3 inputs at December 31, 2016 and 2015.

Note E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company contribution portion of their account.

Note F. Information Prepared and Certified By Custodian and Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Transamerica (trustee) and Great-West (custodian) (see Note A):

	2016	2015
Investments	**$ 12,776,484**	$ 11,181,810
Investment Income -		
Net appreciation (depreciation) in fair value of investments	**751,389**	(367,328)
Interest/Dividends	**307,519**	357,641
Administrative expenses	**53,855**	32,825

Note G. Tax Status

The Plan, via the Adoption Agreement for the Transamerica Retirement Solutions Corporation Volume Submitter Plan (see Note A), is a volume submitter profit sharing plan sponsored by Transamerica Retirement Solutions. The volume submitter profit sharing plan obtained its latest opinion letter on April 2, 2012, by which the Internal Revenue Service ("IRS") has determined and informed the Company (upon adoption) that the Plan and related trust, as then designed, were designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Prior to the aforementioned Adoption Agreement for the Transamerica Retirement Solutions Corporation Volume Submitter Plan, the IRS had determined and informed the Company by a letter dated March 31, 2008, that the Prototype Plan and related trust were designed in accordance with applicable sections of the IRC. Although the Plan was amended since receiving the determination letter, the Plan administrator believed that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and, therefore, believed that the Plan was qualified and the related trust was tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor and/or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015 to the Form 5500:

	2016	2015

Accrued expense	**6,250**	-
Net assets available for benefits per the Form 5500	**$ 12,792,604**	$ 11,181,810

The following is a reconciliation of contributions received per the financial statements for the year ended December 31, 2016 to the Form 5500.

	Participant	Employer	Rollover
Contributions per financial statements	$ 1,042,376	$ 358,674	$ 8,418
Add:			
Contributions accrued - prior year	34,958	360,895	-

Contributions accrued - current year	(8,784)	(358,674)	-
Contributions per the Form 5500	$ 1,068,550	$ 360,895	$ 8,418

Note I. Reconciliation of Financial Statements to Form 5500 (continued)

These differences relate to the fact that the financial statements were prepared using the accrual method and the Form 5500 was prepared using the cash method.

Note J. Related-Party Transactions

Prior to the switch of custodians/trustees (see Note A), certain Plan investments were shares of mutual funds managed by Great-West. In addition, the Plan held unallocated contracts with Great-West, of which Great-West was the custodian at December 31, 2015.

Contract administrator fees paid by the Plan to Great-West and Transamerica totaled $53,855. Investment advisor fees incurred by the Plan amounted to $12,500, of which $6,250 is payable at December 31, 2016.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note K. Subsequent Events

Subsequent events have been evaluated through October 10, 2017, which is the date financial statements were available to be issued.
